(United Press Leased Wire.)
Bellingham, Wash., May 22.—
With boxcars attached to all the
night trains, so that the thousands of
visitors from the neighboring towns
could reach the city in time for to-
day's fleet celebration, Bellingham
awakened this morning with 75,000
enthusiastic visitors within her gate.

FAIRBANKS ABANDONS HIS FIGHT

FOR PRESIDENCY

CONTENT TO, BE REPUBLICAN
CANDIDATE FOR SECOND
PLACE—FIRST BREAK IN
ANTI-TAFT ALLIED FORCES.

(United Press Leased Wire.)
Washington, May 22.—Vice Presi-
dent Fairbanks is now a candidate
for the second place on the Republi-
can ticket, having abandoned his
fight for the presidential nomination.
This is the first definite break in
the forces of the "allies" as those
opposing the aspirations of William
H. Taft are known. No one in the
Fairbanks camp now attempts to
conceal the movement.
The word comes from Chicago
that Mr. Keating, the Fairbanks
manager, who opened up headquar-
ters for the vice president in Chicago
more than a week ago, is bending ev-

LILLEY MAY BE OUSTED

BY LOWER HOUSE

MINORITY LEADER TO ASK FOR
EXPLUSION BECAUSE OF UN-
JUSTIFIED ATTACK ON ELEC-
TRIC BOAT COMPANY.

(United Press Leased Wire.)
Washington, May 22.—The prob-
ability that Representative Lilley, re-
cently severely criticised by the con-
gressional committee which investi-
gated his charge against the Electric
Boat company, may be elected gov-
ernor of Connecticut next November
may result in the delay of the con-
templated action looking to his ex-
pulsion as a member of the house.
Since the Lilley charges have been
declared groundless strong opposi-
tion to the Connecticut member has
developed in the lower branch of
congress. John Sharp Williams,
minority leader, is said to have al-

RAILROADS MAKE CUT IN WAGES

WANT HIGHER RATES

SECTION MEN AND UNSKILLED
LABOR AFFECTED—FIRST
MOVE OF COMPANY TO GET IN-
CREASE IN TARIFF.

(United Press Leased Wire.)
Chicago, May 22.—A general cut
in wages of all section men and un-
skilled laborers has been ordered by
the railroads extending west from
Chicago. Several thousand men are
affected.
This is the first wage reduction
made by the western roads, and is
considered in some quarters the first
step in a general cut which is de-
clared to be inevitable unless reve-
nue can be increased by an advance
in freight rates. The reduction in
the case of most section men is from
\$1.35 a day for ten hours to \$1.25.
Most of the laborers affected are
foreigners.

GIRL IS STOWAWAY ON SHIP

IN TORPEDO FLEET

SIXTEEN-YEAR-OLD OLGA ISILE
ARRESTED IN SAILORS TOGS—
WAS AWAITING FOR TAFT'S
PAYDAY TO MARRY.

(United Press Leased Wire.)
Vallejo, Cal., May 22.—Olga Isile,
the 16-year-old girl, who, attired in
a jacket's uniform, rode from San
Pedro to Santa Cruz as a stowaway
on the torpedo boat destroyer Hop-
kins, is still in the custody of the po-
lice to whom she is reluctantly relat-
ing the details of her strange experi-
ence.
While the police are questioning
her, naval officers are discussing
plans for a searching investigation
of the case. The authorities today
learned additional facts concerning
the love affair that lies at the bot-
tom of the girl's escapade. It de-
velops that her love for J. J. Szyz-
ewski, a sailor on the torpedo boat de-
stroyer Truxton, led her to make the
remarkable trip. Although Szyz-
ewski repudiated his promise today that
he would marry the girl on his next
pay day, the plans for the wedding
are expected to be carried out, as
Olga will be taken to San Francisco
this afternoon where she says her
aunt resides in the Mission district.
The girl says that after she ran
away from her home in Los Angeles
she was provided with a sailor's uni-
form. Szyzewski had planned to
stow her away on the Truxton, but
failed. She was then put on the
Hopkins without attracting the at-
tention of the officers.
Fearing that she would be detect-
ed Olga begged to be taken ashore
when the torpedo fleet reached Santa
Cruz on its way up the coast. Szyz-
ewski gave her money with
which to pay her fare to San Fran-
cisco, from which city she went to
Vallejo to meet the sailor whom she
had expected to marry. Szyzewski
paid her expense in a boarding house
and the couple was waiting for pay
day to roll around when the police
placed her under arrest on one of the
wharfs. Since her mother died in
Guam, where her father owned a
plantation, Olga has been living with
her aunt, Mrs. Hubert, in Los An-
geles. If her other aunt is not lo-
cated in San Francisco the police
probably will send the girl back to
Los Angeles.

every effort now to getting delegates
lined up for Fairbanks for second
place on the ticket.

The significance of the action of
the Fairbanks managers is that Taft
will be the nominee. Allied candi-
dates decline to discuss the action
of the Fairbanks managers, but they
are convinced that Taft and Fair-
banks will be the nominees.

JAP AMBASSADOR ADDRESSES
ARBITRATION CONFERENCE

(United Press Leased Wire.)
Lake Mohonk, N. Y., May 22.—
Baron Takahira, the Japanese am-
bassador to the United States, ad-
dressed the International Arbitration
conference today.

"Arbitration," he said, "is consid-
ered the only practical means of
bringing about an amicable settle-
ment of international disputes. You
certainly are aware that Japan has
been sometimes a party to this meth-
od of settling disputes. It is need-
less for me to say that the United
States has distinguished itself in its
foreign policy by a high sense of
justice and fair play.
"In regard to Japan she is holding
her own despite her many vicissit-
udes."

**REPORT ON POST-
OFFICE BILL KILLED**

Washington, May 22.—The con-
ference on the postoffice bill includ-
ing the ship subsidy amendment was
rejected by the house today by a
vote of 147 to 155.

ready prepared a resolution asking
for Lilley's expulsion and that it may
be introduced before the house ad-
journs. However, the Republicans
appear to feel more kindly toward
Lilley, and after taking the matter
under consideration, have decided
not to vote for his expulsion during
this session. It is said they have
taken this attitude because reports
have reached Washington to the ef-
fect that the representative has ex-
cellent chances of being elected the
chief executive of his state. Hence
they are willing to give the matter a
"dignified delay."

WILL TEST CAPACITY
OF MARE ISLAND YARD

(United Press Leased Wire.)
Seattle, May 22.—Orders have
been issued for the battleship Mis-
souri to leave the fleet May 24 and
proceed with a minimum coal supply
to Mare Island to go into dry dock.
The greatest interest is being man-
ifested by the officers of the fleet in
the pending attempt to dock a bat-
tleship at the Mare Island yard. The
Missouri will arrive off San Fran-
cisco with her coal bunkers practically
empty so as to give her the lightest
draught possible. On the success or
failure of the experiment, will prac-
tically depend the future of the Mare
Island yard.

PACIFIC OCEAN IS
BUT POORLY MAPPED

(United Press Leased Wire.)
San Francisco, May 22.—News of
lasting interest in marine circles is
brought to San Francisco in the an-
nouncement made by members of the
Galilee expedition of the Carnegie
Institute in Washington that the Pa-
cific ocean charts are in grievous
error, being two and three degrees
off in some instances.

BURNS WANTS \$30,000
TO FIGHT JOHNSON

(United Press Leased Wire.)
San Francisco, May 22.—Tommy
Burns, the American heavy weight
champion, sends word over from
London that he will never fight Jack
Johnson, the colored whirlwind, un-
less he is guaranteed \$30,000, win
lose or draw.

Billy Neall, the American's man-
ager, who is now visiting at his home
in Oakland, received the letter con-
taining the terms under which his
man will meet Johnson. Burns also
announced that he had been guar-
anteed \$30,000 by Jack Curley, the
Chicago fight promoter, to fight
Johnson at Goldfield, but it is not
thought in sporting circles that much
will come from the offer. "At any
rate, Burns instructed Neall to send
the forfeit money to Otto Floto of
Denver to bind the match, in case
Curley is in dead earnest. Burns
writes that he will leave for Ameri-
ca at once if the match is made.

**HUGHES SIGNS ANTI-
BUCKET SHOP BILL**

New York, May 22.—Small stock
gamblers in Wall street are in dis-
pair today over the news that Gov-
ernor Hughes has signed the Cassidy
anti-bucket shop bill, which will
close hundreds of places over the
state where the margin gambling had
provided large incomes for the ma-
nipulators for many years. The bit-
ter cry in the "streets" is that "It's
the little fellow that always gets
stung." The bucket shop men point
out that the legislature passed blind-
ly over Governor Hughes' recom-
mendation for a complete investiga-
tion of all stock gambling in Wall
street particularly in the stock ex-
change.

FULLERTON ESCAPES
FROM DETECTIVE

San Francisco, May 22.—Hurried
away in a big automobile immedi-
ately after the charge against him of
being a fugitive from justice had been
dismissed in police court today, Robert
Fullerton, so not a St. Louis mil-
lionaire, wanted in New York to
answer for the alleged abduction of
a young woman, is now believed to
be at sea beyond the three-mile lim-
it, where the state officers cannot
place hands on him.

ROOSEVELT WOULD LIKE
EVANS FOR VICE ADMIRAL

(United Press Leased Wire.)
Washington, May 22.—For the
first time since he returned from his
long cruise on the Atlantic fleet Ad-
miral Evans called on President
Roosevelt today.

On leaving the White House he
said that the nation's chief execu-
tive had expressed a wish that he
could have him elevated to the rank
of vice admiral.

"Such an honor would please me
greatly," said Evans, "but if it is not
conferred upon me I'll try to get
along as best I can without it."
The old sea warrior declared he
felt well, but plainly showed the ef-
fects of his illness.
