- O. K. Grocery, A. A. Engleba, Twelfth street.
- Wheeler's Store, W. D. Wheeler, Highland avenue.
- Yew Park Store, F. G. Bower, Twelfth and Leslie.

SOMETHING DOING.

There is more hope for the city of Salem in the auction sale of the townsite of Donald than many are aware of. It is the first time that such a real estate enterprise HAS BEEN SPRUNG ON THE COMMUNITY. It is the California method of selling a whole town off in a day. It is the modern method of building a city in a year.

The people will go down there next Tuesday and they will bid in the lots AS FAST AS THEY CAN BE OFFERED FOR SALE. The cars will not hold the people who will want to go, and they will be there from all directions. On top of the auction sale some real estate will be given away. These are new methods. THEY ARE SWIFT METHODS. Salem as a city has been slow. It has been the town of slow bells. But it is awakening to new ideas rapidly.

SALEM MUST GET CROSS-COUNTRY LINES. There is a splendid feeling of friendly encouraging support for the Salem-Stayton electric line. The committees are canvassing for stock subscriptions and THE SUPPORT IS VERY ENCOURAGING. The business men of Salem must realize that this city has been cut off from its best and most lucrative trade territory by the east and west-side railroads. The people of Stayton are anxious to have a direct railroad connection WITH SALEM ON THE WILLAMETTE RIVER. But they are offered another cut in the shape of a line to Oregon City via Scotts Mills. Salem is losing hundreds of thousands of dollars of traffic and business BY HAVING NO RAILROAD CONNECTION WITH DALLAS. Salem should not let any opportunity slip to get cross-country lines and should not wait too long. Woodburn has just put up the money for a connection with the Oregon electric and IS PUSHING FOR A LINE TO SCOTT'S MILLS. Scotts Mills is the Mecca of more than one proposed road, but if the one from Woodburn is pushed through, the others may be dropped. P. M. Swift, now in New York, is satisfied with the line outlook near Scotts Mills and will build a \$600,000 cement works where his mountain of lime is situated AND EMPLOY ABOUT 250 MEN. He has a route for a motor line surveyed from Oregon City to his proposed works and Scotts Mills and THE RIGHT OF WAY ABOUT SECURED, having obtained it without payment. There is ample capital to build the road. It was his intention to build from Canby, but has changed to Oregon City. THIS ROAD IS POSSIBLE, BUT NOT PROBABLE IF, as stated, Mr. Robertson pushes his road from Woodburn to Scotts Mills without delay. There is a probability that as soon as the coal vein is struck at Scotts Mills the Southern Pacific company WILL BUILD A BRANCH FROM MT. ANGEL TO THAT POINT. Salem, wishing factories and cheap fuel, also has its eye on Scotts Mills and seriously contemplates building there. Work at Scotts Mills is progressing.

A Thousand Dollars

In the bank to your credit would give you a chance for bigger and better things. By persistent saving on a definite plan for a few years, you can save that amount out of even a small income. A saving of 50 cents a day, deposited with us and earning interest, will do it in about five years. Even 25 cents a day will do it in 10 years. If you get right down to business and save five dollars a week, you'll have the thousand in a little over three years and a half. Let us help you save.

SAVINGS DEPARTMENT
CAPITAL NATIONAL BANK

A bed of hard rock has been encountered and made things go rather slowly, but the company expects to uncover the five-foot vein, known to exist, by next August. There is a sure prospect of coal at Scotts Mills and four lines of railroad to that point contemplated, with Woodburn vitally interested in the building of one. It can be readily seen that this is so important that all here should take an active interest in the subject. Salem must prepare to meet the changing conditions, and members of the committee should present any ideas that will help the cause.

HIGHER EDUCATION FOR THE FARMER.

The greatest educational need of the age is a better and more practical equipment for the farmer and fruit grower in the way of SCIENTIFIC AND INDUSTRIAL TRAINING. The state agricultural college at Corvallis is trying to meet that demand. A writer in "Success" magazine says the profession of agriculture demands knowledge of nature's laws, problems processes, and possibilities more than almost any other. THE FARMER DEALS WITH MORE CONCRETE THINGS THAN DOES ALMOST ANY OTHER WORKER, and he should understand the laws of chemist forces. He should understand the chemistry of the soil, in order that he may mix brains with it, be able to bring out the latent possibilities of barren, sterile land. He should understand the laws of heredity in stockbreeding, the marvelous possibilities of fruit evolution, and trees and of plants. He should be ready TO SUPPLEMENT THE VARYING SEASONS AND TO DEFEAT THEIR TRICKY WARFARE. What other man can get greater enjoyment or profit from scientific knowledge than the farmer? Should a man spend his life in the country, in the very Eden of nature's mysteries, and yet know nothing of their secrets? Is it worth nothing to be able to read "books in the running brooks, and sermons in stones?" Is it nothing to be able to read the story of the creation written in the rocks, to be able to trace the handwriting of the Creator IN THE STONE STRATA WHICH CROP OUT OF THE SOIL? Is it worth nothing to a farmer to know something of the mysteries which unfold the petals of the flowers and develope the fruit from the seed? Is he to remain forever ignorant of the marvels of the sunset and the rainbow? SHALL HE NOT KNOW SOMETHING OF THE LAWS OF THE CLOUDS and the marvelous colorings of the heaven and something of the wonderful mysteries of the constellations spread over his head? Enwrapped in Nature's mysteries, must he remain incapable of understanding any of them, entirely ignorant of their meaning? The fact is, we have been too ignorant to know or to appreciate the dignity and the marvelous possibilities of the profession of agriculture.

THE PROPOSED BAND CONCERTS.

Committees are at work to raise a subscription for SATURDAY AFTERNOON BAND CONCERTS. There are to be Sunday afternoon concerts and on all big holidays free band music. This involves a pledged subscription of about \$2500 a year but IS A GOOD INVESTMENT. Salem should put on more holiday airs, brighten up the streets with lights and music at night as well as in day time. MAKE SALEM A HUMMING LIVE TOWN, FULL OF PEOPLE AND BUSINESS. If the city is voted dry the people are still going to have amusements and we are afraid they will even get something to drink. It is better to have music and "entertainment for man and beast," baseball, football, dancing and skating rinks, THAN TO HAVE SECRET VICES PRACTICED. Let the screen be taken down from the saloons, let the doors be thrown wide open and LET THE PEOPLE DO WHAT THEY DO IN OPEN PUBLIC GAZE. Let us have music on the streets, a good band concert on Sunday afternoon and let people get out into the fresh air and enjoy the glorious freedom of American citizenship. LET US INVITE THE COUNTRY

PEOPLE IN AND GET BETTER ACQUAINTED WITH THEM. CITY PEOPLE SHOULD NOT PUT ON SO MUCH STYLE AND COUNTRY PEOPLE SHOULD PUT ON MORE.

Without the country trade the city would starve to death. THE COUNTRY PEOPLE ARE THE INDUSTRIAL AND FINANCIAL BACKBONE OF THE COUNTRY and they are entitled to better treatment in the city. In the city of La Grande they have hit upon a rather novel method of exploitation which has to do with cultivating the good will of the home folk. Not long ago they had a live stock show up in that metropolis of Eastern Oregon and from all accounts it was what the exuberant fellow WOULD CALL A HOWLING SUCCESS. From this the LaGrande folks took the hint and decided to give a sort of continuous performance; and from all accounts it appears the idea was a good one, says the Telegram. In other words, every fourth Saturday, or thereabouts, in LaGrande IS CLOSE KIN TO A HALF HOLIDAY: with festivities all for the farmer who lives in that vicinity. Band concerts and auto shows and market days and a general recurrence of the carnival, is the program as now indulged in at monthly intervals, to continue, as we understand until further notice. All the details of the matter is not clear from the reports received but sufficient is disclosed to convince the public spirited man that there is the RIGHT SORT OF COMMUNITY EXPLOITATION UP IN THAT NECK OF THE WOODS. This proposition of getting well acquainted with your next door neighbor is a most excellent one for every town and city in the state and especially if your next door neighbors are tillers of the soil who at first hand are your real support. There is nothing that will go farther in real advancement than the cultivation of good will between a municipal community and a farming community on which it depends. Such courtesy and enterprise amounts to AN EXCHANGE OF FAVOR BETWEEN THE CITY MAN AND THE COUNTRY MAN. It assuredly has this effect, that in any public matter concerning the section whether the direct benefit be merely unity of purpose towards its accomplishment. Aside from this there is great social and business benefits from the more general visiting of farm people to the city, BOTH THE MERCHANT AND HIS CUSTOMER IMPROVE ON CLOSER ACQUAINTANCE. Sectional loyalty is augmented by the process; and when this happens in every section of the state the state at large is immensely benefited. So we say amen to the proposed Saturday and Sunday band concerts. Salem could not make a better investment than to raise \$2500 for music for the people.

COFFEE

Our name on the package gives us the credit, and puts on us the money-back burden—it isn't a burden!

Your grocer returns your money if you don't like Schilling's Best; we pay him.

Discussion of the Single Tax—

Hon. E. J. McAllister, a prominent attorney of Portland, is billed to address the citizens of Salem on next Monday, May 11, at 8 p. m. All interested in hearing this important measure discussed are cordially invited to be present.

NOTICE.

To Improve a Portion of State Street.

Notice is hereby given that at the meeting of the common council of the city of Salem, Oregon, held May 4, 1908, a resolution was adopted to improve State street in said City with full intersections; between the east line of Commercial street and the west line of Church street in the following manner:

By taking up the south railway connection connecting the street railway track of the Portland Railway, Light & Power company with the street railway track of the Oregon Electric Railway company at the intersection of High and State streets in said city; and by paving the roadway of said street with Warren's Bitulithic waterproof pavement and by moving out and establishing the curb lines on said street and for the doing of all other things required by and set forth in the plans and specifications now on file in the office of the city recorder of said city for the pavement of said portion of said State street with Warren's Bitulithic waterproof pavement, which plans and specifications will govern the making of said improvement in every respect. The cost of said improvement to be assessed on abutting and adjacent property, as provided in the charter of said city. By order common council.
W. A. MOORES,
Recorder.

Date of first publication of this notice the 5th day of May, 1908. 5-5-11t.

HAYWOOD SOCIALIST NOMINEE

(United Press Leased Wire.) Chicago, May 9.—Socialists who are gathering here today to attend their national convention, which opens tomorrow, seem to agree that William D. Haywood, prominently identified with the Western Federation of Miners, has the best chance of becoming the party's choice for President of the United States. The rank and file of the party strongly favor his nomination, while some of the members, who are known as conservatives, are opposed to him. It is said that Eugene V. Debs suggested Haywood as a candidate while the latter was still in jail in Boise awaiting trial on a charge of being implicated in the assassination of former Governor Steunenberg. Every state and territory will have delegates in the convention. The party received 460,230 votes in the last election when Debs ran for President on the Socialist ticket.

The World's Best Climate. Is not entirely free from disease, on the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. Sold under guarantee at J. C. Perry's drug store. Price 50c.

Registration is proceeding as fast as could be expected under a very bad law.

Bad Attack of Dysentery Cured. "An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it," says M. J. Leach, druggist, of Wolcott, Vt. For sale by Dr. Stone's drug store.

NOTICE. Notice to Improve a Portion of Winter Street in City of Salem.

Notice is hereby given that at the meeting of the common council, held April 27, 1908, a resolution was adopted to improve Winter street in the city of Salem, Oregon, including intersection, from the north side of North Mill Creek bridge to the Fair Ground road in said city, in the following manner:

First, by placing in tiling not less than 24 inches in circumference across said Winter street where said Winter street is intersected by the north line of North street; where it is intersected by both the north and south line of Market street, and where it is intersected by the south line of the Fair Ground road.

Second, by establishing the grade and by grading and filling the said Winter street between said points, to conform to said grade, except as mentioned in paragraph three hereof, with full intersections. Third, by leaving or plowing out a strip 12 feet in width, full length of the proposed improvement along the center of said street to a depth of 10 inches below the established grade of said street and when so plowed rolled with a steam roller and then filling the same to a depth of 6 inches with creek gravel and then rolling the same and upon this spread a layer of 4 inches of crushed rock well filled with rock screening, so the surface of said improvement shall be level with the established grade of said street.

Fourth, by taking away the bridge over the ditch where said Winter street intersected the Fair Grounds road and laying tiling in said ditch, and covering said tiling with dirt in such a manner that said ditch will be filled full width of said Winter street on a level with the surface of said street, save and except a strip 12 feet in width in center of said Winter street, where said Winter street intersects said ditch at which point said ditch shall be filled with dirt to only within 10 inches of the surface of said street, upon which shall be placed six inches of creek gravel and upon said gravel shall be placed 4 inches of crushed rock to be rolled as above stated, and the north line of said ditch shall be the north line of said improvement.

Fifth, the cost of such improvement shall be assessed to the abutting and adjacent property owners as provided in the charter of said city. By order of the common council,
W. A. MOORES,
Recorder.

Date of first publication of this notice, the 30th day of April, 1908. 4-30-11t.

Blood Humors

Persistent Eczema—Druggist Advised... Medicine—Another Complete Cure.

It makes no difference how severe or long-seated a case of blood, humors, eczema or scrofula may be, Hood's Sarsaparilla is just the same. It has the greatest record of any medicine ever made. Has received the largest number of testimonials—40,866 in two years. It is the one above all others for you to take if you need a thoroughly good medicine for your blood. Read the following from Mr. C. C. Bailey, a well-known pump manufacturer, of Champaign, Ill. "When I asked my doctor what that eruption was which came under my right ear, and which had refused to yield to home treatment, he said it was a bad case of eczema and that it would take a long time to cure it. Another doctor said it was about the worst case he ever saw. I followed their advice for 16 months, and still the eruption would not heal. "One day I asked the druggist if he had anything he thought would do me good. He said if anything would cure me it was Hood's Sarsaparilla, and I bought three bottles, which I took and I decided improvement at the end of the first bottle, and cured at the end of the second." C. C. Bailey, 48 E. 1st Street, Champaign, Ill.

Hood's Sarsaparilla

Will convince and cure where given a fair trial. Buy a bottle.

Notice to Change Grades on State and Commercial Streets. Notice is hereby given that the common council of the city of Salem, Oregon, adopted a resolution, April 27, 1908, for the changing of established grades on State street in said city between the east line of Commercial street and the west line of Church street, and Commercial street in said city between the north bank of South Mill Creek and the north line of Center street. Said change to be made in accordance with the profiles and report as made from the survey of J. B. Perrott. By order of the common council,
W. A. MOORES,
Recorder.

NOTICE. Notice is hereby given that the common council of the city of Salem, Oregon, will at 8 o'clock p. m. on the 11th day of May, 1908, at the common council chambers at Salem, Oregon, proceed to assess upon each lot or parcel of land liable therefor its proportionate share of the cost of improving Hood street in the city of Salem, Oregon, with full intersections, between the east line of Commercial street and the west line of Sixth street in said city, to be improved as shown by the plans and specifications on file in the office of the city recorder of said city.
