

60 Years

Sixty years of experience with Ayer's Cherry Pectoral make us have great confidence in it for coughs, colds on the chest, bronchitis, hoarseness, weak throats, weak lungs. Ask your doctor to tell you his experience with it. If satisfactory, then you will certainly have every confidence in it.

The World's Best Climate. Not entirely free from disease, the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or lesser extent, according to altitude. To overcome climate affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Lighter, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. Sold under guarantee at J. C. Perry's drug store. Price 50c.

On a west side train recently there were four bridal parties, and by the time the train reached Portland the brides were said to be knee deep with tears.

When your food seems to nauseate take Kodol. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by all druggists.

It is said the railroad company is counting on four or five thousand people visiting Newport while the fleet is there. That would take seven or eight trains.

When the doctor is called he asks: "How are the bowels?" They are generally wrong. His visit might have been saved by a timely dose of Lane's Family Medicine.

But Wait For Vacation. A country clergyman on his round of visits interviewed a youngster as to his acquaintance with Bible stories. "My lad," he said, "you have of course, heard of the parables?" "Yes, sir," slyly answered the boy whose mother had inducted him in sacred history. "Yes, sir."

"Good!" said the clergyman. "Now which of them do you like the best of all?" The boy squirmed, but at last, heeding his mother's frowns, he replied: "I guess I like that one where somebody loafs and fishes." Exchange.

Lane's Family Medicine is a tonic-laxative. It does not depress or weaken, but imparts a feeling of buoyancy and strength that is delightful. At all druggists 25c.

Registrations close for the election on May 15. Have you registered? If not, why not.

Mr. John Riha, of Vining, Ia., says "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold." Sold by all dealers.

Rhododendrons are now in flower. But wait till the fleet day.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Liniment will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Dr. Stone's drug store.

A Stayton merchant runs a half page ad in the Scio paper. That's his hustle.

Biliousness and Constipation. For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Peppin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally. Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Dr. Stone's drug store.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by Dr. Stone's drugstore.

Honey is himself again. Yesterday he called Lawyer Ach a liar.

PEOPLE'S POWER LEAGUE

Holds Successful Session at the Grand Army Hall on North Commercial Street.

Sunday afternoon about three hours was profitably spent discussing the University of Oregon appropriation, and the bearded lion of Linn County Council came down and met the university alumni represented by Dr. Carleton Smith, Chas. V. Galloway, Clarence Bishop and others. J. H. Ackerman joined in the fray and there was something doing all the time.

Granger Eugene Palmer complimented State Supt. Ackerman on being the fairest man the supporters of the university had produced, but claimed Oregon was not at the bottom rung of the ladder as had been represented. He wanted more money to bridge the chasm between the eighth grade of the country school and the thirteenth grade where the university took up the work. He pleaded for more county high schools and better country schools, and wanted the university not to have less than it needed but the common schools to have what they did need. Chas. V. Galloway spoke as a graduate who had spent three years, and his brother had been there four years. He said the university lands should have produced a fund of a million with an annual income of \$60,000, and the irreducible school fund of Oregon should be forty or fifty millions, instead of five or six millions. He rather intimated that school funds from public lands had been squandered in Oregon, and favored the creation of a larger irreducible fund for the university and the common schools by tax of at least one-tenth of a mill annually, that would produce \$60,000 a year. A man by the name of Denlinger closed the debate by arguing that our educational system was top-heavy, and we needed to do more for industrial education and the workers, instead of the privileged few.

Superintendent Ackerman said that Washington appropriated \$475,000 for its Agricultural College at Pullman and that when Easterners come to the Coast seeking homes Washington boomers urge them to locate in that state and remind them of the amount of money Washington is spending on its schools, while Oregon is holding up and may defeat an appropriation of \$125,000 for the state university. In his opinion this argument is being used effectively and it will be to the advantage of this state if home-seekers can be told that Oregon has passed the appropriation bill.

Arguments for Appropriation. Briefly stated his arguments in behalf of the bill were: That money put into education is not a tax, but an investment; that an education is valuable, not merely to the man who gets it, but to the entire state, for the educated is more efficient than the uneducated; that the state university, because tuition is free enables every boy and girl to get a college education if desired; that higher education should be provided at home, for if boys go away to college, we lose the brightest of our young men; that it must be expected that the cost of education per capita will be much higher in the university than in the common schools, for the instructors must be paid higher salaries and can teach a smaller number of pupils; that the adoption of this law, providing for a continuous appropriation, will take the state university out of politics by making it unnecessary for the legislature every two years for an appropriation, that the university is the head of the educational system of the state and its standard must be maintained; that wealth does not produce education but education produces wealth; that if the education of the people of Oregon could be doubled today the wealth of the state would be more than doubled.

A Californian's Luck. "The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve," writes Charles F. Budahn, of Tracy, California. "Two 25c boxes cured me of an annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold unguaranteed at J. C. Perry's drug store.
