SALEM, OREGON, WEDNESDAY, JUNE 10, 1908

NO. 143

LOODS PARTLY INUNDATE KANSAS CITY

ANTI-TAFT REPUBLICANS MAY FORM SEPARATE ORGANIZATION

OLIVER BELMONT IS DEAD

WEALTHY MILLIONAIRE INTERESTED IN FINANCIAL WORLD

(United Press Leased Wire.)
Spatsad, L. I., June 10.—Oliver Belmont died of appendicitis at his country home at 6:40 o'clock this morning. His recovery was abandoned last night and the family remained at the bedside until the end. P. Belmont, a prominent banker, continued on page five.)

GOVERNOR'S DAUGHTER RUNS AWAY

WITH WAGON DRIVER

(United Press Leased Wire.)
Salt Lake June 10.—An exciting scene was enacted this morning when Governor John C. Cutler, of Utah, after an all-night search with his son, came upon his daughter Mabel and her delivery wagon driver husband at a mountain resort miles up the canyon from Idelwild. Governor Cutler demanded that Mabel be returned to him. (Continued on page five.)

EMBEZZLER WAS POET AND AUTHOR

JUD. BRUSIE DEAD

(United Press Leased Wire.)
Los Angeles, Cal., June 10.—Judson C. Brusie, secretary of the state board of railway commissioners, who was arrested in this city on Sunday last charged with the embezzlement of funds belonging to the Metropolitan Bonding & Surety company of which he was San Francisco representative, died at 7 o'clock this morning at the California hospital.

OVERFLOW THE WORST IN YEARS

BANKS GIVE AWAY

(United Press Leased Wire.)
Kansas City, Mo., June 10.—The worst flood condition since the memorable inundation of 1903 prevails here today. The Kaw river has flooded the west bottoms and people living in that portion of the city were compelled to flee for their lives. The greatest excitement prevails and the waters are still rising. All night long a patrol guarded the temporary dykes that had been thrown up to meet the high water. It was thought that if the levees could be made to hold back the water until today the threatened part of the city would be saved. Just at day break, however the water gained the upper hand and began pouring in through a great gap in the dykes that the patrol workers were unable to repair. The alarm was given and people fled with all the goods that they could get together to the higher portions of the city. Thousands are homeless today and there are little prospects of the waters going down. The hog yards of the Armour plant are under water and hundreds of animals were drowned. The Missouri river also is still rising and a great force of men is at work at the dykes to prevent a flood from that source.

"ALLIES" PLANNING NEW PARTY

IN SECRET SESSION

(United Press Leased Wire.)
Chicago, June 10.—It was reported this afternoon that the disappointed allies, having met defeat in every contest so far before the national committee, are holding a secret session to form plans for a new party to be called the Union Republican party. It is said they are planning a big bolt from the regular convention and that it is proposed to hold a convention of the new party soon after the "Taft convention" adjourns. One defeat after another was met by the allies today. The Taft delegates were seated this afternoon from the first five congressional districts of North Carolina in quick succession. Every time a contest was opened today the allies offered a resolution to divide the delegation and each time it was defeated by the same vote, 31 to 11, showing the supremacy of the Taft supporters.

MAY TRY SOUTHERN PACIFIC

ON 250 CHARGES

(United Press Leased Wire.)
San Francisco, June 10.—The federal authorities are today maintaining the greatest secrecy concerning a hearing that was begun yesterday afternoon by the federal grand jury that may lead to the indictment of the Southern Pacific railroad on 250 counts for rebating. The hearing was conducted by H. B. Duncan of Washington, an attorney for the interstate commerce commission, and is the direct outcome of the evidence taken here last fall by Interstate Commerce Commissioner Franklin K. Lane. Three witnesses were called yesterday, C. B. Seger, auditor of the Southern Pacific company; T. G. Byrnes, freight claim agent, and Alfred H. Rising, chief clerk of the freight department. The investigation started yesterday has particular reference to shipments of pine box lumber from Verdi, two miles outside the state line in Nevada to points in California at the same rate charged for shorter hauls within the state. Over 200 violations of the law in this connection are said to have been found out by Duncan. Another violation of the law is said to be in reference to shipments of wool from California points to Stockton, Cal., at reduced rates and from there to other states at interstate rates.

CHICAGO STORE

PEOPLES BARGAIN HOUSE

HOT WEATHER GOODS PRICED AWAY DOWN

The Store That Saves You Money

San Francisco, June 10.—Judson G. Brusie had been prominent for a number of years in this city as a speaker, playwright and man-about-town. His friends here remained loyal to him in the face of the charges brought against him and subscribed a bond of \$15,000 on which his release was gained and it was possible for him to be released from the Los Angeles jail.

He was the author of the famous play "Lonesome Town," which made a tremendous hit when it was first produced here and since has been seen in many American cities. When a "California Night" was given in New York recently by the comedians, Kolb and Dill, they chose "Lonesome Town" as the production and its revival was greeted with great applause on Broadway. The play was the story of a California boom town of 25 years ago and was a most amusing picture of the conditions which prevailed at that time.

Of a different and more important character, however, were his plays, "The Hills of California" and "Damon and Pythias." These were dramas produced in San Francisco to critical audiences who saw in them the work of genius. "The Hills of California" particularly was a striking play relating as it did to the events of the golden days, "the days of '49."

The "Black Cat," a sketch produced on the Orpheum circuit and many other smaller plays, were written by him. He was also the author of "I. O. U.," a play which was produced with success. Brusie was well known as an after-dinner speaker, as well as a campaign orator. He made addresses in many sections of the country in the McKinley and Roosevelt campaigns.

Brusie practiced law in Amador county and was sent to the assembly from there. He later went to Sacramento to live and was sent to the assembly from there. He was appointed secretary of the state railroad commission in 1903. Brusie arranged bonds for Mayor Schmitz and others arrested for grafting in San Francisco.

Finley Again Saved.
(United Press Leased Wire.)
Sacramento, June 10.—Convict J. W. Finley has again been granted a reprieve by Governor Gillette and will not die on the gallows at Folsom next Friday.

RUSSIAN ROYALTY SCORED

(United Press Leased Wire.)
St. Petersburg, June 10.—Leaders of the Octoberist party are today laying plans to continue the attack made in the duma against the grand dukes by Gutchkoff. Gutchkoff's attack was one of the fiercest ever directed against the reigning family, the members of which, he declared, with nefarious influence, are allowed to remain at the head of certain departments of the army. He shouted that the grand dukes were usurping the authority which properly belongs to the minister of war. He denounced Grand Duke Nicholas Nikolaevitch, president of the council of national defense, declaring that he and the body of which he is the head stands in the way of the reign of the army. The speaker demanded that these grand ducal leaders be retired from the army.

CALIFORNIA CANNING SEASON HAS BEGUN
Stockton, Cal., June 10.—The California Fruit Canners association will inaugurate the canning season here Wednesday. Reports from the Sacramento and San Joaquin valleys are to the effect that this season's fruit crop will be the largest in the past seven years. The apricot, peach and pear yields will be immense. Many have made small fortunes this year on cherries.

HARRIMAN AND GOULD AGREEMENT

(United Press Leased Wire.)
New York, June 10.—The chief topic in Wall street today is the reported amicable adjustment of the differences between Gould and Harriman. It is understood that the agreement was effected just before George J. Gould's departure for Europe and covers all of the disputed questions between the Gould and Harriman interests in the west. Gould retains possession of his properties west of Pittsburg and will continue the building of the western Pacific but it will be operated in harmony with the Harriman lines. Under the agreement, however, Gould will not be able to carry out his plan of a great trans-continental Gould system, for it provides that he must not cross the Alleghenies with his western connection to join his western Maryland line.

TWO AMERICANS IN CANAL ZONE KILLED
(United Press Leased Wire.)
Ancon, Canal Zone, June 10.—It has been reported here that two American powder men working on the canal at Calmito Mulato were killed recently by a charge of dynamite that was exploded by a flash of lightning. The men, Clifford J. Coggon and J. P. Roche, had just set the charge and it was ready to be fired as soon as the squad had quit work at 5 o'clock. The wires leading to the fuse had not been connected to the battery but a thunder storm had charged the air with electricity and the wires were affected so that a spark set off the powder.

DIVORCES HARDER TO GET

(United Press Leased Wire.)
Reno, Nev., June 10.—According to a recent ruling of Judge Orr in the circuit court, which he says today will guide the court in the future, no more divorces are to be granted in Nevada on the grounds of desertion or cruelty unless witnesses testify to the allegations made in the complaint. Heretofore it has been possible for people from other states to sue for divorce in Nevada and obtain judgment although their spouses were often ignorant that an action for divorce had been begun. The Corseys, of Pittsburg, fought out their divorce case in Nevada. In explanation of his ruling, Judge Orr said today that many times it had been found after a divorce had been granted in Nevada that a wrong had been done.

Recorder Robbed of \$7000.
(United Press Leased Wire.)
San Diego, June 10.—The police and detective forces are conducting a vain search today for a clue to the daring daylight robber who broke into the home of R. Fenton, city recorder of Coronado, late yesterday and secured jewelry valued at \$5000, besides a sum of money said to be \$2000.
