WARSHIPS TO LEAVE FAR EAST

CHICAGO, May 18.—"A great navy preserves peace."
"Diplomacy and arbitration are great things."
"A great navy backs up a nation's contentions better than a diplomat or a statesman can."
"This country needs a big fleet."
"The war scare is over."
Secretary of the Navy Metcalf dropped these remarks while passing through Chicago on his way to Washington from the Pacific coast.

RUMOR HE WILL NAME ROOSEVELT

LA FOLLETTE MAY HOPING TO INCREASE CHANCE FOR ELECTION TO PRESIDENCY IN 1912, LA FOLLETTE WILL MAKE NOMINATION.

Milwaukee, Wis., May 18.—There is a story going the rounds in political circles here that Senator La Follette, after making a great speech before the Republican national convention in Chicago, will nominate President Roosevelt.
It is said that the Wisconsin senator figures that by making such an oratorical effort he will gain even more prominence than he enjoyed at present and that this prominence will give him a splendid chance for capturing the nomination for 1912. His friends are said to have abandoned any hope they may have had of getting enough delegates on La Follette's side to give him a good showing in the coming convention, so they are already making plans for four years hence.
The senator may use the argument that he was defeated this time by the corporations who are working through agents in the Taft camp. He hopes to disrupt the Taft forces in the convention and make his speech so strong that it will bring about the nomination of Roosevelt.

BIG FLEET HAS LEFT BAY CITY

FOR THE NORTH
QUIET AND UN CEREMONIOUS LEAVE TAKING—ARRIVE AT PUGET SOUND MAY 21—AT SEATTLE, MAY 23.

San Francisco, May 18.—Enveloped in a slight haze and with a light but steady rain beating down upon them, fourteen ships of Rear Admiral Evans' original fleet and the battleships Wisconsin and Nebraska, which joined the armada upon its arrival here, sailed out of San Francisco bay today for Puget sound.
Led by the flagship Connecticut, from whose peak the blue pennant of Rear Admiral Speery fluttered, the great ships in single file, steamed away and quietly through Golden Gate and pointed their noses to the north.
The departure was without ceremony. Shortly after 11 o'clock the Connecticut gave the signal to up anchors, the great mud hooks were hauled up and the start for the north was made. Some of the merchant ships in the bay hung out the "farewell" signal and good byes were shouted, the men of the war vessels responding, but beyond this the leave taking was without demonstration.
The following schedule for docking at Bremerton has been made up: Kentucky, May 21 to 26; Kearsage, May 23 to June 1; Illinois, June 2 to 6; Georgia, June 7 to 11; New Jersey, June 12 to 16; Rhode Island, June 17 to 20; Wisconsin, June 22 to 25.
The fleet as now made up is as follows:
First squadron, first division, Connecticut, Kansas, Minnesota and Vermont. Second division, Georgia, Nebraska, New Jersey and Rhode Island. Second squadron, third division, Louisiana, Virginia, Ohio and Missouri. Fourth division, Wisconsin, Illinois, Kearsage and Kentucky.
The Alabama and Maine, which formed part of the original fleet were left behind for repair and as soon as they are in condition they will proceed direct to the Philippines, there to await the coming of the fleet.
The fleet will arrive in Puget sound on May 21. Eight vessels will then visit Bellingham bay, four will go to Port Angeles, three will go to Port Townsend and one will go straight to the dry dock at Bremerton. On May 23 fifteen ships will rendezvous near Port Townsend and proceed to an anchorage in the vicinity of Seattle. On May 27, twelve of these ships will proceed to Tacoma, but only four will remain at that port, the other eight continuing on out of the sound and proceeding to San Francisco. The ships left in the sound will take their turns in dry dock and then steam back to San Francisco, the last arriving here on July 3. On July 7 the fleet will start for Honolulu and Australia.

CARS ARE ATTACKED BY MOBS

IN CLEVELAND, OHIO
ALL LINES IN OPERATION—
UNION DENIES 500 MEN WORKING—MAYOR WILL NOT CONFER UNTIL ORDER PREVAILS.

Cleveland, O., May 18.—Rioting on scale that threatened to result in death and serious injury to many was resumed this afternoon by strike sympathizers who are trying to advance the cause of the striking streetcar men.
In one instance a mob attacked a conductor while he was turning a switch. Trying to dodge hundreds of rocks, chunks of wood and other missiles, the conductor rushed for his car and locked himself in. He was not injured, but the mob inflicted injuries on the sharp edged rocks. Not content with having injured him in this manner, the crowds hurled missiles at the car, smashing every window in it. All this was accomplished before the police could reach the scene. The mob was finally dispersed after showing mild resistance.
Indications early today pointed to the probability that the streetcar men have already lost their strike against the Municipal Street Car company.
The best evidence of this is that cars on all lines are in full operation and that there were no early disorders. The report by President Dupont, of the car company, that more than 500 men are employed is denied by the union men. The strikers also say there is no truth in the report that some of their number have deserted the ranks and returned to work. The state board of arbitration took steps today looking to a settlement of the trouble but it is making little progress.
Mayor Johnson emphatically said today that he would enter into no conference looking to the settlement of the streetcar strike until rioting had ceased.
"Until all this disorder is stopped," he said, "I shall not move my hand to adjust the differences between the warring parties. I want it thoroughly understood right now that this city will not be run by mob rule. When both sides consent to conduct their battle along legitimate lines, I will do all in my power to effect a settlement, but not until then. I feel certain that I will be able to induce both sides to sign an agreement. I expect to meet President Mahon, of the International Union of Carmen, today."

PLANNING TO SEIZE AUSTRIA

SOCIALIST SCHEME
AWAIT DEATH OF EMPEROR—
FRANZ JOSEF TO SEIZE REIGNS OF GOVERNMENT—SPREADING PROPOGANDA.

Chicago, May 18.—A civil war if necessary, seizure of the reins of government and the establishment of a Socialist republic in Austria, are parts of a movement started here today by the Austro-Hungarian league, the first steps looking to the actual consummation of the plan to be taken when Emperor Franz Josef dies. The revolution is being organized by 3500 members of the league here who are in direct communication with the revolutionary leaders in Austria.
The league hopes to accomplish its object without bloodshed, but fears that a civil war will follow when the seizure of the reins of authority is attempted.
Simultaneously with the announcement of the revolutionary movement the league issued a statement to the effect that it had allied itself with the Socialist national party and that the national committee of the party will send 500 organizers into the field today to spread the propaganda and secure recruits. The report of the national propaganda committee declares that the universities are "teeming with social students."

CHINESE BOYCOTT IN U. S.

Los Angeles, Cal., May 18.—The strained diplomatic relations existing between China and Japan since the seizure of the Japanese ship Tatsu Maru by the Chinese government, has cropped out in Los Angeles. Notices have been posted throughout Chinatown, the effect of which has been an effective ban upon business relations in Los Angeles between the Japanese and Chinese.
The fact that a number of the printed placards were torn from the walls presumably by Japanese has caused an excitement in Chinatown which the police fear they will be forced to allay.
Pending the outcome of the affair, Sergeant Sebastian, of the Chinese squad, is closely guarding the district.

TROOPS REMOVED FROM TREADWELL

Juneau, Alaska, May 18.—Forty-seven enlisted men and one officer left Treadwell Sunday morning for Fort William H. Seward, Alaska. These troops have been stationed at Treadwell for some time owing to labor troubles. It is thought advisable to have a few soldiers there although the strike is thought to have blown over.

Brooks Grangers
EXHIBITOR FRAZIER
At the meeting of Brooks Grangers, No. 349, held on May 16, the subject of electing judges was brought up and discussed and as it appeared to be the sentiment of the grangers that all judgeships, from the highest to the lowest, should be strictly non-partisan on motion duly made and seconded it was unanimously ordered that we endorse the principles on that subject as set forth by P. L. Frazier, candidate for county judge of Marion county and record him our hearty support at the election.

MURDER FOLLOWS ROMANCE

Odena, May 18.—In a series of tragedies, all due to a love affair four persons have been killed, three dangerously wounded and a score seriously wounded.
A vendetta was started between a Circassian family and an Armenian family as a result of the refusal of the parents of a beautiful Circassian girl to give her hand in marriage to a young member of the Armenian family.
His sister Uann, who was devoted to the anti-fundamental youth, hired a bandit to assassinate the girl's brother and she herself sent ice cream mixed with arsenic to the Circassian family. The family partook of the ice cream and as a result two sons and the father, mother and daughter were made seriously ill.
The oldest son, whom Uann sought to have assassinated, went to Uann's house and after accusing her with poisoning the family, shot her.
As Uann's family were removing her to a hospital they encountered her assailant and a number of followers. A ditch battle was started and soon 100 persons were dead on both sides with knives and revolvers. Before the police could reach the battle, scores of the participants in the bloody affray had been wounded.
Uann died at the hospital soon after arriving there.
