Grant Pass, Or., May 13.—Three hand dealers of Grants Pass, Robert and Benjamin Harrison and C. C. Jones have taken out over \$30,000 worth of gold from a claim in the Williams creek district within the last 20 days. On Eastern Sunday they assert, they took out \$7000 of the metal and last Thursday's cleanup amount to pounds of pure gold.

CHERRY FAIR

Meeting of the Cherry Fair committee of the board of trade was called last evening by Chairman Powers to discuss some important business in connection with Salem's annual festival.

The date of the fair will be somewhere between the tenth and fifteenth of next month. Owing to the uncertainty of the weather, the exact date which the cherries will be at their peak cannot at this time be determined. At the meeting next week, however, the date of the fair will probably be definitely set.

A Californian's Luck.

The luckiest day of my life was when I bought a box of Bucklen's Salve," writes Charles F. Mahan, of Tracy, California. "Two boxes cured me of an annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold untroubled at J. C. Perry's drug

The Architect and the Sky-Scraper.

Several years ago the business of New York, concentrated in the lower part of the island, increased so rapidly that it became imperative to erect office buildings sufficiently high to house all of the interests naturally belonging to that portion of the city. The architects looked upon the task in the spirit in which many Americans still regard what they are pleased to term our "money madness" or "absorption in material interests." That they were ashamed of their work is testified by many buildings whose delicate ornamentation can be seen only in the original drawings, whose surfaces are chopped into innumerable and inconsequent parts, and whose persistently recurring horizontal vanly cry out that they would like you to understand that they prefer the low buildings of other lands. They consented to build these "monstrosities" in order to make a living, while they reserved their "art" for the public buildings which are more or less interesting studies in archaeology and the city houses which might assure the "patrons" of the Ecole des Beaux-Arts that they had learned their lesson well.

But it occurred to some architects who happened to be also artists in touch with their time and country, that instead of being forced to an odious task they were offered a splendid opportunity. These men no longer attempted to impose a foreign architecture upon native conditions; they ceased to babble the formula of the schools, and boldly proclaimed in firm, recurring vertical lines in buoyant and declamatory ornament, the avid struggle, the extravagant energy, the aspiration and desire of power, the disregard for tradition, the irreverence event the cruelty and sublimity of commercial life in America. It seems almost needless to add that architecture immediately lost its hesitant and contradictory character, and after a few ambitious promises attained a new and wholly individual standard.—Bayard Boyesen, in Putnam's and The Reader for May.

MINISTER ACCUSES LAMPHERE LA PORTE MURDER

METHODIST PASTOR SAYS LAMPHERE CONFESSED BURNING WOMAN AND CHILDREN—MRS. GUNNESS ALIVE.

(United Press Leased Wire.)
 Baltimore, Md., May 13.—That Ray Lamphere, under arrest in La Porte, Ind., in connection with the deaths of Mrs. Belle Guinness and her three children, is guilty of the crime is the startling statement made by the Rev. E. A. Scheil, pastor of the biggest Methodist church of the latter city, who declares that the prisoner confessed to him.

The pastor says Lamphere came to him one day in a pitiful condition and with tears streaming down his cheeks, told his dreadful story. "I know that Lamphere helped to kill the Guinness children," said Scheil.

"They were chloroformed and then the house was fired. Judging from what Lamphere told me the body of the woman found in the ashes is not that of Mrs. Guinness. Mrs. Guinness is still alive. Lamphere was very jealous of Helgaline, one of the Guinness victims. In my opinion the man is a moral degenerate. With money Mrs. Guinness had given him he used to come to town and drink heavily."

It Reached the Spot.

Mr. E. Humphry, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike county, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at J. C. Perry's drug store. 50c and \$1.00 Trial bottle free.

John Harritt was yesterday appointed executor for the estate of the late Julia F. Harritt of Polk county, and N. H. Stonebrink and L. D. Fields were named as appraisers. The estate is valued at about \$8000.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Liniment will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this Liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Dr. Stone's drug store.

Bond Approved.

The bond for \$4000 given by Geo. W. Hubbs, who was lately appointed administrator for the estate of J. E. Hammond, deceased, has been approved.

When your food seems to nauseate take Kodol. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by all druggists.

Militia Dance.

The members of company M of the Oregon national guard are busily preparing for the big dance which they are to give on the evening of the fifteenth. The local company has the reputation of giving very delightful dances, and the guardsmen have determined even to surpass their former efforts next Friday night.

Bad Attack of Dysentery Cured.

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist of Wolcott, Vt. For sale by Dr. Stone's drug store.
