PANAMA REVOLT IS NEAR

THREATEN CANAL

BUSINESS MEN SEEK U. S. INTERVENTION—MAY DYNAMITE CANAL WORKS—GUARDS SURROUND STOREHOUSES.

(United Press Leased Wire.)

Panama, June 2.—(Copyrighted 1908 by United Press Associations.)—Never in the political history of this country has the situation been at such a fever heat as it is today, nor has it ever contained such possibilities of real danger.

The most conservative business men are predicting a revolution and demanding the intervention of the United States.

Threats of using dynamite on the Panama canal works are freely made and it is constantly feared that an effort wil be made to blow up the Hotel Rivoli.

The presidential election will be held the last week in June or the first week in July and it is expected that trouble certainly will take place at that time.

Double guards have been placed around all the store houses where dynamite is kept and every precaution is being taken to prevent an outbreak.

The thing most desired here is that the United States duplicate its action in connection with Cuba and established military rule at once, assuming control of the Panamanian government.

GUATEMALA BORDERING ON REVOLUTION

San Francisco, June 2.—Passengers who arrived here yesterday on the steamer Acapulco from Guatemala today confirm the report that a revolution is imminent in the Central American republic on account of the arbitrary rule of President Cabrera. It is stated that Cabrera intends to flee to Europe shortly and take up his residence in Germany, where he has purchased a palace.

Dr. H. Prowle, who comes from San Jose de Guatemala, says that men who incur Cabrera's enmity are shot.

Many prominent men of the republic are in prison and fear death at any minute.

Both conservatives and liberals wish this and there is much talk of it.

It is alleged that the campign for the presidency has been the most corrupt in the history of the country. Senor Ariase is the candidate of the constitutional party against Senor Obaldia.

It is alleged that the men in charge of the registration offices sent out formal notices that a fair election would be held and later distributed confidential letters ordering their lieutenants to see that none but men favoring Ariase reached the polls on election day.

It is reported here that one of these letters has reached Secretary of War Taft. As the result of Taft's visit, the registration lists are being revised under the supervision of Americans.

The United States have notified the local government that the election must be fair and orderly. This is taken to mean that in case of trouble military control will ensue at once.

It is the predictions of all sides that if Ariase is elected there will be a revolution.

Minister Squires has been called to Washington to discuss the situation with the President and cabinet officers. It is charged that the minister has been supporting Ariase and this allegation has aroused great resentment against him.

BALLOON MAKES SAFE TRIP

Chicago, June 2.—The balloon "Chicago" carrying Charles A. Corey of this city and two companions, which ascended at Quickly, Ills., last night, landed safely at Clear Lake, South Dakota, today. Reports received here state that three men made the trip in the air in comfort, although it was extremely cold.

REPUBLICANS MAKE A CLEAN SWEEP

Cake Holds Chamberlain Even In Multnomah County and Probably Carries State

Marion County and City of Salem Both Carried Against Prohibition

Woman Suffrage and Single Tax Defeated In the State, As Well As Most Referendum Measures

The state election held Monday was a complete victory for the Republicans on state ticket and congressmen, and a large majority in both houses of the legislature.

Indications are that the legislature will be a tie on Statement No. 1 with chances in favor of a majority for that principle.

The Senatorship.

At noon Cake was holding Chamberlain even in Multnomah county and State Chairman Wm. M. Cake, while claiming nothing believes the situation favorable to his brother carrying the state over Chamberlain.

At Chamberlain headquarters the state is claimed for Governor Chamberlain by two thousand.

Marion county will probably give Cake a small majority.

Summary in Marion County.

Latest returns indicate that Marion county has elected the entire Republican county and legislative ticket. Wm. M. Bushey carries the county for county judge by three to five hundred on showing of incomplete returns.

County Goes Wet.

Unofficial returns show that this county has gone wet by about 600 majority, and Salem has gone wet by about 100.

Vote on Referendum Measures.

Counting votes on the 19 referendum measures is slow work and will not be completed the state over until Wednesday. Early indications point to following measures having carried:

Changing time for holding state elections from June to November.
Giving sheriffs custody of prisoners in Multonmah county.
The lower river salmon bill, and abolishing fish wheels.
Directing the general assembly to ratify popular election of senators.
Restoring grand jury system and abolishing district attorney bills.
Creating the countw of Hood River.

Indications are that woman suffrage, the university appropriation and all the other measures are defeated, but later counts may pull some of them through.

SON OF "FIGHTING BOB" PROVES HIMSELF A HERO

(United Press Leased Wire.)

San Francisco, June 2.—Lieutenant Frank T. Evans, son of "Fighting Bob" Evans, proved early today that he is a chip off the old block when he stood off a crowd of 20 thugs and hangers-on about a dance hall in the Barbary coast district and rescued two sailors of the U. S. S. Louisiana, who had fallen into the hands of the denizens of the tenderloin.

When young Evans saw his felow sailors in trouble he waded into the crowd, using his fists vigorously and when he was surrounded, drew a revolver and told them that he would shoot the first man that got in his way.

The crowd was getting angry at the interference of the young lieutenant and was preparing to rush him when the police arrived on the scene. The police at once placed him under arrest on the charge of carrying a concealed weapon. He did not tell who he was until he arrived at the central station. There he quickly established his identity and was released on his own recognition to appear to answer the charge.

The charge of carrying concealed weapons against Lieutenant Evans was dismissed in police court this afternoon.

PREPARING FOR THE REPUBLICAN CONVENTION

(United Press Leased Wire.)

Chicago, June 2.—Fifteen members of the Republican national committee arrived here today to prepare for the meeting at which final plans for the national convention will be made. Secretary Dover of the national committee said that the committee will hold a meeting Friday morning when it will begin hearing the contest and various states. The contests will be taken up in alphabetical order, according to the names of the states.

MINISTER PLANS "COURTING ESTABLISHMENT

(United Press Leased Wire.)

Chicago, June 2.—A "courting room" to encourage acquaintance, love and then marriage among the young people attending the Christ Presbyterian church is an innovation which the Rev. J. E. Snyder, pastor of the church, will establish in the hope that it will eventually make many happy homes.

If the single members of his congregation do not make love it will not be the fault of the Rev. Snyder, for he will have everything in the "courting room" arranged just as the young man would have them when he calls on his sweetheart at her home. In the first place, the room will occupy a whole building to be erected beside the Christ Presbyterian church as soon as the property can be secured.

The "court room" will be complete in every respect. It will have cozy corners, screens behind which blushing couples may conceal themselves, a number of chaperons for those who need them and plenty of dim lights. When the pastor announced this plan today there was much rejoicing among the young people.

"It's just a lovely idea," remarked one girl. "It was so bright of Dr. Snyder to think of such a thing."

The pastor thinks that when young men of other churches learn that there is a way to make love half way to order they probably will urge their pastors to adopt the idea.

PORTLAND RETURNS AT NOON

CHAMBERLAIN LEADS

IN MULTNOMAH COUNTY BY A SMALL VOTE AND IT ALL DEPENDS ON THE RURAL PRECINCTS OF THE STATE.

(United Press Leased Wire.)

Portland, Or., June 2.—Chamberlain has in all probability carried Multnomah and the state his total plurality over Cake being estimated at not less than 1000.

Seventy-two precincts of Multnomah county, of which 36 are complete, give Chamberlain 5166, Cake 4994, a majority for Chamberlain of 172. These totals comprise more than one fourth of the vote cast in the county. Assuming that the same ratio continues in the remainder of the count, Chamberlain will carry Multnomah by 500 or 600.

Reports from the state are still meager but Chamberlain has plainly carried Baker, Clatsop, Crook, Jackson, Clackamas, Wasco, Linn and Lincoln and is running strong in most of the valley counties.

Cake has a large majority in Lane. Both candidates claim Marion with the back precincts yet to hear from.

Umatilla, according to late reports, is exceedingly close.

Cameron has a heavy majority over Word. Morrow has been elected judge, defeated O'Day.

Partial returns from the state outside of Multonmah gave Cake8030, Chamberlain 8675, a lead for Chamberlain of 645.

Earliest Returns—Incomplete.

Oregonian says Chamberlain will carry Multonmah county by 1000 over Cake. Multonmah Republicans carry whole ticket, probably including Cameron for district attorney.

Single tax amendment beaten by a large vote.

Woman suffrage beaten by a large vote.

University appropriation, carried by a heavy vote.

Armory appropriation, carried by a heavy vote.

Cake has probably carried Morrow, Coos, Lane, Linn, Yamhill, Columbia, Wasco, Lincoln, Josephine, Benton, Polk and Marion.

Stayton—Chamberlain 115; Cake 69. Prohibition 109; against 82.

Some General Results.

W. C. Hawley, Republican, undoubtedly re-elected congressional representative from the first district and W. R. Ellis, Republican, has again carried the second district.

Robert S. Bean of Eugene has been re-elected to the supreme bench of the state.

J. W. Bailey was re-elected to the position of state food and dairy commissioner and T. K. Campbell and Clyde B. Aitchison, Republicans, were elected railroad commissioners.

In Multnomah county (Portland) the single tax amendment and woman's suffrage were beaten by a large vote. The university and state armory appropriations carried.

Report at 2 P. M.

Despite the fact that he has been chosen for United States senator by the people of Oregon, Governor Geo. E. Chamberlain may not be sent to Washington from this state. Incomplete returns show that Statement No. 1 men will probably be in the minority at the next session of the legislature and in that event someone other than Governor Chamberlain will probably go the United States senate. The Statement No. 1 men have made a great fight and if the measure is defeated it will be by a very slight margin.

Counties Went Dry.

The prohibitionists have been victorious in the most of the counties outside of Multnomah county but will probably be defeated here. Wasco, Clackamas and Jackson counties voted against prohibition, but Union, Umatilla, Crook, Linn, Polk, Douglas, Yamhill and Marrow counties went dry. Lane county voted to remain dry and Benton county, which is already dry, did not vote on the question.

FATAL CAR ACCIDENT ON O. W. P. LINE

Portland, Or., June 2.—Plunging at a terrific rate past the Troutdale station this morning one of the cars of the O. W. P. loaded with passengers leaped over the embankment at the end of the track and at least one man will die as a result. Four others were seriously injured. All the injured men except Dr. Hancock and the conductor are employes of the Union Meat company.

The fatality was due to the ignorance of the motorman, who was making his first trip on the line, misjudging the distance.

The motorman and conductor are badly bruised. Dr. H. J. Hancock, federal meat inspector, head injured and jaw broken.

Louis Kummer, back of head cut open and several injured internally.

A. G. Jenkins, literally. Will probably die.

— Aschart, badly cut.

So rapid was the speed of the car that the motorman could not stop it at Troutdale and it swept on past the station and over the embankment a quarter of a mile farther on. The car still hangs suspended over the bank.

The conductor was thrown through the plate glass of the back door when the car came to its abrupt stop and his face and head were badly cut up.

The trial of Dr. J. S. Owens, on the charge of extortion preferred by J. Whyte Evans, president of the Portland United Railways company, was begun in Los Angeles today. Owens promised to show some "things" unless Evans paid him $8000.
