

COOPER AROUSES INTEREST OF QUEEN CITY RESIDENTS

An adequate idea of the intense interest which has been aroused by Mr. Cooper during the past week in the following article given in the Cincinnati Enquirer while Cooper was introducing his medicine to the people of that city, is given in the following article. The beginning of Cooper's second week in Cincinnati gives every indication that he is enjoying the same astonishing success here as in other cities.

From the first day of his visit here, the words that call to see him have increased, until now it has reached a point where several thousand people talk with him each day. The city seems to have become interested in his theory that the human stomach is degenerate, and he has an army of followers in Cincinnati who seem positive that his claims are correct.

A number of Cincinnatians were interviewed at Cooper's headquarters Friday, and several interesting statements, showing their faith in Cooper's preparations, were secured. The following are selected from these statements and characteristic of them all: Mrs. Emerson, of 630 West Court street, said: "I have suffered with stomach trouble and constipation year after year. When I ate I would have bloated spells, sour stomach, indigestion, bad taste in my mouth. In the morning I was as

tired as when I went to bed. I had a dull pain in the lower part of my back. I have taken almost one bottle of the New Discovery and am so wonderfully improved that I have come down here to thank Mr. Cooper in person and obtain more of the medicine."

"Another individual interviewed was Mr. J. H. Brooks, living at 527 Walnut street, who had the following to say: "For the past eighteen months I have been a constant sufferer from catarrh of the head and stomach. My nasal passage would become inflamed and sore. I would have severe headaches, which affected my eyes, and great crusts of matter would drop into the throat, causing an irritation of the bronchial passages, until the stomach finally became poisoned. When I would lay down at night a phlegm would gather in my throat until it almost choked me, and would cause an annoying cough. Half a bottle of Cooper's New Discovery gave me relief and when the first bottle was finished, I felt like a new man. I am now completely cured and consider Cooper's New Discovery the greatest catarrh, blood and stomach remedy in the world."

The Cooper preparations have been wonderfully successful throughout the United States. We consider them remarkable medicines and would be pleased to explain the nature of them.—J. C. Perry.

County Superintendent. There are doubtless many other educators in the county who would make as good, or better, county superintendents as Walter Smith, but the present superintendent is a man, and has had an unbroken record with the best city and county schools for twelve years and is present county superintendent. He is the man to nominate.

MUST BELIEVE IT

Well-Known Salem People Tell It So Plainly.

Public endorsement is made by representative citizen of Salem. Read this testimony. Even a child with any kidney trouble will find profit in the read-

ing of Dr. McCoy, retired, living on 10th St., beyond Mill creek, Salem, Ore., says: "There has been reason for me to change my good name of Doan's Kidney Pills which I procured through our papers three years ago. I procured the remedy at Dr. Stone's drug store at that time and received the most gratifying results from their use. I was relieved of my complaint of several years' standing. The principal symptoms in connection with the kidney troubles often caused hemorrhages of the kidneys. Nothing I had found in any way of medicine gave me any relief until I got Doan's Kidney Pills. They gave prompt and permanent relief. I have recommended them ever since then when occasion arises."

Sold by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—take no other.

OFFICIAL HAS VIEWS ON BASEBALL

Secretary of State Benson is not very well pleased with the work of the Portland baseball team in San Francisco, in accordance with a letter received from him in that city. He states they are very bad, in so many words, but that there is hope of improvement. The letter reads, in part, as follows:

"I am not proud of the Portland bunch, although they are a good club, but it seems like fate was against them. If it were a horse race it would be a cinch they were 'chucking it.' The bunch were a hundred per cent better than last year, yet they don't win games. The weakest point is with their pitchers and a general weakness of going to sleep after getting to first. I think Bob Groom and the Indian (Sinnance) are probably the best pitchers."

"I would be surprised, although I would not put any money on it, to see Portland strike a winning gait at any time. There is one thing sure—they are great batters. Probably before many more games, they will find themselves. I would feel more confident, however, if McCredie would discharge himself at right field."

Benson, in his letter, did not seem over well pleased with Bloomfield or Whalen.

Fourteen companies of militia are at Pensacola, Fla., to suppress any violence that may be attempted when the street cars are started by strike breakers, who were removed from police headquarters to the car barns this morning.

Notice to Improve a Portion of Broadway Street.

Notice is hereby given that at the regular meeting of the common council held April 6, 1908, a resolution was adopted to improve Broadway street with full intersections, from the north line of North Mill creek to the north line of Madison street in the following manner:

By establishing a permanent grade on said street along the proposed line of improvement where not already established.

By placing the street railway track of the Oregon Electric Railway company where it extends along the proposed line of improvement in the center thereof.

By grading the roadway of said Broadway street between said points full width from curb to curb with full intersections to the proper subgrade.

The subgrade shall be one foot below the established grade and upon said subgrade shall be placed one foot of clean creek or river gravel, provided however, the space along the center of said street to be occupied by the said Oregon Electric Railway company shall be graveled in such a manner that the top of the rails of said company will be on a level with the established grade of said Broadway street.

The cost of placing said track in the center of said street and improving between the rails and one and one-half feet outside of the rails of the Oregon Electric Railway company, to be assessed on the franchise and property of said company.

The cost of said improvement, save and except the space between the rails and one and one-half feet outside of the rails of the Oregon Electric Railway company to be assessed on the abutting and adjacent property, as provided in the charter of said city.

Remonstrance against the above improvement may be filed within 20 days after the date of the first publication of this notice.
