Did you get a May basket? You need to hem and haw about hanging down their names for two weeks now go down easy for a dollar, and you are growing.

The Journal has never had so many voluntary orders for subscription coming in as the last 60 days. The people are with it.

Keep the June election. Do not lose the June election. Let Oregon have something different from the rest of the states. If we put the election over until November, summaries will come in the midst of a blushing time, and the farmers will be shot out.

Keep Salem to the front as the head city of Oregon. To do this we must have cross-country lines of road ending here. The Stayton Salem electric is the first that should be built. Put your booster tonight and come out to the end of trade meeting and do some spring.

Mr. W. Talbot, of the Oregon Electric, writes the board of trade committee of the Salem-Stayton Electric: "As our proposed line from Salem to MHI City will probably be one of the last lines we will build on our program your enterprise will have plenty of time to occupy the territory and I trust that you will." That only proves that you must build them or go without. The purpose of Portland enterprises is to take business away from this city, not bring traffic to it.

### BREAKS HOODOO

Eugene, Or., April 29.—(Special.)—In a slow game of baseball here today Salem high school defeated Eugene high school by the close score of 7 to 6. The game started entirely one-sided for Salem with two runs in the first inning. Along about the middle of the game luck seemed to turn against the visitors and in the last of the ninth with the score 7 to 4 in favor of Salem, Eugene with two men down brought in two runs and nearly a third. The game was the poorest ever put up by the Salem team but nevertheless they seem now to have broken the Eugene hoodoo by defeating the high school here on their own grounds. Eugene put up a good game but would never have scored as they did had the Salem boys put up their usual game.

"Dolly" Farmer and "Kady" Roberts played Salem's star ball. Gabrielson also put up a good game.

### MAY WHEAT JUMPS UP FIVE CENTS AT CHICAGO

Chicago, May 1.—During an unusually excited session May wheat advanced five cents. Directly after the first quotations, unchanged from yesterday's final figures, the shorts began covering, which resulted in a frantic struggle for light offerings. May touched \$1.94, closing at \$1.92. The future options, July and September, were ignored and were under pressure throughout the day, July closing weak at 88 1/2c, a net loss of 5c from yesterday's close. September closed 84 1/2c.

### Stock Market Strong.

New York, May 1.—Stocks were strong almost from start to finish. Aggressive inside support was forthcoming on the slightest recession, and short covering was in evidence throughout the session. The strength displayed by the Harriman issues, Southern Pacific and Union Pacific, both advancing 2 1/2 points, was derived from the good showing made in the gross earnings for March. Southern Pacific earnings being especially satisfactory. St. Paul gained 3 points and many issues one and two points.

## TOOK OVERDOSE OF DEADLY POISON

(United Press Leased Wire.)  
Vancouver, Wash., May 1.—After lying exposed to the weather for over three days in a semi-conscious condition occasioned by a dose of poison taken with suicidal intent, William Barton died at the Vancouver hospital this morning. Barton declared that he tired of life. In an effort to end it he purchased two ounces of carbolic acid and an ounce of laudanum last Tuesday. With these he hid himself in a wood yard and drank the dose of combined poison. He was not found until Friday evening when a child stumbled over his body while playing "hide and seek."

Barton was over 50 years of age and has no known relatives.

## MASKED MEN ROB EXPRESS CAR

(United Press Leased Wire.)  
Pittsburg, Pa., May 1.—M. B. Slater, agent for the Adams Express company, said today that the ten men who held up the St. Louis express on the Panhandle line of the Pennsylvania, near Walker's mill, probably secured \$20,000, but the amount would not exceed that.

Slater denied the report that a sack containing gold coin, being transferred from the sub-treasury at New York to St. Louis, had been stolen. No clue to the whereabouts of the robbers has been found. N. Roshen, the messenger who was overpowered by the bandits and rendered unconscious, is slowly recovering from the attack.

## FLEET AT SAN FRANCISCO A GOLD MINE FOR THE NEEDFUL BAY CITY

(United Press Leased Wire.)  
San Francisco, May 1.—Three hundred thousand visitors will view the fleet in San Francisco and before they will leave they and the fleet forces will have spent \$2,100,000, according to the latest figures of Southern Pacific and Santa Fe passenger officials, who have had much experience in handling large crowds. It is estimated that \$300,000 will be spent in railroads fares and that \$1,000,000 of the visitors' money will go for rooms, meals and incidentals. The expenses of the fleet forces alone will be \$500,000. Of the 300,000 visitors it is expected that 230,000 will come from bay cities and the remainder from other parts of the country.

## MADAM ANNA GOULD CANNOT MARRY DE SAGAN

(United Press Leased Wire.)  
Rome, May 1.—In spite of recommendations by some of the most influential prelates, the pope has refused to annul Anna Gould's marriage to Count Boni Castellane. Replying to their pleas, he declared that the church only annuls marriage when doubts are entertained as to the validity of the ceremony, adding that there can be no annulling when one of the contracting parties wished to marry again. So anxious is Madam Gould to have the pope act in her favor in the matter, that she came here to speak a personal interview with him. However, it is unlikely that the pontiff will receive her in audience, as she is a divorced woman.

## DRAMATIC SUICIDE OF WELL KNOWN RENOITE

(United Press Leased Wire.)  
Reno, Nev., May 1.—After rolling a cigarette and relating his experience on his father's ranch, Cleveland Murphy, well-known here and the son of James Murphy, a wealthy stock raiser, dramatically committed suicide in a saloon. Murphy was talking with a few patrons of the place late yesterday when he suddenly turned away and walked behind the bar where he picked up a revolver. Quick as a flash he pointed it at his head, the bullet penetrating his brain. It is said that the young man had made two former attempts to kill himself. Although he was known to be of a melancholy disposition, it is supposed that he had some trouble about which his friends knew nothing. Judge Bell says that Murphy's mother committed suicide in Sierra valley a few years ago.
