MCMINNVILLE, OREGON, APRIL 2, 1908.
OREGON SIENNA MINERAL PAINT CO, SALEM, OREGON.

GENTLEMEN:
IN REPLY TO YOURS OF RECENT DATE, WILL SAY THAT THE SIENNA PAINT THAT THE STATE BOUGHT FROM YOU IN THE YEAR 1908 (18 BARRELS) AND ABOUT THE SAME AMOUNT IN 1907, TO PAINT THE OREGON STATE INSANE ASYLUM BUILDINGS, HAS GIVEN ENTIRE SATISFACTION. BEFORE WE PUT THIS PAINT ON, OUR BRICK WALLS SWEAT SO BADLY WE THOUGHT WE WOULD TRY CEMENT ON THEM TO KEEP THE MOISTURE OUT BUT OUR ARCHITECT FROM PORTLAND THOUGHT BEST TO TRY SOME OF YOUR SIENNA MINERAL PAINT. SINCE WE PUT YOUR PAINT ON, IT SHUT OUT ALL OF THE MOISTURE AND WE HAVE PERFECTLY DRY WALLS NOW. IT IS MY OPINION THAT THERE IS NOTHING BETTER THAN YOUR PAINT FOR BRICK WALLS, AND I TAKE PLEASURE IN RECOMMENDING IT TO THE PUBLIC.
YOURS VERY TRULY,
J. F. CALBREATH.

THESE PAINTS are used by the State on Public Institutions on their merit and have stood the severest tests that can be applied.

WHY MATLOCK PROSPERS.

(Special to the Portland Journal.)

Portland, May, 24.—The mayor of Eugene, who spoke at Oregon City on the evening of May 15, in the interests of the prohibitionists, stated the business conditions in that county were far better under prohibition than without it, and that his son's business had increased \$30,000 per year prior to prohibition, to \$60,000 per year after it was enacted, but he failed to tell his audience that his son was engaged in drug business and held a government license to sell liquor.

CITIZEN.

Mayor Matlock Reckless.

According to newspaper reports the statements of dozens of citizens, Mayor Matlock of Eugene, is utterly reckless in his statements regarding everything connected with the present prohibition movement. No doubt he is carried away by enthusiasm, and has lost sight of that point where fanaticism and any means to accomplish a result are considered by the masses as legitimate and praise worthy. It is one of the eternal verities that the same whether told by a sinner, and any attempt to cover up a cause by falsehood results in injury to that cause. Truth and no indorsement, and right not from falsehood, for the latter only shows the weakness of any cause clinging to it.

Among other statements attributed to Mayor Matlock are these: "There are now but few government licenses issued in Lane and Linn counties, and in Eugene but those issued to drug stores;" that sales have been reduced in consequence of the counties going dry;" that he visited the Internal Revenue office in Portland but was unable to get the statistics because the chief in charge, Mr. Ramsey, refused to give him any information about him the records;" and that he finally did show him a record, that was the wrong one."

During Portland Tuesday, Mayor Matlock called at the Internal Revenue collector's office and requested Mr. Ramsey, the deputy, in charge, to give him the records of government licenses issued for the fiscal years from July 1, 1905, to July 1, 1906, and from July 1, 1907, to July 1, 1908, and they were immediately placed at my disposal. From these figures I gathered these facts: For the fiscal year from July 1, 1905, to July 1, 1906, a wet year, there were 18 parties in Lane county \$9 government licenses to sell spirituous and vinous liquors, and

for the eleven months of the present fiscal year, a dry year, 27 such licenses.

In Lane county for the period above named, the wet year, there were 48 licenses and for the 11 months of the present year 44.

As to licenses being issued now only to drug stores in Eugene and Albany, the records show that those localities, mud, if the statement is true, be remarkably unhealthful, for in the first 11 months of the present fiscal year Eugene is struggling along with 25 licenses and Albany is standing off the grim reaper with 16. During the last previous wet year Eugene had 12 saloons and Albany 10.

These figures go to show that there was truth as well as poetry in the little couplet in the country paper when its precinct went dry:

"Goodbye, little saloon; don't you cry.
You'll be a drug store by and by."

They also prove Mayor Matlock's statements "unreliable" to put it mildly, and show that his honor, the mayor of Eugene, can use the truth with parsimonious frugality and rigid economy.

In conversation with one of the deputies in the office, he told me he heard Mayor Matlock say in a speech at Oregon City that "the revenue officials refused to give him any information and showed him the wrong records, but that when a letter was written President Roosevelt the information was at once forthcoming." The deputy took Mr. Matlock to task for this, after his speech, and forced him to admit in the presence of Rev. Mr. Landsborough, the Presbyterian minister at Oregon City, that the records had been shown him, that no letter had been written President Roosevelt, and that no information had been forthcoming at once or at all on account thereof. Rev. Mr. Landsborough suggested to Mr. Matlock that he had done wrong, had injured Collector

Dunne and should publicly retract the statement and apologize to Mr. Dunne. This, Mr. Matlock promised to do, but so far has forgotten it. Probably overlooking it in his zeal for that which is good.

In regard to the reduction of taxes the Albany Herald says of the city of Albany:

"1905, (wet) assessed valuation \$1,131,530, with an 8-mills levy, produced \$9,052. Saloon licenses of \$5000 (round numbers) added to that made a total revenue for 1905 of \$14,052.

"1907 (dry) assessed valuation, public notice because of his introduced \$18,214. This sum, it clearly shows, is in EXCESS OF THE COMBINED TAXES AND SALOON LICENSES of 1905 of \$4,162. Then instead of taxes being reduced under prohibition, the taxpayers of Albany paid in taxes for the year 1907 \$9,162 more than they did in 1905."

I confess to ignorance of rates but in regard to taxes in Eugene Mr. Alf Walker, one of the best known men in that city, writes to a friend in Salem: "My taxes for the year 1906, paid in 1907, were \$57.28. For the year 1907, paid in 1908, were \$82.65, an advance of \$25.37, and the tax for 1908 to be paid in 1909 the advance will be more than that. These taxes are on the same residence property with no changes or improvements.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.
Sold by druggists, 75c.

They Took a Wrong Start.

Who would imagine that Thomas Buchanan Read, the author of "Sheridan's Ride," a man of infinite genius, who ranks with the great but erratic poets of America, was once a cigarmaker and a sign painter? Of course, it is no secret that James Whitecomb Riley, whose poems of childhood have delighted so many, was not only a sign painter, but at one time essayed to be an actor. Victorien Sardou studied medicine before he made up his mind to be a dramatist. Bret Harte was a compositor in a newspaper office and a miner before he charmed the world with "The Heathen Chinee" and "The Luck of Roaring Camp." Henry Wallace Shaw (Josh Billings) was a farmer and deck hand on an Ohio river steamboat, and an auctioneer. Probably the experience he gained in these unique callings made him so successful as a humorist of the phonetic spelling type.

George Kennan was a telegraph operator before he began to write about "Darkest Russia." He conceived the idea of his future work while constructing telegraph lines in Siberia. Last, but not least, and perhaps the most conspicuous type of "jack of all trades" who finally strikes his real vocation in middle life, is Jerome K. Jerome, who was in turn tutor, actor, journalist, shorthand writer and solicitor's clerk, ending up as the author of the famous "Three Men in a Boat," and other humorous books which have convulsed readers on both sides of the Atlantic.—George Barton in Home Magazine.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally. —Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Dr. Stone's drug store.

Salem Bird Club.

The Salem Bird club met in the Trover studio Tuesday evening last and discussed as a theme, "Ducks." Mr. Shand discussed the mallard, Mrs. Marius, the black duck; the caryassa-back by Mrs. Applegate, and others read about miscellaneous variety. After the readings were concluded, a general discussion of the subject was entered into by those present.

After a program had been decided upon for the next meeting the club adjourned.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike county, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough—when everything else failed. Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at J. C. Perry's drug store. 50c. and \$1.00 Trial bottle free.

Whenever you take a stand on a great question let it stand for something.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all it, and it is certainly gratifying to sufferers to know that Chamberlain's Liniment will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent size for sale by Dr. Stone's drug store.

Never sign anything you are not willing to have appear in black and white.

Insist upon DeWitt's Witch Hazel Salve. It is especially good for piles. Sold by all druggists.
