### JAPAN IS TRYING TO FORCE WAR

### GRAVATING CHINA

THE KINGDOM IS WORRIED BY RUSSO-AMERICAN NEGOTIATIONS AND FEARS UNREST OVER MANCHURIA.

(United Press Leased Wire.)  
April 8.—That Japan is forcing China into an armed struggle rather than to arrive at a settlement of the dispute with Chinese officials. This opinion is based on Japanese Hayashi's unyielding attitude has the appearance of being assumed for the purpose of driving China to a point of no return. (Continued on page five.)

### FAMOUS ACTRESS INVOLVED IN DIVORCE SUIT

THE BEAUTIFUL ACTRESS FOR THE FIRST TIME DURING HER STAGE CAREER IS NOW CONNECTED WITH A SCANDAL.

(United Press Leased Wire.)  
New York, April 8.—Player folk and theater-goers were astounded this morning when they learned that Julia Marlowe, the famous actress, had been named as co-respondent in the suit for divorce instituted at Salem, Mass., by Mrs. Clara von Herrman, the well-known newspaper and magazine writer. Miss Marlowe's intimate friends declare that the charges against her are un-

### ANARCHISTS PREPARE TO ORGANIZE

### GOV'T GETS BUSY

DETERMINES TO STAMP OUT ANARCHY AND WILL DEPORT MAGAZINE PUBLISHERS WHO ARE NOT NATURALIZED.

(United Press Leased Wire.)  
Washington, April 8.—The United States government is determined to stamp out anarchy. Recent outrages have served to bring the matter to a climax, making it clear also that through the federal power alone anarchy be successfully dealt with. Paradoxically enough, anarchistic leaders are advocating "organization" of their forces to combat the efforts of the government whereas one of the principal tenets of their creed is "no organization." Postoffice inspectors, co-operating with the secret service, will investigate the antecedents of the men publishing anarchistic magazines in this country. If it is found that they are not naturalized citizens, and have been in the United States less than three years, the department of commerce and labor will be informed, and, in accordance with the recent order of Secretary Straus, they will be deported.

W. P. Hazen, formerly a secret service official, is now engaged in running down anarchistic criminals for the department of commerce and labor. It is understood that he is giving particular attention to the band of which Alexander Berkman is the head, "the Anarchist Federation Union," a membership card in which was found on Silverstein, the bomb thrower in the recent Union Square riot in New York.

In addition to these activities, President Roosevelt has received from the department of justice recommendations for additional legislation whereby the federal government may better cope with the situation. It is the close affiliation of anarchists in widely separated sections of the country that makes the movement dangerous. Heretofore the scattered anarchists were not considered a great menace, but with the formation of a definite force against law and order, the federal government sees the necessity of laying a heavy hand upon the whole cult.

A precedent was recently established by the postmaster general in debarring La Question Sociale, an anarchistic publication of Paterson, N. J., from the United States mail. This means that the government hereafter will exercise supervision over the red's literature. Under direction of Postmaster General Meyer, Third Assistant Postmaster General Lawhe is now critically examining every socialistic and anarchistic periodical printed in the United States, as well as those from foreign countries circulated here. Scores of these sheets will doubtless be deprived of the use of the mails.

founded. The beautiful actress has always borne a spotless reputation and in her long stage career this is the first time her name has been connected with a scandal. Since her one mortal experience she has been looked upon more or less as a man hater. About ten years ago she married Robert Taber, a handsome young English actor. Soon after the honeymoon Taber began to abuse his bride, beating her brutally and applying vile epithets to her. Miss Marlowe applied for and secured a divorce, Taber dying a few years later.

A jury in a New York United States court Tuesday returned a verdict finding the Great Northern railroad guilty of granting illegal concessions to the American Sugar Refining company.

### WYOMING MARSHAL USES GUN

### ESCAPES LYNCHING

INTERFERES IN FRIENDLY SCUFFLE AND KILLS MINER WHO PLAYFULLY SEIZED HIM—IS SPIRITED OUT OF TOWN.

(United Press Leased Wire.)  
Butte, Mont., April 8.—A friendly scuffle at Sheridan, Wyo., last night ended in a murder and lynching of the murderer was narrowly averted. Thinking that two men who were having a little wrestling bout were fighting, Marshal Samuel Ogden attempted to arrest them. One of the men, Fritz Flick, a miner, playfully seized the officer, who believing that he was being attacked, shot Flick dead in his tracks. Flick's friends, frenzied by the killing, prepared to wreak summary vengeance on the marshal, but the object of their rage was spirited out of town.

### POSSES AND DOGS AFTER KIDNAPERS

### PROGRAM OF WARSHIP FLEET IS ANNOUNCED

(United Press Leased Wire.)  
Pocatello, Ida., April 8.—A pack of blood hounds and three posses are beating up the brush country back of McCommon, in hopes of picking up the trail of F. L. Royce, and his six-year-old son, residents of Boise, who mysteriously disappeared Wednesday afternoon while looking up some real estate. It is feared the man and child have been kidnapped and are being held in some fastness of the foothills for ransom. As yet, however, no word has come to Royce's relatives or friends. The man and boy left Boise Thursday for McCommon where the elder Royce expected to make a large investment in farm land. He secured a livery rig and went out on the tract, which was not far from the town line. This is the last seen of them. Three posses were hastily organized and they districted the country, each posse covering its territory. Blood hounds, belonging to the state penitentiary, were sent for and are now working with the searchers.

### PROGRAM OF WARSHIP FLEET IS ANNOUNCED

Washington, April 8.—The bureau of navigation today issued the program for the movement of the two warship fleets after the grand review at San Francisco. The Pacific fleet will leave on May 9 for the south, carrying out a program of drills and other exercises and the Atlantic fleet will leave for Puget sound on May 18, arriving at its destination on May 21. Four ships will then visit Port Angeles, eight ships will visit Bellingham bay, three ships will visit Port Townsend and one ship will proceed to Bremerton navy yard to be docked. All of the ships except the one docked will rendezvous in the vicinity of Port Townsend on May 23. They will then anchor near Seattle. On May 26 twelve of the ships will leave for Tacoma and then, without anchoring, eight ships will sail for San Francisco, leaving four ships at anchor for a three day's visit at Tacoma, after which the vessels will go to Bremerton for docking.

Committee in Wrangle.  
Los Angeles, Cal., April 8.—A lively controversy is in progress in this city between the committee having in charge the reception and entertainment of the officers and men of the Atlantic fleet and the church federation, the question at issue being the proposed parade of the warships on Easter Sunday.

### SABBATH FUNERALS UNDER BAN

### IN SAN FRANCISCO

FUNERAL DIRECTORS OF ALAMEDA COUNTY DECIDE TO CLOSE SHOP ON SUNDAY AND CEMETERY DIRECTORS MAY FALL IN LINE.

San Francisco, April 8.—Sunday funerals will soon be under the ban in Alameda, Oakland and Berkeley as the result of a movement started by the undertakers of those three bay cities.

Members of the funeral directors organization of Alameda county have already voted to close up shop on the Sabbath, and they expect the cemetery directors will fall in line by closing their gates. It is expected that an agreement between the interested parties will soon be drawn up, as all of them have conferred on the question. Should they decide in favor of the Sunday closing idea, burial and cremations on the Sabbath will be made only in cases of contagious and infectious diseases.

### PORTLAND CLUB AWARDS PRIZES

Portland, Or., April 8.—The five thousand dollar fund with the Portland Commercial club hung up a year ago to be distributed among the magazine and newspaper writers who wrote and had published the best description of Portland was apportioned last night. Rev. John Roach Straton, of Baltimore, Md., won the \$1,000 prize on an article published in the Baltimore American.

Miss Matel Howe, daughter of Ed C. Howe, of the Atchison, Kan., Globe, won the \$500 prize. Eighty other prizes were awarded in amounts varying from \$250 to \$10.

### HONOR MEMORY OF LATE D. W. STEVENS

Washington, April 8.—Japan and America joined today in paying the last honors to Durham White Stevens, late advisor to the Korean council of state, who was assassinated in San Francisco by a Korean fanatic two weeks ago. Japanese Ambassador Takahira was in charge of the ceremonies, which were attended by many distinguished men. Secretary of State Root heading the American officials present.

Honolulu, April 2.—Had the plotters who shot and killed Durham White Stevens in San Francisco on Monday of last week any confederates in Honolulu? Many of the Japanese in the city think so, and are discussing the matter freely. Frederick J. Haskin, the correspondent, who met Mr. Stevens on intimate terms just before he sailed on his last voyage for America, also thinks so and advanced the theory that had Stevens not been prevented by the quarantine regulations from coming ashore here, his assassination would have occurred in Honolulu instead of in San Francisco.

Formal Complaint Filed.  
The railroad commission is in receipt of a formal complaint from the Business Men's league of Baker City charging that the Oregon River & Navigation company rates from their city are excessive and discriminatory in favor of Portland and other small towns.

### BELIEVES HUSBAND WAS INSANE

### WILL CONTEST WILL

YOUTHFUL WIDOW OF MILLIONAIRE JOSEPH BOARDMAN IS LEFT ONLY PALTRY SUM OF \$130 MONTH.

(United Press Leased Wire.)  
San Francisco, April 8.—Mrs. Blanche Boardman, widow of the late Joseph Boardman, an aged millionaire, has started what promises to be a bitterly fought contest to have her husband's will set aside. The legal battle involves \$2,000,000 and Judge Wasto's courtroom in Alameda county is the scene.

Mrs. Boardman, under the terms of the will, is bequeathed only \$130 a month. This is to be cut off if she should remarry. The insignificant sum of \$5 is left to the little daughter of the millionaire. According to the will, a great bulk of the estate is to be used to erect public lavatories in Oakland and San Francisco and to build and maintain a great observatory on either the top of Mount Diablo or Mount Tamalpais. Mrs. Boardman was an Oakland high school girl, sixteen years old, when she married Boardman. The latter told his friends that he wanted her to comfort him during his declining years. The witnesses that have been examined so far declare that in their opinion Boardman was incompetent at the time the will was executed.

### KILLED THEIR OWN CHILDREN

(United Press Leased Wire.)

Seville, Spain, April 8.—Accused of the terrible crime of murdering 18 of their own children, Anarchist Molina and Francesca Herrera, who have lived together as man and wife for 29 years, were today placed under arrest after a mob had made a determined attempt to lynch them. The arrest followed the discovery of fragments of skeletons in the cellar of the couple's home. Further investigation developed the gruesome fact that Molina had made a small cemetery in the basement in which the remains of the children are supposed to be buried. When these startling revelations were made, a mob quickly gathered around the house and were about to lynch the couple when the police arrived and rescued the frightened pair. All told, 22 children were born to the couple.

### Hungry Mob Charges City Hall.

(United Press Leased Wire.)  
Chicago, April 8.—A mob of 300 men, shouting that they were facing starvation, marched to the city hall to demand employment today, but before they could swarm through the doors of the big building they were halted by the police and finally driven from the scene.

When the police, responding to a riot call, charged the crowd with the clubs, R. Romandi, leader of the small army of unemployed, commanded his followers to hold their ground and not move from the sidewalk.

"You can beat us, shoot us or ever kill us," Romandi shouted as he stepped forward and addressed the squad of policemen.

"We shall not move away, but remain right here on this sidewalk until we starve to death."

A moment later, however, the policemen again charged the mob, and the sidewalk was soon cleared. Chief Shipley was told that 2000 unemployed men were organizing in another part of the city to march on the city hall.

Hood River sawmills started up on Tuesday, employing 1000 men.
