

# REFERENDUM MEASURES TO BE VOTED ON---NO. 13

The thirteenth in the list of 19 proposed initiative and referendum measures to come before the people at the June election is the recall amendment to the constitution. The measure will appear on the ballot in the following form:

**Proposed by Initiative Petition.**  
For an amendment to article 2 of the constitution, giving the voters power to call a special election at any time to discharge any public officer and elect his successor. Vote yes or no. 324, yes; 325, no.

The measure as it has been submitted to the voters is as follows:  
**CONSTITUTIONAL AMENDMENT.**  
Article II of the constitution of the state of Oregon shall be, and hereby is, amended by adding thereto at the end of said article a new section, which shall be numbered section 18 of said article II and shall be as follows:

Section 18. Every public officer in Oregon is subject, as herein provided, to recall by the legal voters of the state or of the electoral district from which he is elected. There may be required twenty-five per cent, but not more, of the number of electors who voted in his district at the preceding election for justice of the supreme court to file their petition demanding his recall by the people. They shall set forth in said petition the reasons for said demand. If he shall offer his resignation, it shall be accepted and take effect on the day it is offered, and the vacancy shall be filled as provided by law. If he shall not resign within five days after the petition is filed, a special election shall be ordered to determine whether the people will recall said officer. On the sample ballot as said election shall be printed in not more than two hundred words, the reasons for demanding the recall of said officer as set forth in the recall petition, and in not more than two hundred

words, the officer's justification of his course in office. He shall continue to perform the duties of his office until the result of said special election shall be officially declared. Other candidates for the office may be nominated to be voted on at said special election. The candidate who shall receive the highest number of votes shall be deemed elected for the remainder of the term, whether it be the person against whom the recall petition was filed, or another. The recall petition shall be filed with the officer with whom a petition for nomination to such office should be filed, and the same officer shall order the special election when it is required. No such petition shall be circulated against any officer until he has actually held his office six months, save and except that it may be filed against a senator or representative in the legislative assembly at any time after five days from the beginning of the first session after his election. After one such petition and special election, no further recall shall be filed against the same officer during the term for which he was elected unless such further petitions shall first pay into the public treasury which has paid such special election expenses, the whole amount of its expenses for the preceding special election. Such additional legislation as may aid the operation of this section shall be provided by the legislative assembly, including provision for payment by the public treasury of the reasonable special election campaign expenses of such officer. But the words "the legislative assembly shall provide" or any similar or equivalent words in this constitution or any amendment thereto shall not be construed to grant to the legislative assembly any exclusive power of law-making nor in any way to limit the initiative and referendum powers reserved by the people.

**Elected New Officers.**  
The Board of Trade of this city held its annual meeting and election of officers last night when the following officers were installed: President, J. H. Albert; vice-president, C. L. McNary; secretary, A. F. Hoffer; treasurer, D. J. Fry; directors, F. W. Powers, J. M. Lawrence, F. N. Derby, H. H. Olinger and H. W. Meyers. Speeches were made by the incoming officers and were heartily applauded.

The farewell speech of President F. E. Deckebach, who was last night succeeded by J. H. Albert, was as follows:

"Gentlemen: I am of the firm opinion that the officers of the Salem Board of Trade have every reason to feel well satisfied with the work accomplished during the past four months. I wish to commend the secretary for his earnest and efficient labors in the interest of the trustees and other officers, for I know they have all served the board with an earnest enthusiasm and devoted energy. The spirit and interest shown by the members of the Board of Trade had much to do in making the work of the officers a success, for without the hearty cooperation of the members, but little could have been done for the building up and progress of our city and Marion county.

"At this time I think it is proper for me to congratulate the Board of Trade on the action taken by the Booster club in accepting the invitation of this body to join us and become a part of our organization. I herewith extend to them a hearty welcome and feel certain that the presence of the Boosters will lend to our organization the same spirit and vigor which it did to their former organization. The combined efforts of the Boosters and the old Board should certainly redound to vast benefits for Salem.

"In a way, I rather regret that tonight will be my last night in which I will serve as your president. At the very outset, I accepted the office with reluctance and only then upon being promised that little, if any, of my time would be required actively. Events followed which showed that it was impossible for me to remain inactive and at the same time do justice to the position I was honored with. My time not being entirely my own and at my own disposal, I announced about two months or more ago, that I desired to be relieved of the duty as president of the Board.

"I sincerely hope that my successor will always have the same hearty support and the same good will from the members as I feel sure I have had and that the work so enthusiastically begun will be carried on to a glorious continuation."

**Chills, Rheumatism and Invalids.**  
Indeed, an even more complete prohibition would not be undesirable. The church bells has, of course, its pastoral and sentimental associations, and at one time it doubtless had its practical value. But in this age of cheap clocks and watches it is no longer necessary, and of those who live in its immediate neighborhood it is oftentimes a considerable nuisance. It remains, however, as an example of the essential conservatism of the British people, and we can hardly hope that our protest here recorded will silence it. \* \* \* What justifies the introduction of the subject in these columns is the disastrous effect produced by the ringing of church bells upon the comfort and welfare of many invalids. Many medical practitioners

is familiar with instances that fall within this category and occasionally the experience is a very painful one. A sleep that would be most beneficial, that might even possibly turn the issue between life and death, is prevented or rudely broken by the fierce clanking which issues from a neighboring steeples, or by, what is not uncommon, the ear-splitting discords of neighboring steeples. If the nuisance cannot be altogether suppressed, it should at least be temporarily suspended on the veto of any one living in the neighborhood. There are many unnecessary noises, and the church bell is one of them."—London Hospital.

### WOMAN CHOKES COYOTE TO DEATH

Mrs. T. A. Caldwell, who lives on the M. Wingfield ranch near Adel, performed one of the most daring feats Tuesday morning of this week that it has been our experience to chronicle in this country. Shortly after her husband had left the house for his day's work on that morning a coyote came to the chicken yard and made a raid on the chickens. Mrs. Caldwell went to chase the coyote away, not believing that a coyote would attack a person. But she was surprised when the thing took after her. She started to run,

After suffering for seven years, this woman was restored to health by Lydia E. Pinkham's Vegetable Compound. Read her letter.

Mrs. Sallie French, of Pawanna, Ind. Ter., writes to Mrs. Pinkham: "I had female troubles for seven years—was all run-down, and so nervous I could not do anything. The doctors treated me for different troubles but did me no good. While in this condition I wrote to Mrs. Pinkham for advice and took Lydia E. Pinkham's Vegetable Compound, and I am now strong and well."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration. Why don't you try it?

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat your letter in confidence and advise you free. No woman ever regretted writing her, and because of her vast experience she has helped thousands. Address, Lynn, Mass.

tripped and fell prone on the ground. The coyote jumped on top of her and sank his teeth in her breast. She grabbed Mr. Coyote by the throat with a death grip and choked it to death. The coyote's teeth were fastened in her clothing and she succeeded in overpowering him and never loosened her grip, until her desperate victim was dead, and dead to stay. The coyote was skinned, and Mrs. Caldwell will undoubtedly keep the hide as a souvenir of the most blood-curdling experience of her life.—Lakeview Examiner.

### Funny Happening.

A ludicrous incident occurred this morning at the depot when people in the waiting room noticed an old lady seated with a covered basket in her lap. The contents of the basket seemed to be a source of much solicitation on the woman's part, and while waiting for the local she would ever now and then carefully remove the cover and peer inside the basket. Those in the waiting room were curious to know what the basket contained and their curiosity was at last rewarded when the train arrived and the old lady started to get aboard. Just as she was about to step onto the car she dropped the basket which partially rolled under the train; the cover flew off and a dozen little chickens were precipitated violently to the ground. The woman screamed and the chicks ran in all directions. A few bystanders, however, came to the lady's assistance and finally, just before the train left all the chicks were captured and returned to the basket.—Albany Herald.

## BEER PROMOTES TEMPERANCE

Recognized as a Food Product, and So Dealt With by the Government

It is being recognized the world over that the drinking of beer promotes temperance and sobriety to a far greater extent than all the prohibition laws on the statute books.

All enlightened European nations are encouraging the manufacture and consumption of light beers containing about three and one-half per cent alcohol, and the result has been most gratifying to all sincere lovers of temperance.

The United States government has taken a positive stand in this direction, the war department holding that the re-establishing of the army canteen for the sale of beer being an absolute necessity in the interest of temperance and sobriety.

Beer is today recognized as a "Food Product," and is so dealt with by the government.

All the great insurance companies have contradicted the lies that have been given currency through prohibition sources that the drinking of beer was a bar to securing insurance, and have lately published to the world at large the statement that those drinking beer moderately (not more than two quarts during twenty-four hours) were the very best of risks. The latest British life insurance reports show that the ratio of death rate among abstainers is thirty per cent greater than among moderate drinkers.

Beer is pure and wholesome, and the day is not far distant when it will be as much a part of the daily subsistence of every family as are milk, bread and other food necessities.

The beer brewed by the Salem Brewery Association is in every sense the very best that modern enterprise can produce. It speaks for itself and is its own best advertisement.
