The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Liniment will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Dr. Stone's drug store.

Nothing Doing.

Mamma—Well, Edith, how did you like the kindergarten?"

Edith—I didn't like it a bit. The teacher put me on a chair and told me to sit there for the present. And I sat and sat and she never gave me the present.—Chicago.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally. —Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Dr. Stone's drug store.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by Dr. Stone's drugstore.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike county, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at J. C. PREPARATIONS TO GIVE CONVENTION NEWS.

that the cost to the newspapers of the country of giving the news of the Republican national convention this year will be a quarter of a million dollars. Although the convention is still six weeks off the preparations for it have been put actively under way with the opening of headquarters here this week by Secretary Dover of the national committee, and the letting of contracts for red, white and blue bunting. From the reports that have been received and the record of reservations at the hotels it will be the largest political gathering ever held in this country. It is likely also to be the most fully reported if the demand for press accommodations is any indication. The news arrangements of a big convention in which everybody in the country is interested, are one of its most important features and the managers of the approaching Republican gathering are giving particular attention to the provisions for reporting its proceedings. Something of the amount of the work involved is shown by an article in the June number of Appleton's in which Trumbull White, formerly a newspaper man in this city and who has covered several national conventions for Chicago papers, tells how the newspapers manage to put their readers in touch with everything that goes on before and behind the scenes. "Almost directly surrounding the chairman's rostrum," says the Appleton writer, "is a group of chairs facing temporary desks. In the most favored vantage point for catching every word that falls from the speaker's lips. These are for the press associations which serve almost every paper in the United States with a detailed account of the convention. Surrounding them are platoons of chairs and tables, hundreds of them altogether, numbered and separated for assignment to individual newspapers. Close at hand are the room assigned to the telegraph companies, the press associations and papers requiring increased facilities."

These rooms will be fully equipped with telephones and instruments with long distance connections will be placed on the desks of the writers in the main hall, so that not an instant's time will be lost in communicating the affairs of the convention to the waiting world.

Whooping Cough.

"In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss, of Durand, Mich. For sale by Dr. Stone's drug store.

A Great German Establishment.

The Krupp outputs may be divided under two heads, viz, (1) War materials; (2) products of general industry.

Under the head of war material come guns, turrets, armored shields, disappearing carriages, hoisting and transporting machinery for ammunition and ordance, ordance wagons of all kinds, harnesses, observation appliances, ammunition, rifle barrels, and armor.

Under products for general industry Krupp produces railway material, including wheels, tires, axles, springs, boiler plates, frame plates, press car frames, structural parts of locomotives, rails, switches, frogs, portable railroad plants, together with requisite rolling stock, ship-building material, machinery parts, sheet steel and sheet iron, rolls, tool steel, steel for motor-car building, hard steel for stone breakers, dredges, etc., and steel bars of special qualities.

There is more gas used in lighting the Essen shops than is used by the entire city of Bremen. In the 60 odd departments there are more than 6500 machine tools in use. There are 155 steel hammers, 21 transmission hammers, 74 hydraulic presses, two presses measuring 7000 tons each (bending), one of 5000 and one of 2000 tons, respectively, for forging purposes. There are over 300 stationary steam boilers, more than 70 locomotive steam boilers, about 540 steam engines, aggregating nearly 60,000 horse power, and considerably more than 700 cranes. During the year 1906 the combined Krupp works consumed 1,285,310 tons of coal, of which quantity the Essen works used 813,155 tons. In addition, there was used coke and briquettes, which make, substituting for coal and briquettes their equivalents in coal, a total of 2,361,425 tons. The total yearly consumption of water nearly equals that of the city of Cologne, and the gas consumed exceeds the consumption in Munich, and also in Nuremberg.—Consular Report.

A Californian's Luck.

"The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve;" writes Charles F. Budahn, of Tracy, California. "Two 25c boxes cured me of an annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold unguaranteed at J. C. Perry's drug store.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in just such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

GENTLEMEN:
IN REPLY TO YOURS OF RECENT DATE. WILL SAY THAT THE SIENNA PAINT THAT THE STATE BOUGHT FROM YOU IN THE YEAR 1908 (18 BARRELS) AND ABOUT THE SAME AMOUNT IN 1907, TO PAINT THE OREGON STATE INSANE ASYLUM BUILDINGS, HAS GIVEN ENTIRE SATISFACTION, BEFORE WE PUT THIS PAINT ON, OUR BRICK WALLS SWEAT SO BADLY WE THOUGHT WE WOULD TRY CEMENT ON THEM TO KEEP THE MOISTURE OUT BUT OUR ARCHITECT FROM PORTLAND THOUGHT BEST TO TRY SOME OF YOUR SIENNA MINERAL PAINT. SINCE WE PUT YOUR PAINT ON, IT SHUT OUT ALL OF THE MOISTURE AND WE HAVE PERFECTLY DRY WALLS NOW. IT IS MY OPINION THAT THERE IS NOTHING BETTER THAN YOUR PAINT FOR BRICK WALLS, AND I TAKE PLEASURE IN RECOMMENDING IT TO THE PUBLIC.
YOURS VERY TRULY,
J. F. CALBREATH.
