

STAYTON ELECTRIC

WOMEN WORKING HARD FOR THE STOCK SUBSCRIPTIONS AT THE HEADQUARTERS AT BOARD OF TRADE.

Salem-Stayton electric rail committee of the Board of Trade and Salem business men have permanent headquarters at Board of Trade rooms and are making stock subscriptions and working with good success. The committee proposes to make a thorough campaign and the work is to be closed up this month.

(Stayton Mail.)
A meeting held Tuesday night following solicitors for stock in proposed Salem-Stayton railroad appointed to work with G. L. and Willis Caldwell, previously chosen as members of the board of managers: Chas. Streiff, R. A. Elwood, Dr. W. L. Freres, E. D. Albrecht, Dr. Brewer, J. F. Robertson, Spaniol, O. V. Myers. Selling of stock has already begun in the towns through which the road passes—Aumsville, Turner, Stayton, and the Stayton solicitors are at work on the proposition.

It is expected that there will be no trouble in disposing of enough stock to insure the building of the road.

The road would double and treble the value of lands adjacent to it and very largely increase the value of real estate in the towns it touches.

Stayton has everything to gain and nothing to lose by going heavily into this matter. All signs point to the fact that the town will not get under three or four years unless this project is pushed to a successful conclusion. The plans upon which the road is to be built are conservative and carefully laid; the promoters are all representative men from the people have full confidence and the road will be a paying proposition from the start. This latter fact is more than demonstrated. The money from Stayton alone will pay the building expenses.

This is the best opportunity the town of this part of Marion county has ever had offered to secure a road and one that they should take with their best energy. The road in real estate will more than pay the proportion of this territory, the increased advantages in shipping and facilities will be of incalculable benefit. Every resident should buy some—whether much or little—the road will be assured.

SPINNERS GO OUT

(Continued From Page 1.)

same rate) that were in effect at the time of the reduction last year. He says he will at any time make something of a raise as a inducement for the men to return to their work.

The strikers, when seen yesterday, they would stay out until demands had been granted, or some satisfactory arrangement had been made with Kay. Kay is very insistent that he has treated the men fair, and that they get good pay—even at the present schedule. The men seem to have been aroused by the organized demand on Kay to scale down, and he states that he would have lost nothing if he had gone ahead with their work and sent one man in to see him and their grievances.

Concerning the Strike.
Senator Tom Kay's woolen mills in this city, employing 120 hands, have completely Saturday because of the strike of nine spinners. The strike, which is of independent nature there being no union here, is because of the reduction in wages made the first of the year, ranging from 5 per cent to 10 per cent.

The strike was a complete surprise, though two of the men had previously served notice they would quit May 15. The four spinners who quit through Friday night meeting that were to have begun Saturday morning and they marched into Kay's office and demanded a return to the scale under which six of the men received \$2 a day instead of \$1.50 at present, and the other two made \$50 per month instead of \$40 as they do now.

Kay has sent his foreman to Oregon City to secure spinners but is unable to get assistance from that

Stop Don't Wink— But keep both eyes wide open

Many thousand people have winked at the grocer during the past ten days. In response they have received a generous sample of Kellogg's Toasted Corn Flakes. And they were delighted. It gave them an idea of how delicious a breakfast food could be.

Over 100 men were engaged to issue the invitations and see that all grocers were supplied with "wink ammunition."

The result was a most phenomenal demand for the new breakfast food. We venture to say that fully one-half the people of the city had Kellogg's Toasted Corn Flakes for breakfast this morning. And most of them will continue to enjoy it for breakfast.

But every great success has imitators.

The real purpose of this advertising campaign is to guard you against substitution; we want to impress upon your mind the name "Kellogg's", familiarize you with the package and signature of W. K. Kellogg and thoroughly acquaint you with the delicious flavor of the genuine—Kellogg's Toasted Corn Flakes.

For they may imitate the box—they may copy the name, but they cannot copy the Flavor.

It's the flavor that won its favor. It will win your favor and it will hold it. So when you want the real Toasted Corn Flakes, be sure and call for and

Insist on getting the GENUINE — Kellogg's TOASTED CORN FLAKES

This signature identifies the genuine.

W. K. Kellogg

Senator Kay said Saturday night: "I am sorry this occurred. I told the men when they came to me this morning that if they would go back to work and authorize one of their number to act as spokesman I would willingly listen to their grievances. It was my intention to grant them their increase, but I did not like their manner of demanding it. In fact, if the men come back now I will probably give them an increase; that is, all except the ring-leader. The mill is closed indefinitely until the men come back to work or we get a new crew. I have always paid my men well and have had nothing like this before."

Kay also called attention to a reduction in store for the men in the employ of the Portland Woolen mills when that concern runs up to its full quota in the summer in stead of, as now, only 36 hours out of every 60 hours contained in a week. The strikers say they will not go back until every one of them is taken in at the higher pay.

Insist upon DeWitt's Witch Hazel Salve. It is especially good for piles. Sold by all druggists.

VICTORIES SCORED BY CAPITALS

The local Tri-City league aggregation took another step up the percentage ladder last Saturday and Sunday by trimming the sails of the Albina lads two times straight.

An excellent exhibition was given by the local fans Saturday who went out to see the two teams hook up,

and notwithstanding a few minor errors a first class ten-inning contest was pulled off by a score of 1 to 2 in favor of Salem. "Dinny" Hull threw a neat game for the Cherry Pickers, while Shaw, the big heavyweight for Albina, held his own in good form until the last half of the tenth inning when his twisters were stepped into a lively pace by the local boys, netting them the necessary scores to win the game. From the fourth inning to the last of the tenth the score for both sides stood one all and some real interesting ball was played by the respective teams during the six innings when the score was tied.

A very small crowd witnessed the contest which deserved a good patronage.

Yesterday's game, if a game it could be called, was by far the most tiresome exhibition of baseball ever pulled off in this city during the present season, the Salem team having everything all their own way from the first inning to longed-for ninth inning which resulted in the Albina "ball players" receiving a big round goose egg and the Cherry Pickers piling up eight scores to the merrily. Not even the support of the Salem fans, which was handed out liberally after the fifth inning, could bring the visitors to real action, they having apparently threw up the sponge after the first two innings had been played. Salem made their first showing in the last half of the second inning when Jerman got first on a slow hit to third base, which was muffed by the gentleman covering that position for Albina, a hit by Nace, a dead ball for Meyers and a scratchy bunt by Edwards, scored Jerman. Nace also scored due to a fumble on the third baseman's part when a throw was made from home to catch him playing off. Edwards scored in the fourth canto after getting a base by a dead ball, and steal-

ing second and third and coming home when Pitcher Shaw threw to third with the intention of catching him off, but the third base man was peacefully slumbering at his post, allowing the ball to sail merrily out in the leftfield garden, and Edwards to walk home.

At the sixth inning the Albina southpaw ambled into the box, but was soon put to the plain wood bench after receiving several good wallops at the hands of the locals, to the tune of three more scores, after which, Broughton, the youngster who tried out for a position on the Salem nine at the first of the season, took the situation in hand for the visitors and held Salem down to one run, but had he been given a longer go, a "help wanted" sign would have been his decoration at the end of his attempt.

Shaw, who started the pitching for Albina, was not up to his form of Saturday's game, and he was found quite frequently. Meyers, the new box artist lately signed up by the Salem management, made good proper, permitting the visitors only one hit. Young Meyers certainly showed the goods recommended by Joe Fay, and a little more to go on. Porterfield, Salem's third baseman, was unfortunate in his playing yesterday, and let a few chances go to the winds, but a plausible excuse can be given owing to his sickness Thursday and Friday.

Dave Edwards was the "batting kid" yesterday, having punched out two two-baggers and a clean single. The Cherry Pickers are to go up against the West Portland bunch here Saturday and Sunday, and the tune that will be played between the respective teams will no doubt be somewhat different than the two games just pulled off on the local grounds.

SEATTLE PREPARES FOR FLEET

Seattle, Wash., May 11.—Visitors to Seattle during the coming reception and entertainment of the Atlantic battleship fleet, which will arrive in this city on the afternoon of May 23rd, are assured that they will not only receive the welcome of the city and be afforded a long program of splendid entertainment, but are also certain they will not be subjected to extortionate prices by the hotels and restaurants of the city. The Seattle Hotel and Restaurant Keepers' association has announced that all of its members have signed an agreement not to raise above their present scale of prices during the visit of the fleet. All the leading restaurants and hotels in the city are members of the association, and the agreement not to raise prices will practically cover all the cafes usually patronized by visitors.

Arrangements are being perfected to provide plenty of seating accommodations for spectators at the time of the great land parade, May 26th. In addition to the number of small stands that will be erected by private parties, an enormous grand stand will have reserved seats for 10,000 persons and applications are now coming in rapidly for tickets. The committee has announced that a certain number of seats will be reserved for out of town spectators who desire to see the parade from this point.

Applications for seats can be sent by mail to A. F. Devereux, care the Seattle Chamber of Commerce and the tickets will be mailed as soon as

printed. Purchasers should enclose \$1 for each seat wanted.

Great interest is being taken in the program of athletic and aquatic sports for the afternoons of May 25 and 26. These events will be of particular interest to visitors as they will take place in locations where an excellent view of all contests can be obtained.

The aquatic sports are to be on the bay, and arrangements are under way to obtain the use of the decks of the battleships as view points for the visitors. A number of barges will be fitted up by ship owners and a fleet of excursion boats will also make special trips to the scene of the races and other events.

The athletic meet and barbecue in the large playgrounds at Woodland park will afford plenty of room for thousands of spectators to see the events in comfort.

One of the most interesting features of the water sports will be a log rolling contest for the championship of the northwest in which experts will enter from all over the Northwest.

IRISH WILL NOT BE BRITISH TROOPS
(United Press Leased Wire.)
Dublin, May 11.—British military authorities are facing a serious situation owing to the fact that the Irish and Scotch are refusing to enlist in the British army.

This is due to the Sinn Fein propaganda, which is against the enlistment of Irishmen. The Scotchmen have followed the example set by them. Figures show that at present there are 22,000 Irish in the British army, while five years ago there were about 45,000.
