ROOSEVELT WARNS JAPS TO STOP COMING

CHINESE REVOLUTION IS ASSUMING SERIOUS PROPORTIONS

**HUNDRED DOLLARS RE-
WARD—\$5000 CORONER'S EX-
PENSE—\$2000 FOR SHERIFF'S
INVESTIGATION.**

(United Press Leased Wire.)
Porte, Ind., May 15.—Seven
and dollars have been appro-
ved by the county commissioners
ward for the arrest of Mrs.
Gunness, if she is alive. The
of \$5000 has also been set aside
for the expenses of the cor-
and \$2000 for the sheriff's in-
vestigation. Digging on the "murder"
has practically been abandon-
ed. It is not thought that any
corpses will be found there.

MENT REFUSES FRENCH AID—

(United Press Leased Wire.)
Shanghai, May 15.—The rebels
have captured Lianfu and the fall of
Mengtse is certain. The maritime
customs officials have withdrawn.
The French offered to send troops
from Lokay to quell the movement
but the authorities refused, fearing
worse complications regarding the
railway the French are building
which is certain to be the subject of
future claims and compensation.
There have been serious riots at
Hankow in the native city over the

**ROOSEVELT
WILL WARN
JAPANESE**

TO STOP COMING

**TOO MANY LABORERS—BIG EM-
MIGRATION MUST CEASE OR EX-
CLUSION — PRESIDENT'S PA-
TIENCE ENDS.**

(United Press Leased Wire.)
Washington, May 15.—Unofficial
announcement is made that Presi-
dent Roosevelt has in strong terms
called the attention of Japan to the
continued influx of Japanese labor-
ers, and it is said that the mikado
has been told that if this matter is
not regulated the United States will
be compelled to pass an exclusion law.
Since the passport agreement went
into effect in January, 1907, a drop
of 4343 occurred in the month as
compared with January of the pre-
ceding year. In February there was
a decrease of 2157; in March it was
2198, and in April, 1185. According
to the regulations issued by Commis-
sioner General Sargent, a skilled or
unskilled Japanese or Korean, found
in the continental territory of the
United States without having been
duly admitted upon inspection, may
be arrested and held for deportation.
As Japan would strongly oppose
any action looking to the legalization
of a policy of exclusion, President
Roosevelt decided to let that country
regulate the matter so that it would
not suffer any humiliation. But the
mikado has been slow in stop-
ping the influx of laborers the Presi-
dent feels that it is duty to call a
halt even if he had to address a re-
monstrance to Japan.

**THAW IS
SAID TO
BE SANE**

BY AN ALIENIST

**MAY GO ON STAND TODAY—DR.
EVANS BELIEVES HIM SAFE—
OPINION BASED ON PRISON-
ER'S ACTIONS IN MATTEWAN.**

(United Press Leased Wire.)
Poughkeepsie, N. Y., May 15.—
Harry Thaw entered the court room
today minus the usual smile that he
has been wearing. He was imme-
diately engaged in conversation by
Attorney Graham who evidently
sought to coach the defendant for
the ordeal he must pass through
when he takes the stand in the pro-
ceedings brought to have him re-
leased from Matteawan asylum. It
is probable that he may testify to-
day.
Dr. Evans who testified at the two
previous Thaw trials, was the first
witness today. He declared that he
thought the defendant was sane basing
his opinion upon his observation
while the latter was at Matteawan.
"I saw Thaw last night and told
him I thought he should take the
stand," said the witness.
"He asked me why, and I answered
that I thought he could convince
the court that he was sane."

**STRIKERS
ASSAULT
POLICE**

AT CLEVELAND OHIO

**CARMEN WALKOUT—MOB FOL-
LOWS CARS—POLICE CHIEF IS
STRUCK—TRACTION COMPANY
ALMOST TIED UP.**

(United Press Leased Wire.)
The first serious disturbance in
the streetcar strike which began here
this morning when 1350 carmen left
the company because they claim
President Dupont has not lived up to
his agreement, occurred near the
Lakeview barn, when a stone was
hurled at Chief of Police Kohler by
a strike sympathizer. The rock
struck him but did not inflict a seri-
ous wound. A squad of policemen,
headed by Kohler, was trying to
drive back a crowd that gathered
about the barn when the chief was
hit.
Hundreds of stones and clubs
were thrown at the police, who had
to use their clubs to protect them-
selves. It is reported that several
strike sympathizers were slightly in-
jured.
Whenever an attempt is made to
operate a car it is invariably follow-
ed by a howling mob, when tries to
force the motorman and conductor to
desert their charge.
Developments late this afternoon
did not indicate that the militia will
be needed. Police seem to have the
situation well in hand. Mild rioting
continues, but no one has been
seriously injured, though the car
crew that remained on duty has been
stoned, clubbed and assaulted in
other ways. Three arrests have been
made. Figures given out by the
union show that 1350 men struck
and that 250 remained at work.
Mayor Johnson declared today
that he would do all within his power
to settle the strike.
President Dupont declares that if
the police will give the man who are
still on duty proper protection he will
operate the cars throughout tonight.

**MAD MAN
CAUGHT
AT LAST**

AFTER HARD FIGHT

**MANIC BARRICADES HIMSELF
IN HOUSE WITHOUT FOOD FOR
DAYS — WOUNDED — NINE TO
MAKE CAPTURE.**

(United Press Leased Wire.)
Oregon City, Or., May 15.—
Wounded by a revolver bullet in the
forearm and without having tasted
food for several days, Thomas
Tmarof, a Slavonian, barricaded the
doors to his hut near here late Fri-
day afternoon and held off a posse of
nine men until after dark. Tmarof
is an employe of a paper mill. Fri-
day he apparently went insane. He
suddenly jumped from his work and
brandishing a large knife, dashed in-
to a crowd of workmen, threatening
to kill two whose names he called
out. These men escaped him and he
ran from the factory. He was pur-
sued by two deputy sheriffs and a
posse of citizens and in an exchange
of revolver shots with the officers,
he was wounded in the arm.
Exhausted, he finally returned to
his home where he put up a desperate
fight with an axe before he allowed
himself to be handcuffed.
He will be examined by the in-
saneity commission today.

ishment of war are arriving here to-
day to attend tonight's session of
the Pennsylvania Arbitration and
Peace conference, which will be held
tomorrow, Monday and Tuesday.
Governor Stuart will call the
meeting to order tonight and will

**PREACHER
CONVULSES
AUDIENCE**

Pasadena, Cal., May 15.—Robert
J. Burdett, the preacher humorist,
convulsed the said Bankers of the
state at the second day's session of
their fourteenth annual convention
today.

"Money is conservative," he
said. "It has changed its language
less than any other creature endow-
ed with vocal powers. The earliest
money was cattle and we connect
'bull's' with the wealth of the
present day."
"A man finds himself in financial
trouble, with much to pay and nothing
to pay with. He rushes out of
his office, drops into a 'bully' place,
takes a 'horn' and the world looks
brighter to him. He takes another
and there is a right in the clouds.
Another and another and he owns
the world. The language of money
is unchanged.

"Well it became burdensome to
use herds for an exchange medium,
skins were used. Still it is thus,
only we skin the man instead of the
brute. But we still preserve the ori-
ginal custom of hanging the hide on
the fence."
"Needed reforms in your banking
laws," was the topic on which ex-
Banker Commissioner H. W. McGee,
of Pasadena, spoke to the delegates.
He advocated a superintendent of
banks instead of a board of commis-
sioners.
F. S. Hampshire, of San Francisco,
spoke briefly on "Depositors' Guar-
anty by Legislation," advocating
this method as a necessary preven-
tive measure.

BIG PACKING PLANT BURNS

South Omaha, Neb., May 15.—The
Omaha Packing Company's plant here
was destroyed by fire early this
morning and a loss of approximately
\$1,250,000 inflicted. The flames
spread to the plant of the Cudahy
Packing Company and a five-story
building belonging to this concern,
with a large amount of meat, was also
destroyed the loss being probably
\$200,000. Five firemen were buried
under a falling wall but were rescu-
ed. All were seriously injured.

Officers and men of the battleship
fleet in Frisco bay are sore because
Admiral Dayton, of the cruiser
squadron, is temporarily ranking of-
ficer of the entire fleet.

**ASSAILANT
OF GIRL
IS CAUGHT**

St. Louis, Mo., May 15.—Ray
Wilkinson, charged with shooting
Miss Helen Correll, 14-year-old
daughter of the superintendent of
maintenance of ways of the Iron
Mountain railroad, in her father's
private car near Fish, Mo., was cap-
tured today by a posse.
The posse overtook him at Poplar
Bluff, Mo., 30 miles from the scene
of the shooting. It is said Wilker-
son was discharged from the employ
of the Iron Mountain railroad and
that he shot the girl in seeking re-
venge. Miss Correll's condition is
serious.

Wheat Jumps Four Cents.
(United Press Leased Wire.)

Portland, Or., May 15.—Bluestem
wheat jumped four cents today on
the Portland board of trade. Ninety-
five cents was bid for 200 tons and
the price went begging, none being
offered. The enormous California de-
mand caused the rise.

**OUT OF THE "DRY"
INTO THE WET**

Two well known citizens of Eu-
gene, who are registered on the city
recorder's books as John Doe and
Richard Roe, wandered in from the
dry county of Lane last evening, and
proceeded to celebrate. They were
picked up at a late hour last night
in an intoxicated condition by one
of the night policemen, and were
comfortably lodged in the city hall
behind a door with bars in it. This
morning they pleaded guilty to a
charge of drunkenness, paid a \$5
fine, and went on their way rejoic-
ing.

**TO RUSH
WORK ON
WARSHIPS**

(United Press Leased Wire.)
Vallejo, Cal., May 15.—Orders
have been received to rush all work
on the Atlantic torpedo boat flotilla,
which is now at Mare Island. The
little vessels were under a heavy
strain on the voyage from the At-
lantic coast and it will require 60
days to put them in shape. The Pa-
cific torpedo flotilla, now at Sacra-
mento, will proceed from the interior
city to Bremerton, there to remain
during the presence of the Atlantic
flotilla at Mare Island. The U. S.
transport Solace was acting as tender
for the torpedo flotilla on the cruise
to the north. The tug Navajo leaves
for Bremerton today and will be at-
tached to the Atlantic fleet.

farm house at Matawan. The identity
of the assassin is not known here.

pany's system, which is the 3-cent

disturbances followed, such as the
breaking of a few windows in car
barns, but no violence has been re-
ported.
