

# J. L. STOCKTON

THE OLD WHITE CORNER

## Ladies' and Misses Washable Suits and Skirts

The new lines are now complete and thrifty shoppers will be right on hand while the assortments are extremely good. Every material used is of the very best and the styles are far above what you will expect for the very moderate prices.

Skirts are very full, gored and trimmed as well as a \$20 voile or Panama. A look at the lines will convince you of our supremacy in made up wash stuffs.

# TAFT ENDORSED BY REPUBLICAN STATE CENTRAL COMMITTEE

(United Press Leased Wire.) Portland, Or., April 30.—United States Senator Jonathan Bourne has lost his grip on the Republican state central committee and their endorsement of Taft yesterday is an almost fatal blow to his plans of bringing in an unopposed delegation from Oregon at the Chicago convention.

Bourne's friends fought hard to prevent the Taft resolution from coming before the committee but they failed, and when the endorsement was presented it was not re-

sisted. The adoption of this resolution is a practical repudiation on the part of Oregon Republicans of Bourne's "second elective term" campaign and a direct slap in the face of the junior Oregon senator.

Senator Fulton was warmly endorsed and the recent attacks upon his public career were denounced as "vicious, untrue and unmanly." W. M. Cake, brother of Judge Henry M. Cake, Republican candidate for the United States senatorship, is the new state chairman.

# RENO, CAPITAL CITY OF NEVADA, IS BADLY BANKRUPT

Reno, Nev., April 30.—Reno has been dashed upon the ragged rocks of bankruptcy.

Whether or not there are any frenzied finance methods involved is not known, but true it is that the treasury of the mining center is empty, and that the property owners of the city are confronted with the unwelcome news that they are threatened with a deficit of \$100,000. This disclosure was made by some interested taxpayers who got busy and made an investigation.

Reno has an income amounting to

more than \$7500 per month for taxes alone. In spite of this the city awoke today to find itself bankrupt. But the mayor says he is not going to burn any candles to do any figuring, and Councilman Kinney, who has aided in the work of passing upon the bills, is not wearing a troubled look. In fact, no explanation seems to be forthcoming. It was shown by the investigation that the cost of conducting the affairs of the city has cost close to \$20,000 for each 30 days and that the council has no system of checking bills.

# RAILROAD MUST GET OUT OF COAL, OIL, LUMBER AND MINING

(United Press Leased Wire.)

Seattle, Wash., April 30.—On and after tomorrow, under the Hepburn act, it will be unlawful for any railroad to transport from one state to another any article which it has manufactured or mined, other than such commodities as it needs and uses in the conduct of its own business. In anticipation of the enforcement of the law, United States District Attorney Elmer E. Todd has re-

ceived a letter from the department of justice asking whether according to common report there are any railroad companies whose present practice would be a violation of the clause. Mr. Todd replied that he knew of no railroad whose practice in Washington would be a violation of the law, but that if he received information of any transgressions of the law he would report them at once.

# MOUNT AETNA IS BELCHING

(United Press Leased Wire.)

Rome, April 30.—Natives living in the vicinity of Mount Aetna are trembling in fear, many of them fleeing in wild panic, because a serious eruption is hourly expected. For several days the volcano has

been emitting great columns of black smoke. These are accompanied by rumblings and earth tremors throughout the island. Crops in many places have been ruined by the ashes that have fallen in great quantities within a radius of many miles of the crater.

Great earthquakes, especially in Santa Veronica, Lingua and Glomsa, are reported today. Snow has completely covered the mountain, and a steady stream of smoke is pouring from the crater.

# \$5,000 Reward

Will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether, chloroform, heroin, alpha and beta eucaine, cannabis indica, or chloral hydrate or any of their derivatives, in any of Dr. Miles' Remedies. This applies to goods in original packages, unopened, and not tampered with. Certain unscrupulous persons are making false statements about these remedies.

"I have been troubled with a terrible headache for the last ten years; the doctors could do me no good. I saw Dr. Miles' Anti-Pain Pills advertised in the Sunday magazine, so I thought I would try a sample. I did so, and they helped me wonderfully. I had headache so badly I could hardly see to work, so I sent to the drug store and got a box. In a couple of hours I was all right, it was the first medicine to do me any good."

A. H. LIG, Philadelphia, Pa. 3282 Tacoma Street.  
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

# PRESIDIO

(Continued from page one.)

said he knew nothing beyond the order from Washington.

Treadwell speaks Japanese fluently and is well educated. It is said that when he enlisted he was anxious to be assigned to the coast artillery.

# San Francisco Water Supply.

Acting on requests forced by Representatives Kahn and Hayes, with the assistance of Secretary of the Interior Garfield, the city of San Francisco is to continue to draw water from Lake Eleanor until the supply from that source is exhausted.

After that the city has authority to draw from the Hetch-Hetchy valley sufficient water, irrespective of the rights of the irrigation companies, to meet all its requirements.

Representative Needham opposed the plan and stood up for the irrigation companies that take water from the Hetch-Hetchy valley. President Roosevelt has promised that necessary action will be taken to insure San Francisco an adequate supply of pure water for municipal use for many years to come.

The irrigation companies will use the water as heretofore, but they will not have the exclusive right to do so.

# ROYAL Baking Powder

The only Baking Powder made with Royal Grape Cream of Tartar—made from grapes—

Insures healthful and delicious food for every home—every day

Safeguards your food against alum and phosphate of lime

# SMILES

A family who have come back to Salem to live after some years in California express surprise at the growth and improvement of Salem. The streets are so much better. There are so many more new houses and public buildings. We who live here and plug along and grind away at push club work are not aware of what we are accomplishing until some one who was in Salem formerly comes back and tells us about it.

One thing about Salem, we are getting out of the two-bit habit. The number of people who limit their subscription to any public enterprise to two-bits is becoming very small. The committee who canvassed for funds for street sprinkling were surprised at this. Many thought no more of putting down a dollar than they formerly did of two-bits. The two-bit habit is a good one to get rid of in all phases of life.

May in Oregon is the "perfect days of June" of other states.

The Republican state central committee endorsed Taft for President, and indications are that he will have a solid instructed delegation from Oregon. This is all done in opposition to the short-sighted views of some of the machine politicians who next to Roosevelt hate Taft as the exponent of clean progressive political ideas. But they will have to take their dose and become inebriated with democratic Republicanism as opposed to the plutocratic variety that can see nothing or do nothing but from the viewpoint of the big corporations that fleece the people and prevent real development and prosperity.

# WORK ON STATE STREET HAS BEGUN

(Continued from page one.)

The Warren Construction company have begun the work of improving State street by starting the moving of the trolley of the Portland Railway, Light & Power company to the center of the street. J. W. Wentworth, an expert of the Warren Construction company, has arrived and is surveying with a view to moving the curb lines, and as quickly as the railway company system is changed to the center of the street, the work of improvement, proper, will begin. This will probably be next Monday.

Three weeks preliminary work will be necessary before the street can be properly graded and paved, but after that time, it will be but a short period before the work is complete.

# REPUBLICAN CHAIRMAN NAMES EXECUTIVE COMMITTEE

Following executive committee of the Marion county Republican central committee has been appointed by Chairman W. L. Jones:

B. F. West, Salem; Chas. A. Murphy, Salem; Robert Haller, Salem; M. J. Van Valkenberg, Silverton; H. D. Brown, Woodburn; J. C. Porter, Aumsville; J. L. Cook, St. Paul.

# Seed Corn

Place your orders now as the demand is very large and first class Seed Corn is very scarce. We have corn for all purposes, both Oregon and eastern, field and sweet.

# Summer Spray

We have the great summer spray, Arsenate of Lead. It will soon be time to use it. Our price is right and the goods are the best to be had on the market.

# Chick Feed

We certainly are selling Chick feed this year. We bought a straight carload and are liable to need another one soon. Must be good or it would not sell like that. Try it and see the difference it makes the little fellows grow.

# Poultry Supplies

This is our specialty; we have all the necessary supplies to be used on the up-to-date poultry ranch and our prices are the lowest in the valley.
