JONES' OTTER ROCK RESORT.

Dan Sullivan, of Hotel Portland, Will Have Charge of Restaurant,

Otter Rocks, one of the finest scenic points on the Pacific Coast, will be a first class resort of the tourists this summer. The plans have been formulated for a restaurant and the erection of at least 25 tents for the immediate accommodation of visitors. In June an automobile line will be started from Newport up the beach to the new resort.

Hon, B. F. Jones, who has been working on the plans for several months, announced this week that he was now able to make definite statements of what would be done this season. He stated that the road across the Head would be planked this month so that motor cars could make it easily and that the hill from the beach to the Punchbowl would also be planked in good style. J.J. Kadderly, of Portland, is to put the automobiles on and Dan Sullican, clerk at the Hotel Portland, is going to have charge of the res-

The beach road to Otter Rocks can not be excelled in the world for natural scenery. From Otter Rocks to Depot Bay is one of the most interesting trips imaginable, and the opening up of a road to Otter Rocks will put all this rugged coast with its fishing and hunting within an easy day's travel of this place.

It will also be of great benefit to the people along the lower Siletz, as it will give them a "half-way wnfeeling, flatulency, indiges- house" and at the same time insure ziness, or nervous prostration. many visitors going clear to Siletz Bay in order to see the country and its beautles.-Yaquina Bay News.

SALEM WATER COMPANY

OFFICE CITY HALL. For water service apply at office.

BEER PROMOTES **TEMPERANCE** Recognized as a Food Product, and

So Dealt With by the Government I is being recognized the world over that the drinking of beer

promotes temperance and obriety to a far greater extent than all the prohibition laws on the statute books. . All enlightened European nations are encouraging the manufacture and consumption of light beers containing about three and one-half per cent alcohol, and the result has been most gratifying

to all sincere lovers of temperance. The United States government has taken a positive stand in this direction, the war department holding that the re-establishing of the army canteen for the sale of beer being an absolute necessity in the interest of temperance and sobrlety.

Beer is today recognized as a "Food Product," and is so dealt

with by the government, All the great insurance companies have contradicted the lies that have been given currency through prohibition sources that the drinking of beer was a bar to securing insurance, and have lately published to the world at large the statement that those drinking beer moderately (not more than two quarts during twenty-four hours) were the very best of risks. The latest British life insurance reports show that the ratio of death rate among abstain-

ers is thirty per cent greater than among moderate drinkers. Beer is pure and wholesome, and the day is not far distant when it will be as much a part of the daily subsistence of every family

as are milk, bread and other food necessities. The beer brewed by the Salem Brewery Association is in every sense the very best that modern enterprise can produce. It speaks for itself and is its own best advertisement.

SALEM BREWERY ASSOCIATION SALEM, OREGON
