clearing house associations," the clearing house associations of the country having objected to the use of the latter name.

The clause creating a currency commission to be composed of nine members of the Senate and nine members of the House, is carried in the bill.

#### Additional Provisions.

The bill provides: "That after January 1, 1909, national banking associations located outside of reserve or central reserve cities, which are now required by law to keep a reserve equal to 15 per cent. of their deposits liabilities, shall hereafter, hold in their own vaults four-fifths of their reserves, either in lawful money as national banks required by law, or in the securities enumerated in this act, which shall have been approved by the secretary of the treasury; provided, however, that not more than one-third of the reserve required to be kept in the vaults of such associations shall be held in such securities.

"That the deposits under the section of retiring notes secured by the deposit of bonds other than bonds of the United States, shall not be covered into the treasury as required by section 6 of an act entitled, 'An act directing the purchase of silver bullion, etc.' approved July 14, 1890, but shall be retained in the treasury for the purpose of redeeming the notes of the bank making such deposit.

#### Investment of Funds.

"That no national banking association shall invest any part of its funds or deposits in the stocks or other security of any corporation or association, any of the officers or directors of which are officers or directors of such banking association, and that any officer or director of any national banking association, who knowingly violates or consents to the violation of the foregoing provision shall be deemed guilty of a misdemeanor and shall upon conviction thereof in any circuit or district court of the United States be imprisoned not less than one year and not more than five years.

"That it shall be the duty of the comptroller of the currency to cause such reports of notes in circulation to be verified by examination of the bank's records, and any officer of any banking association falsely representing the amount of its notes in circulation shall upon conviction thereof in any circuit or district court of the United States be punished by a fine of not less than \$1,000 nor more than \$5,000, or by imprisonment for not less than one year nor more than five years, or by both such fine and imprisonment."

#### A Grand Family Medicine.

"It gives me pleasure to speak a good word for 'Electric Bitters,'" writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at J. C. Perry's drug store. 50c.

#### BIG CHICAGO'S FIRE DEPARTMENT BEHIND TIMES

The discovery by an investigating commission that Chicago's firemen are not up to the standard set by the fire horses has resulted in a unique tribute to the animals that respond to the alarm and may lead to sweeping changes in the city's fire department. The commission pronounced the work of the horses as flawless and said that the work of the human fire fighters, on whom the safety of the big city depends, was not nearly as efficient. It then came to light that the civil service examination for the animals is tremendously more rigid than the physical test of the would be firemen. The animals are put through a scientific trial of strength, endurance, wind behavior and speed that would stagger a human being. After this they are permitted to turn out to their first fire. As a result of this test all inferior horses put in the department by political pull have been retired and replaced by capable ones. If we spent as much time and money getting good horses, there would not be an incompetent man in the department, said Chief Horan. "We have too many one story firemen—they're all right at the ground floor blaze. But what we need is ten story firemen, and we need them badly." The merit board found that in the examination of firemen, the physical requirements were unduly subordinated to the mental. This will now be changed and bigger and heavier firemen will be sought. A similar reform is planned in the police department, except that here the mental test will have greater weight.

#### Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system. It continues in Helonias we have a medicinal which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagic (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly period), or accompanying an abnormal condition of the digestive organs and a female (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, an invalid woman can get better than by Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions, and the general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenstruation (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

#### HISTORIC BASEBALL GROUNDS DISPOILED

Veterans among Chicago's army of baseball fans lament a sacrilege, the one-time West Side Ball Park at Loomis Street, where in 1885 Clarkson's curves wrenched victory from Boston in the days when "Kelly came to bat" and Captain Arson guarded first, is now to become a Kosher market place. There are to be stalls for live fowls and other stalls for live fish around the grounds where truculent rooters sat on splintory bleachers. Where the diamond once was, halloved by the spiked foot prints of Anson's colts, there will be an eating house. On these grounds baseball grew to manhood. Now, on the very spot where the chest protect or was invented while an unprotected catcher recovered from a foul tip to the pit of his stomach, patry barter is to go on. The squawking of ignoble poultry will be heard where once went up ecstatic yells of victory and grand stand eughions. A fountain is to sputter where in the 80's the southpaws from Boston and elsewhere spit on their hands and sent 'em hot. If the western fans can have their way the glazed brick walls will bear tablets, variously inscribed as **JULY 12, 1885, BILLY SUNDAY'S SLIDE,** and in honor of other historic crises for umpires and pennants. The home run fence long since came down, the grass is uncut in the outfield where Ryan captures flies; there are tomato cans in the pitcher's box, whence \$10,000 Clarkson unlimbered his mystifying shoots, but the fans of the West will never admit that wasn't the greatest baseball patch ever.

#### Bucklen's Arnica Salve Wins.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklen's Arnica Salve. Less than half of a 25 cent box won the day for me by affecting a perfect cure." Sold under guarantee at J. C. Perry's drug store.
