QUESTION OF SECRET CONFESSION

(United Press Leased Wire.)

Chicago, April 17.—A question that would be of interest to Catholics the world over—whether the law can compel a Catholic priest to repeat on the witness stand a confession made to him—will be answered in a case on hearing in Judge Chetlain's court.

"Andy" Craig, politician and saloon keeper, is on trial accused of withholding a diamond alleged to have been instructed to his care by an acquaintance. The defendant declares that he did not receive the stone. During the preliminary hearing before Municipal Judge Crowe, the Rev. Father Walsh of the Paulist Fathers church, gave the diamond in question to the court with the remark that a penitent thief had given it to him.

Now the question arises—can Judge Chetlain compel the priest to divulge the name of the thief?

In some states there are statutes which put the secrets of the confessional beyond judicial inquiry.

EASTER MARRIAGE DECREE

(Continued from page one.)

"A marriage is unlawful if celebrated in a place where neither of the parties has a domicile—nor has resided for one month. There is, however, an exception to this rule, viz: A case of necessity. When in the judgment of the ordinary or pastor the necessity is considered grave the marriage is lawful.

"A general rule, not to be deviated from unless for just cause, requires the marriage to take place before the pastor of the bride.

"When there is no domicile of either of the parties, nor any place where they have resided for at least a month, the pastor to whom the parties apply must, except in case of necessity, obtain permission from the ordinary to marry them.

"The decree prescribes regulations for the proper registration of marriages. These are to be entered not only in the marriage register of the parish where the marriage takes place, but also in the baptismal registers of the parishes where the parties were baptized.

"No Catholic can be married lawfully or validly except by a duly authorized priest and before at least two witnesses. Marriage of a Catholic before a minister of civil magistrature is null and void. And as no Catholic can, as a general rule, be lawfully married except by the pastor of the bride (whether she a Catholic or not) persons desiring for good reasons to be married by any other priest or in any other parish or place should first see to it that the pastor's permission and authorization have been granted."

GREAT BASKETBALL

ON account of the change in the weather the baseball game between Salem high school and the high school which was to be played today has been called off. But owing to happy coincidence the Seattle high basketball team happened to be with the basketball team and an agreement has been made to substitute basketball for baseball a game to be played this evening at the Willamette gym. The weather men have stopped baseball but it will be just as much to yell for the teams were on the diamond course it is to be regretted that the game had to be called off as the Salem fans have been looking forward to it expectantly.

Howard Sentenced—
McKenneth Howard, who ran the Horseshoe restaurant, and was arrested by Deputy Sheriff Minto, on April 3, upon telegraph instructions from Baker City, was sentenced at Baker City Tuesday to serve 18 months in the penitentiary for over-drawing his bank account while there last summer. Howard was very popular in Salem and his many friends regret the unfortunate circumstances which have overtaken him and do not believe that he committed this act intentionally, as he was never notified that such a discrepancy existed. He is a young man who his friends believe can and will live down this blight on his life, and prove to his many friends that he is worthy of the confidence they had always bestowed on him. Howard will remain in Salem upon his release.

WHAT STREETCAR STRIKE COST A CORPORATION

(United Press Leased Wire.)

San Francisco, April 17.—The recent streetcar strike in San Francisco cost the United Railroads \$1,210,679 in gross earnings. This information is given in the first official statement issued by the company since its trouble with its union crews.

The report of President Calhoun on the gross earnings for last year shows \$4,745,116 as compared with \$5,955,786 in 1906, meaning a decrease of \$1,210,679. This figure, therefore, represents the loss to the corporation. The report says nothing about the expenses of fighting the union.

CROOK COUNTY CATTLEMEN WAR

(United Press Leased Wire.)

Prineville, April 17.—The range war between the cow men and the sheep men which has been smoldering for some time, has broken out again. Larkin E. Elliott, a cattle man who has a ranch on the Ochoco river, is under arrest charged with burning the sheep corrals and other property belonging to ex-Congressman J. N. Williamson. Other arrests are expected to follow. Williamson has been a heavy sufferer from the raids of the cow men. During the last month he has lost a shearing house, several barns, a number of corrals and a large amount of hay, the total running up to \$5000. Besides this loss by fire, he had over a mile and a half of barbed wire fence cut and ruined last Tuesday night. The Mackintosh Livestock company are sufferers from the wrath of the cattlemen to the extent of the loss of their sheep camp, with the barns and corrals and hay included, which were burned last week.

Marriage Swindler Arrested.

(United Press Leased Wire.)

San Francisco, April 17.—George E. Lawson, alias Littel, formerly of Seattle, who was arrested in Oakland on Wednesday night charged with impersonating an United States secret service official, was arraigned before United States Commissioner Heacock today and his bail fixed at \$3000 and his trial set for next Thursday.

Lawson was arrested on information sent by the federal authorities. It is said that a warrant for his arrest has been issued at Seattle, charging him with having swindled Mrs. Josephine Daubney out of \$600 on a promise of marriage.

The arrest in Oakland was made on the evening of his proposed marriage to Mrs. W. G. Gates, who visited him in his cell this morning.

Artisans Attention—
Initiation tonight.

The blessed rains came at the close of the campaign. May turn to snow before morning in some parts of the county.

All have had a chance to have their say, and now let's forget it.

What's the matter with cutting out politics for awhile and cutting in on the Salem electric railroad? It will pay us all a great deal better dividends.
