In the Circuit Court—The Southern Pacific company, through its attorney, George G. Bingham, this morning began suit in the circuit court against L. H. Heckman for \$102, interests and costs for a balance due on freight bill for shipment of carload from Wood Lake, Nebraska, to Turner.

The circuit court this morning began the trial of A. G. McMillan, of Silverton, for failing to serve a process on a saloonkeeper as ordered by law. C. H. McNary represents the district attorney's office and Geo. G. Bingham appears for the defendant.

A motion was this morning filed with the circuit court by the attorneys representing Arthur Hitchman, who was convicted of attempted criminal assault on Carrie Nelson three years ago in Monitor, that the verdict of the jury be set aside on the grounds that there was not enough evidence and that he had been found guilty of a crime, with which he had not been charged in the indictment, the same having charged "a assault," and not "attempted assault." At the time of the alleged assault, Hitchman was 16 and the girl almost 15 years of age.

Judge Wm. Galloway, of department No. 2 of the circuit court, arrived in this city this morning from Albany, where he has been trying the Linn county cases. There are still nearly a hundred cases to be tried there, but the judge has to go to McMinnville and Tillamook next week to try Yamhill and Tillamook county cases, respectively. The next term of this department begins here Monday, April 26.

BAY STATES MEN FOR GOVERNOR GUILD (United Press Leased Wire.)

Boston, Mass., April 10.—Governor Guild of Massachusetts was today endorsed for the vice presidency by the Republican state convention in session here today.

The platform adopted places a hearty stamp of approval upon the policies of the national administration, particularly those dealing with railroads, corporations in general, and financial legislation.

Just before the convention convened the anti-Taft followers knocked the Taft plank out of the platform by securing control of the committee having charge of the platform.

WOMAN SENTENCED FOR FOUR YEARS (United Press Leased Wire.)

London, April 10.—Miss Mary Robinson was today sentenced to four years imprisonment for committing perjury in the famous Druce will contest, which was recently ended.

After she had pleaded guilty, her attorneys raised a question concerning her sanity, but the matter was not pressed. Miss Robinson claims to be the daughter of a Virginia planter.

Death Was On His Heels—Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at J. C. Perry's drug store. 50c and \$1.00. Trial bottle free.

PORTLAND BANKER TRIED HERE

J. Thorburn Ross, alone of the three indicted Portland Title, Guarantee & Trust company officials, will be tried during the present term of the criminal department of the circuit court in this district judging from the present overcrowded condition of the court calendar. The dates set for the hearing of cases in the circuit court before Judge Burnett have already slipped one day behind and the prospects are that it will become even worse than this owing to the number of cases to be tried. In spite of the efforts of District Attorney McNary of this district, and District Attorney Manning of Portland to have the cases set an early date, Judge Burnett was only able to set a time for the hearing of Ross on April 20, the only place there was a gap on his calendar. The cases of John E. Althelson and T. T. Burkhardt will be crowded out until the July term unless the unexpected occurs, or Judge Burnett sets aside the hearing of some other case in favor of these two.

District Attorney McNary, who represents Manning, and Attorney Wm. M. Kaiser, representing Ross, who will draw the jury in the hearing of the Ross case do not expect to exhaust the list of 30 jurors summoned for the April term of the circuit court. Should this be done it will be necessary to empanel a new venire of the same number, with the probable result that this case will also go over until the July term.

WOMAN GETS VERDICT FOR BREACH OF PROMISE
Fifteen hundred dollars was the amount of damages awarded Clarice A. Wells for injured affections in her breach of promise suit against R. L. Stewart, a wealthy rancher of Woodburn, by a jury in the circuit court here yesterday. Suit was originally begun for \$2000, but the jury within two hours decided that she had only suffered mortification et cetera, to the extent of the \$1500. Mrs. Wells was a poor dressmaker in Lawton, Oklahoma, in 1904 when she became acquainted with Stewart, who happened to be visiting there and from that time until 1906 correspondence passed between them. In 1906 she came to this city and met Stewart and they started for a marriage license, but were refused temporarily until they could secure a witness who knew Stewart. They left to get the witness, but never returned together, though Stewart returned later with another bride.

Hundreds of letters from Stewart teeming with love expressions covering from five to twenty pages and some of which consumed 10 days in the writing, were introduced in evidence. These were all ardent epistles which would have done credit to a much younger man than Stewart, who is beyond the half century mark. Such terms as "sweetheart," "light of my eyes," "my darling" were only a few of the terms of endearment used and "kisses and hugs" were sent by the thousands by Stewart.

Salem High School Try-outs
The Salem high school track men held a try out meet last night on the Willamette field for the purpose of selecting three men to represent them in the Columbia meet at Portland next Saturday. This is Salem's pioneer effort in a high school track team and results seem very promising.

The results of yesterday's try outs were as follows:
50-yard dash—Kay, 5 4-5. Niles and Gabrielson tied for second place. Mile run—Utter, 5:20.
220-yard dash—first heat—Kay, 24 4-5. Second heat, Gabrielson, 25. Niles and Gabrielson practically tied.
16-pound shot—Richardson, 30 ft. 1 in.; Watson, 29 ft. 8 in. Watson fouled once and put it 30 ft. 8 in.

The representative men have not yet been announced but it will be the three fastest as the events they are working for are the 50-yard and the 220. From these results it seems they will be Niles, Gabrielson and Kay.

SOME MARRIAGES WORSE THAN HELL

(United Press Leased Wire.)

Kansas City, Mo., April 10.—Discussion upon the question of marriage and divorce was resumed at today's session of the general conference of the Reorganized Church of Jesus Christ of Latter Days Saints. Elder Thomas Chubburn made one of the most sensational arguments saying: "Some marriages are worse than hell. To condemn a man to live forever in a condition worse than hell is not right nor just on the part of the church."

POLICE CAPTURE NOTED PICKPOCKET
(United Press Leased Wire.)

San Francisco, April 10.—C. E. Horton, alias Kid Horn, one of the most notorious pick pockets in the world, was picked up last night and is being held in detinue by the police.

Seven years ago Horton, or Horn, figured in the Colonial gambling house robbery in this city with "Johnny" Piggott. Three masked men walked into the place and at the point of revolvers, secured \$50,000 from the different gaming tables put the loot in a sack and disappeared. Morton and Piggott were arrested but no tangible evidence could be secured against them, nor could the third man be located. They were finally turned loose.

In the last three months Horn has been arrested in various places throughout the United States, including Denver, Los Angeles and several times in this city.

FIGHTING POOLSELLING DOWN AT OAKLAND (United Press Leased Wire.)

San Francisco, April 10.—No more will handbooks or poolrooms be allowed to thrive within the limits of Oakland.

The police department of that city has said so, and to demonstrate its earnestness in the matter, it has secured warrant for the arrest of 47 men against whom evidence has been collected. The city authorities have been prosecuting a secret investigation for two weeks, and they are now in a position to lay their hands on every man who is operating a handbook while ostensibly engaged in other business. The majority of these men are proprietors of cigar stands, while others are conducting so-called "club rooms" to accommodate their patrons.

SCHOOL CHILDREN MADE BRAVE MARCH (United Press Leased Wire.)

Los Angeles, Cal., April 10.—Fire, resulting from a defective flue, destroyed the grammar school building in the suburb of Cole Grove today, entailing a loss of \$6000.

The 350 pupils were formed into lines and quickly marched out of the building without the least semblance of disorder.

COLLECTED COMMISSIONS ON FICTITIOUS SALES
Spokane, Wash., April 10.—Charged with using the mails to defraud Paul G. Kruger, a nephew of Oom Paul Kruger, is under indictment here awaiting the fixing of the date of his trial. Kruger is a nurseryman at North Yakima, and it is charged he sent in fictitious names to his principals and collected commissions on the alleged sales.

"E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Roanoke, Ga., Aug. 27, 1906." Sold by all druggists.
