GEN. MEYER SUED

FOR POSSESSION OF VALUABLE
LAND AT KLAMATH FALLS—
TWO MEN GET AWAY WITH

FROM A PITTSBURG BANK—
(United Press Leased Wire.)
Washington, March 27.—Dismis-
sal by court-martial of Dr. J. M.
Moore, chief surgeon of the battle-
ship Kansas, until the arrival of Ev-
ans' armada at Magdalena bay, has
created no end of comment in naval
circles. The charge upon which Dr.
Moore was dismissed was intoxica-
tion and conduct prejudicial to good
order and discipline. The court sat
during the voyage from Callao to
Magdalena, and upon arrival at that
port Dr. Moore was served with a

HARRIMAN SLATED TO RETIRE

A CONSOLIDATION

HIS NETWORK TO INCLUDE SEV-
ERAL ATLANTIC COAST LINES
—JIM HILL SAYS THE POOR
RAILROADS CAN HARDLY PAY
(United Press Leased Wire.)
New York, March 27.—Rumors
originating prior to the last annual
meeting of the Union Pacific rail-
road regarding the early retirement
of E. H. Harriman, as president of
the company, have been revived. It
is now said that Harriman will be-
come the head of the board of direc-
tors, and that his place as president
will be taken by Charles S. Mellen,
president of the New York, New
Haven & Hartford railroad. Mellen,
in turn, the rumor says, will be suc-
ceeded on the Eastern line by Lu-
cius Tuttle, now president of the

MINORITY TO IMPEACH PRESIDENT

OVER WILFLEY CASE

JUDGE WHO HAD TROUBLE IN
FEDERAL COURT AT SHANG-
HAI—CANNON, OF ILLINOIS,
MAY MEET HIS FIRST POLITIC-
AL KNOCKOUT AT HANDS OF
THE OLD IOWA FIGHTER, PETE
HEPBURN.
(United Press Leased Wire.)
Washington, March 27.—John
Sharp Williams, minority leader of
the house, hinted strongly that he
intends to bring impeachment pro-
ceedings against President Roose-
velt in a speech today on the Wilfley
incident.
Williams' statement followed the
report that the President had taken
to task members of the judiciary
committee for the criticism they
had leveled at Judge Wilfley for his
conduct of the United States court at
Shanghai.
"If these charges prove true,"
"If these charges against the Pres-
ident prove true," declared Williams
on the floor, "I will introduce a res-
olution calling for a thorough in-
vestigation of this intrusion of the
President of the United States on
the rights of the members of this
house."
Cannon vs. Hepburn.
Behind the conflict that Speaker
Cannon and Representative Hepburn,
of Iowa, are waging over the admin-
istration's bill to amend the Sherman
anti-trust law is a fight which may
give the house a new speaker the
next congress.
Speaker Cannon has been observ-
ing the rise of the Hepburn star in
many instances, and it is said that
he realizes that it must be snuffed
right. Therefore, the wise ones say,
he has taken advantage of the oppor-
tunity afforded by the fight over

STANFORD STUDENT WALKOUT

AN IMPROBABILITY

MAJORITY SAID TO BE PRE-
PARING TO BACK DOWN—
THERE WILL PROBABLY BE A
BREAKDOWN OF THE REBEL-
LION AGAINST THE profes-
SORS—LEADERS WHO GRADU-
ATE IN SIX WEEKS WILL
LEAVE.
Stanford University, Cal., March
27.—A walk-out of student sym-
pathizers of their suspended brothers
now seems improbable. With the
passage of time there has come quite
a change in sentiment, and many of
those who, two days ago, were in fa-
vor of packing up and leaving with-
out further ceremony, have decided
that nothing can be gained by a walk-
out, and that the best policy is to re-
main and make the best of condi-
tions.
The petition calling for a walk-
out was not circulated this morning,
and those in charge of it refused to
say how many of the desired 250
names had been secured.
A meeting of the signers was held
this morning to consider the advan-
tability of walking out, whether or
not enough signatures were secured.
The meeting adjourned until 5 o'clock
this evening without taking action.
There was a noticeable absence of
the radical sentiment displayed at
Thursday's meeting, and it is quite
evident that the majority are pre-
paring to back down.
That some will leave, no matter
what the decision of the majority, is
a foregone conclusion. Kenneth
Fenton, the captain of the 'varsity
baseball team, who, in an address to
the student body on Thursday refer-
red to the student affairs commit-
tee as a "bunch of skunks," is sure
to leave, as well as a number of oth-
ers, who think as he does.

formal notice of dismissal, and or-
dered to leave the fleet at once.
Cabinet Member Sued.
Portland, Or., March 27.—George
L. Meyer, postmaster-general of the
United States, and former ambas-
sador to Italy, is a defendant in two
suits involving 1200 acres of land,
which are being heard by Judge
Wolverton, in the United States cir-
cuit court today. Mr. Meyer is re-
presented by F. H. Mills, of Klamath
Falls, Or. The plaintiffs are the Hot
Springs Improvement Company and
William A. Wright.
The two plaintiffs and Mr. Meyer
got the land by court proceedings,
and the case which Judge Wolverton
is hearing today is a suit in equity to
determine, if possible, who is en-
titled to the land involved. The land
in question is in Klamath county,
near Klamath Falls, Oregon.

Bank Officers Arrested.
Pittsburg, March 27.—Charged
with stealing from the Farmers' De-
posit National Bank the sum of \$1-
065,000, Henry Reiber, teller, and
John Young, auditor of the institu-
tion, have been placed under arrest,
pending a further investigation.
The expert accountants who have
charge of the books, intimate that
there are indications that the steal
may amount to \$2,000,000. Bank
Examiner Polds stated this after-
noon, however, that the bank's loss
probably would not run over \$400-
000.
The two accused men, through
their attorneys, are making efforts
to be released on bail, but in view of
the startling revelations that are
promised, it is not thought that they
will be successful.

Boston & Maine. The consolidation
of these two roads is part of the
general plan covered by the reports
now in circulation.
New York, March 27.—Much in-
terest and comment has been caused
here by an interview given out by
James J. Hill, the railway magnate,
in optimistic statement made a few
days ago by Chairman Lane, of the
Interstate Commerce Commission, in
which the commissioner stated that
statistics furnished by the railroads
themselves indicated that the losses
recently sustained by the roads were
largely exaggerated.
"Keep Mr. Lane's article before
you, then follow the account of rail-
way affairs for the next three months
daily, and see how the facts and the
optimistic views compare with each
other," said Hill.
"The facts will speak loudly
enough for themselves. The rail-
roads generally are not earning
enough to keep their employes and
are compelled to lay thousands of
them off.
"It is too heavy a draft on opti-
mism to see things in a bright light."

Harriman Has Resigned.
Portland, Or., March 27.—In a
special dispatch from New York the
Evening Journal reports today the
resignation of E. H. Harriman from
the presidency of the Union Pacific.

New York, March 27.—Edward H.
