SICK MAN—SICK BUSINESS.

The first says because he is not working; the second says he cannot afford to advertise.

Have you ever thought of it that when a man is sick—when he is not earning money—is exactly the time when he cannot **AFFORD** to hire a doctor?

If you haven't, you have probably heard a merchant advance an exactly similar doctrine about advertising. There **ARE** merchants who figure that in "dull times," when money is not easy to get, they cannot afford to spend it for advertising space.

If there is any essential difference between these two ideas—wherein does it lie?

Of course, most men realize—**WHEN ANYTHING ELSE EXCEPT THE SUBJECT OF ADVERTISING IS INVOLVED**—that at a time when a thing is **NECESSARY** is no time to quibble about whether or not it can be "afforded." But, as to advertising, a few men imagine that none of the laws of business apply to that.

Nothing else so effectually lines up the competent business men in contrast to the incompetent ones as this very matter of advertising. When "times" are "good" and money "easy" the **REAL** merchants advertise liberally **BECAUSE IT IS NECESSARY TO STORE-PRESTIGE AND GROWTH.** The less capable merchants advertise more or less liberally, according to the mood of the moment, merely to "be in the swim."

When the "pinch" comes—and timid people get a little scared at shadows, and inclined to "stampede" with any flock of human sheep that comes tumbling along—the capable merchant sees his opportunity, sets his more or less square jaw at a fighting angle, and begins to test the efficacy of newspaper publicity in times of stress and storm. He makes newspaper advertising his ally, his dependence. He stakes more on it than all other helps combined.

And it does not fail him. it "pulls him through" the hardest business conditions that ever happened. And he comes out of the fight twice as strong as he went into it.

THE VETERAN AMONG BENEFICIARY ORDERS.

It was the Odd Fellows who first established the principle of benefits to the living as well as honors to the dead.

This has been copied by all other beneficiary and fraternal orders **IN EXISTENCE AT THE PRESENT DAY.**

Help for the sick, consolation for the sorrowing, education for the orphans, and substantial aid to the bereaved family, are its watchwords.

This is the charitable side of the work of the three-linkers. But they perform a greater work **IN THE CONSERVATION OF SOCIETY AND CITIZENSHIP.**

Its fundamental principle inculcated is that men united in a common purpose, guided by a common impulse for bettering society, are able to accomplish results impossible for the most favored and most gifted individual standing alone.

"IN UNION THERE IS STRENGTH," the cynosure of our national existence lies the secret of the success of this great order which now numbers millions in its ranks.

In the older days of the world such a powerful organization would have been feared by church and state and would have been made the subject of edicts by emperors.

But Odd Fellowship has been a most potent factor **IN CREATING THE STRENGTH OF A NATIONAL EXISTENCE** that makes it a source of pride and an influence for good in the national life rather than a menace.

The training of the citizen largely takes place in these fraternal halls, and the solemn ritual and the substantial system under which it works are **A MEANS OF DEVELOPMENT FOR STRONG MEN.**

The part that women have taken in its auxiliary order—the Rebekahs, —has shown its adaptability to progress, and by uniting the gentler sex in its labors of love it has also helped **LIFT WOMANHOOD TO A HIGHER PLANE.**

The lessons of the lodge room are beneficial, in teaching the essentials of parliamentary usage, and the processes of carrying on **THE WORK OF CO-OPERATIVE ASSEMBLAGES.**

The Odd Fellows and their ladies are to be the guests of the Capital City for three days. Let us make their stay pleasant. The Capital City **BELONGS TO THEM AS MUCH AS TO OURSELVES.**

They are of the best citizenship of the state and the best people of Salem will welcome them to this the best inland city of Oregon.

THE WILLAMETTE VALLEY AND THE SEATTLE EXPOSITION.

The Capital Journal wishes to have a heart-to-heart talk with its readers about making county exhibits from all the eight counties of the Willamette Valley at the Alaska-Yukon-Pacific exposition.

THE STATE OF OREGON WILL HAVE THE LARGEST STATE BUILDING ON THE GROUNDS. IT MUST BE FILLED WITH PRODUCTS.

This state has appropriated $100,000 toward an exhibit at that great fair.

There will be hundreds of thousands of eastern visitors at the Seattle fair—**EVEN MORE THAN AT THE LEWIS AND CLARK FAIR.**

So far as advertising the resources of this part of the state the Seattle fair cannot be equalled.

The people of this region will receive more visitors and more benefits from that advertising **THAN ANY OTHER PART OF THE WEST.**

The immigrants and home seekers will run down here like rain off a roof—they can't all get away on the night trains.

President Wm. H. Wehrung of the Seattle Fair Commission has his headquarters at the Hamilton building, Portland.

Call on him when down there, or write him and **GET INSTRUCTIONS HOW TO PROCEED.**

We want to send one of these papers to each county commissioner and we hope they will not lay it aside without thinking seriously on this matter and then acting.

Western Oregon at best will fill up with people slowly. The overland trains **NEARLY ALL GO THROUGH HERE IN THE NIGHT.**

* Let us put up exhibits there that will simply rivet the attention of vistors to that fair upon this valley.

There will not be another great exposition on this coast for many years and this is **THE LAST TIME WE CAN SHOW OUR PRODUCTS TO PEOPLE ON A LARGE SCALE.**

The Oregon building, now under construction at Seattle, will be completed in due time for the coming exposition, and will be the largest and most complete state building on the grounds.

We propose to make a collective exhibit of the state's resources in this building, and it is of the utmost importance that we have **A THOROUGH AND ATTRACTIVE EXHIBIT FROM EVERY COUNTY.**

You can readily see that we must have your hearty co-operation in this matter, and that the gathering of an exhibit must commence at once. We will have to use the **CROPS RAISED THIS YEAR,** as the exposition opens the first of June, 1909, too early for next year's crop. Your grasses will soon be ready for harvest and it is important that you gather them at the proper time. If they are over-ripe they will not do for exhibition purposes hence you see **THE NECESSITY OF ACTING PROMPTLY.**

It will be necessary for you to begin collecting your exhibit before we see you.

The expense to your county in collecting such an exhibit will not be large. Get a live man to take hold of the work and push it, **BEARING IN MIND THAT IT IS QUALITY,** not quantity that is wanted. After you have gathered your exhibit the state will transport it to Seattle, install and maintain it without further expense to your county; the commission will also place an attendant in charge and will keep in close touch with you during the fair, so that your county will **GET ALL THE BENEFIT POSSIBLE IN THE WAY OF ADVERTISING, ETC.**

The commission is also having printed a 96-page booklet on the resources of Oregon which will be distributed during the exposition. Two pages of this booklet will be devoted to each county. It will also show by moving pictures the farms, orchards, live-stock, timber, mountains, streams, **AND EVERYTHING OF INTEREST IN EACH COUNTY.**

We must have your help and cooperation in the gathering of your exhibit. If compelled to buy these exhibits the state would have to double its present appropriation, but with your assistance we hope to carry out our present plans without asking for any further appropriation.

AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them.

Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham:

"I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardstown, Ky., writes:

"I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

SHOCK TO TEETOTALLERS.

Teetotalers have been roughly shocked by the publication of the government analysis on the analysis of so-called temperance drinks, which shows an astonishing percentage of alcohol **IN CERTAIN FAVORITE DRINKS.**

The liquor laws make beverages containing more than two per cent of alcohol taxable as intoxicants, but of 4147 samples of temperance drink tested in the past four years no fewer than 3098 **EXCEEDED THE LIMIT.**

In several of the samples as much as eight per cent of alcohol was found, while in a few nine and ten per cent was revealed. The chief offending drink was ginger beer and herb beer.

The temperance advocates were startled to learn that a child drinking a pint of some of the teetotal beverages consumes more alcohol **THAN IS CONTAINED IN A HALF PINT OF CHAMPAGNE.**

The analysis also shows that all patent medicine taken as a tonic contain from fiv to 30 per cent of alcohol.

WHILE BEER PROPER CONTAINS FROM THREE AND ONE-HALF TO FOUR PER CENT OF ALCOHOL.

Wines show a per centage of from fifteen to eighteen per cent while blackberry and apricot brandy contain from 18 to 20 per cent of alcohol.

Any one doubting the stability of this article can have all doubts removed by writing to the chemistry department at Washington, D. C.

SALEM PHYSICIAN GOES TO PORTLAND

Dr. D. F. Lane, who has successfully practiced medicine at Salem for many years has established a sanitorium at Portland for the treatment of nervous and mental disorders, and the cure of the opium and whiskey habit. It is a private sanitorium at 354 Montgomery street, on the West side, and has all modern conveniences for the care and treatment of patients. Dr. Lane will not close his office at Salem but will keep up his practice here. He is looking for some young man who wishes to establish himself in the medical practice to assist him in his work here. Dr. Lane is very well known in Grand Army circles, and has achieved a fine reputation in the practice of his profession.

ROCKY ROOSTER RYAN

SALEM SOCIALIST TELLS OF THE PROCEEDINGS OF THE GREAT CONVENTION.

Chicago, Ill., May 13.—(Ed Journal.)—I will drop a few lines to the readers of our home paper covering our trip from Salem to Chicago. We left Salem May 4th at 8:45; Portland May 5th at 8:30 a. m., and arrived in Salt Lake May 7th at 6 p. m. We stayed all night at the Lenox hotel, on Main street. Some of our crowd visited the Temple, Brigham Young's grave, and other parts of the city. The Socialists' club met the delegates at the hotel after supper and held a club meeting, with short talks from delegates from Washington, Oregon, Idaho and Utah.

We left at 8:40 for Denver, laid over three and one-half hours at Solitude, a telegraph station fastened to a pole 25 miles from any place, arrived in Denver at 6 p. m., May 8th, where we were met by a committee and escorted to Comrades B. F. Claff's restaurant; then the ladies were taken in carriages over the city. The comrades held a street meeting. Addresses were made by Brown, and Waganeck of Washington. At 10 p. m. we boarded the Rock Island train for Lincoln, Omaha and Chicago, arriving here at 8:20. We were taken at once to the River house, but not liking the place we got rooms at 177 Clark street, where our party were to gather. At 10 a. m. Sunday we had a royal reception at Garrick's theater, with speeches by Spargo, Wanhope, Haywood, and songs by the quartette, composed of members from every nation, which was simply grand. The Marsellaise was sung three times by three different choirs. The convention is composed of the finest appearing body of men and women that I have ever seen, and the work of the convention is moving along finely. The distribution of Oregon prunes and literature, and the reading of Oregon poems drew marked attention, and many inquiries from delegates of other states.

The goodness of everything else at breakfast depends on the coffee.

Bad Attack of Dysentery Cured.

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by Dr. Stone's drug seore.

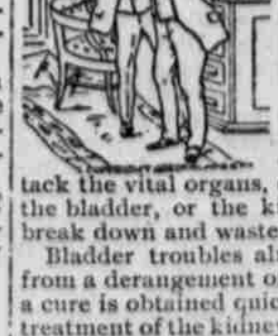
The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.



Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
