Secretary of State of Oregon Issues Pamphlet Containing Copy of All Measures Referred To The People By The Legislative Association-- People Must Vote On 19 Measures--Contains Detailed Statement of New Acts With Arguments For And Against --Cost of Printing Pamphlets And Documents Nearly Ten Thousand Dollars

Acting under a law passed by the last legislature, Secretary of State Benson has issued a pamphlet containing a copy of all measures referred to the people by the legislative assembly, referendum ordered by petition of the people and proposed by initiative petition, to be submitted to the legal voters of the state for their approval or rejection at the June election. The pamphlet also contains the arguments that have been filed favoring and opposing certain of the measures.

In the act authorizing the publication of these measures, the secretary of state is required to furnish one copy of the pamphlet to every registered voter in the state.

The following is the form in which each of the 19 measures to be voted on will be printed on the official ballot:

For an amendment of section 28 (evidently intended to be section 29) of article 4 of the constitution, changing the compensation of members of the legislature to \$400 for each regular session and \$10 per day for each extra session instead of \$3 per day and mileage. (Section 28 provides the time when laws take effect, and the proposed amendment is, therefore, wrongly numbered.)

For an amendment of section 3 of article 14 of the constitution, to permit the location of state institutions elsewhere than at the seat of government by act of the legislature and vote of the people.

**To Increase Supreme Judges.**

An amendment to article 7 of the constitution by increasing the number of judges of the supreme court from three to five, until otherwise provided by law, and authorizing the legislative assembly to provide by appropriate legislation for the exercise by the circuit courts, of the probate jurisdiction theretofore exercised by the county courts, and for the transaction of county business by and before some appropriate body or tribunal.

For amendment of section 14 of article 2 of the constitution changing the time of holding the regular general biennial elections from the first Monday in June to the first Tuesday in after the first Monday in November.

An act providing that in all counties, the sheriff shall have the custody of prisoners committed to or confined in the county jail and such prisoners shall be worked at such places and for such time and in such manner as the county court may direct, and that, in counties of over 100,000 inhabitants, the salaries of guards and jailers shall not exceed \$90 per month, and the price of meals furnished prisoners shall be 12 1/2 c each.

For an act requiring railroads

and other common carriers to grant free transportation to state officers and county judges and sheriffs, as a condition precedent to acquiring land for corporate purposes by the exercise of eminent domain, and to prohibit the payment of mileage for such free transportation.

An act to appropriate \$25,000 annually for four years, to be used in purchasing grounds and building armories for the use of the Oregon national guard, the money to be expended under the supervision of the state military board at any time during the four years, the board not being required to use each appropriation the year it is appropriated. The Oregon national guard is required to pay to the state treasurer such rental, for the use of said armories, as may be fixed by the state military board.

An act to amend section 3529 of Bellinger and Cotton's annotated codes and statutes of Oregon by increasing the annual appropriation for the support and maintenance of the University of Oregon.

For equal suffrage constitutional amendment, permitting women to vote on equal terms with men.

For an act prohibiting fishing for salmon or sturgeon on Sunday from January 1 to October 1, also in the Columbia river only from October 1 to December 31, also in the navigable channels of Columbia river at night, also at any time in Sandy river and in Columbia river west of west line of range 9 west near Astoria, and east of west line of range 16 east, near Cellis, and limiting seines anywhere in the state to 150 fathoms long and 4 1-6 fathoms deep, and providing penalties.

For constitutional amendment giving additional and exclusive power to cities and towns, within their corporate limits, to license, regulate control and tax or to suppress or prohibit theatres, race-tracks, pool-rooms, bowling alleys, billiard halls, and the sale of liquors, subject to the provisions of the local option law of the state of Oregon.

For constitutional amendment providing that all dwelling houses, barns, sheds, out houses and all other appurtenances thereto; all machinery and buildings used exclusively for manufacturing purposes and appurtenances thereto; all fences, farm machinery and appliances used as such; all fruit trees, vines, shrubs, and all other improvements on farms; all live stock; all household furniture in use, and all tools owned by workmen and in use, shall be exempt from taxation in addition to exemptions now authorized by the constitution.

**The Recall.**

For an amendment to article 2 of the constitution, giving the voters power to call a special election at any time to discharge any public officer and elect his successor.

A bill for a law instructing members of the legislature to vote for and elect the candidates for United States senator who receive the highest number of votes at the general election.

For constitutional amendment giving the people power to make laws for election of public officers by majority vote instead of pluralities; to provide that political parties and voters' organizations shall be proportionably represented in all offices filled by the election of two or more persons and that a voter shall vote for only one person for any office, and may indicate his second, third, etc., choice; and to provide for a simple method of precinct residence registration.

A bill for a law to limit the amount of money candidates and other persons may contribute or spend in election campaigns; declaring what shall constitute corrupting use of money and undue influence in elections and punishing the same; prohibiting attempts on election day to persuade any voter to vote for or against any candidate or candidates, or any measure submitted to the people; to protect the purity of the ballot; furnishing information to voters concerning candidates and parties, partly at public expense, and providing for the manner of conducting election contests.

For an act prohibiting, after August 25, 1908, fishing for salmon or

sturgeon at any time, by any means, except hook and line, in the Sandy river or any of its tributaries, or in the Columbia river or any of its tributaries, at any place up stream from its confluence with the Sandy river, or with hook and line during the spawning season.

For constitutional amendment providing for the choosing of jurors and grand jurors, and that no person can be charged in the circuit courts with the commission of a crime or a misdemeanor except upon indictment found by grand jury, except when a court holds an indictment to be defective, the district attorney may file an amended indictment.

A bill for an act to create the county of Hood River out of the western portion of Wasco county; providing for its organization and fixing the salaries of the officers thereof.

**Cost of Election.**

The sending out of the pamphlets containing the measures to be voted upon at the Oregon general election in June, together with the arguments for and against them, has been begun by the secretary of

state. Already over 60,000 have been sent out to voters whose names have been submitted to the secretary of state.

The state printer has prepared 100,000 of these pamphlets in all at a cost of \$6,373.75. Of this amount the persons submitting the measures and arguments will have to pay \$2,797.34 as their proportion, as fixed by law. The total amount collected by the secretary of state from the filers of the arguments is \$2,000. An adjustment will be made on a per paid basis, and those who have paid more than their share will receive a refund, while the others who have not paid their full percentage will have to remit the difference.

The postage for the sending out of these arguments will cost about \$3,000, and the cost of \$6,373.75 will have to be added to it before the actual expense of getting out the measures can be ascertained, the amount of postage, the cost for clerks engaged in mailing, about \$250, and the cost of securing the names of voters.

Secretary of State Benson, it is estimated, has saved about \$3,000 in getting up of the pamphlet by his arrangement of the measures.

## The Original Statement No. 1 Candidate

Hal D. Patton was the first man in Marion county this year to take the unqualified pledge to support the people's choice for United States senator.

His position has never changed and will not change if he is elected. It is an insult to the people to say "I want to go to the legislature but I don't want you to have anything to say about what I shall do when I get there."

This is what every legislative candidate who refuses to sign Statement No. 1 is doing.

Support the candidate who has faith in the people— The candidate who is the friend of the common schools— The candidate who can always be relied upon to boost for the BEST INTERESTS of ALL the people ALL the time.

**OLD INDIAN SCHOOL.**

Indian School Was Removed to Chemawa—Mr. Wigman Will Improve the Property.

(Forest Grove Times.)

The old Indian school building and grounds which were sold this week to T. Wigman has been the property of Pacific university for many years. In 1879 Captain Wilkinson secured permission from the United States government to establish an Indian school similar to that at Carlisle, Penn. Captain Wilkinson came to Forest Grove with this object in view; he was military instructor at Pacific university for several years, but he had in mind the starting of this Indian school. He secured a lease from P. U. for the grounds and erected the first building about one hundred feet north of where the present structure now stands. Four years later that building was burned and then the building now located on the grounds was built by Indian students under white men's instructions. The school prospered while here, but about 1889, through political influence it was moved to Marion county. The property reverted to P. U. and for a number of years past the building has been used as a boys' dormitory. Mr. Wigman will remove the old structure and erect an attractive residence, and a bungalow will take the place of the wigwam.
