PACKING PLANT IS BURNING

ENORMOUS LOSS

FLOOD PREVENTS FIREMEN FROM SAVING BIG KANSAS CITY FACTORY—THOUSANDS OF DOLLARS DAMAGE.

(United Press Leased Wire.)
Kansas City, Mo., June 12.—The big Nelson Morris packing plant is on fire and apparently is doomed to complete destruction.
The property is located in the flooded district, and it is impossible for the fire department to reach it. The flames are spreading rapidly. Thousands are witnessing the fire but there is now way of combating it.
It is estimated that the loss will be hundreds of thousands of dollars. Two buildings have been entirely destroyed. The fire started from an explosion in the sausage factory.
At noon the fire was still raging but the firemen had been able to get near enough to prevent it from spreading much further. The company's plant is valued at \$1,500,000.

RIOTING AT RACE COURSE

OVER THE NEW LAW

POLICE RAID BETTING RING AND ARE MOBBED—PRISONERS ESCAPE—THREATS AGAINST HUGHES.

(United Press Leased Wire.)
Gravesend Race Track, N. Y., June 12.—A riot was caused here this afternoon by the police arresting Dick Weldon, a prominent bookmaker, under the new anti-race track gambling law which went into effect yesterday. The races were being conducted here today as usual, in defiance of the law, each bookmaker seated on a high stool, holding his book in his hand, when the police suddenly rushed into the ring.
There was a wild scramble and books and all paraphernalia suggesting the making of a bet disappeared instantly. Weldon was the only man captured by the police and he tried to resist arrest. The racing room was crowded with betters, most of them regular frequenters, who knew Weldon. The crowd surrounded the police, and when the attack was at its height, they rushed the police, tearing Weldon away.
In an instant the bookmaker was lost in the crowd and disappeared. A call was sent immediately for reserve who were rushed to the scene. The police did not attempt to use their revolvers as they were greatly outnumbered and the excitement ran so high they were in danger of being mobbed.
The races were continued but there was little prospect of another effort by the bookmakers to take more bets today. If Weldon is recaptured a year in jail if convicted, captured he will have to face trial with the certain assurance that he will serve a year in jail if convicted. His only escape from the jail sentence, if convicted, would be a decision that the new law is unconstitutional.
When the raid took place in the betting ring the great crowd in the grandstand, which included many women, surged down in wild excitement and half a dozen people were badly bruised in the stampede.
The racing men are furious at the passage of the law and think it is within their constitutional rights to bet their money as they please. Threats against Governor Hughes are common.
Police Commissioner Bingham this afternoon sent a general order to all precincts to watch for Weldon and arrest him at any point. A special detail of detectives were immediately assigned to the case under orders to trace Weldon. All exits from the city are being watched. The authorities propose to make this a test case.

NINE ARE KILLED BY DYNAMITE

WHILE BLASTING

WORKING ON RAILWAY IN MANITOBA—MINERAL IN ROCK CAUSED EXPLOSIONS WHICH ENDED SIXTY LIVES.

(United Press Leased Wire.)
Winnipeg, Man., June 12.—Nine laborers were killed and several more injured by a premature explosion of dynamite at a railroad camp on the Grand Trunk Pacific near here today. The men were blasting rock when the dynamite exploded and some were very near to the charge.
The death of this crew sends to 60 the number of those killed by premature explosions within a year. All the explosions are apparently causeless, and in investigating the causes of the accidents the officials of the road are working on the theory that some mineral in the rock in some way ignites the charges of dynamite which are tamped into it.
This is regarded as an entirely new discovery in science and the officials are wholly at a loss in planning a way to continue work in the death trap rock, which the laborers are now shunning.

PARADE IS GREAT SUCCESS

MUCH ENTHUSIASM

SPEECHES ARE MADE—STREETS DECORATED—PUPILS SING—ATHLETICS—BANNERS PRESENTED BY BOARD OF TRADE.

The parade of the public school children at 2 o'clock today was a great local outburst of enthusiasm for the educational interests of the Capital City.
Make Greater Salem a greater educational center was the watchword of the hour. The speakers schooled the sentiment. City Superintendent Powers hit the keynote of the occasion by his plea for maintaining the high reputation the city has gained for its public schools.
To C. L. Starr, secretary of the state normal school board of regents, and Hon. Hal Patton is due the credit for originating the idea of a public demonstration in the annual dismissal of the schools, and the committee headed by Clarence Bishop nobly worked out the details to the conclusion of the athletic events this afternoon.

The Store That Saves You Money

ANNA TO CONTROL THE PURSE

(United Press Leased Wire.)
Paris, June 12.—It was learned by the United Press correspondent here today that a marriage contract was signed yesterday by Mme. Anna Gould and Prince Helle de Sagan.

It provides for a complete separation of property, so that Mme. Gould will be able to hold the purse strings and the prince will have to ask her for money whenever he wants to dip into the Gould millions.

The papers set forth also that the prince is to have full control of his own estate.

It is customary in such cases for the wedding to follow within two weeks of the signing of the contract. It is learned on the highest authority that the marriage will not be performed in France. It is probable that the couple will go to England in hope of escaping notoriety. The ceremony probably will be performed by a Protestant minister.

The registration fees for the contract were about \$4000.

INVESTIGATING WAYS OF EMPLOYMENT AGENTS

(United Press Leased Wire.)
Los Angeles, Cal., June 12.—Following the arrest of E. J. Phelan and C. M. Dunnick for alleged fraud in taking fees from hundreds of men and boys and sending them into the Imperial valley where it is claimed there were no positions waiting them the authorities here today began a sweeping investigation of the employment agencies.

Phelan and Dunnick are charged with shipping hundreds of persons into the Imperial valley and other fruit districts. On arriving there it is alleged they found no work at all and many are said to be in want, as a consequence. It is said that the investigation begun today will reveal shocking irregularities.

TO ARREST WEARERS OF DIRECTOIRE

(United Press Leased Wire.)
New York, June 12.—The sheath or directoire skirt the latest daring Parisian creation that has caused a sensation in the gay French metropolis, is not for New York. Anthony Comstock has spoken.

The chief of the society for the suppression of vice says that he will arrest and prosecute, "to the fullest extent of the law," any woman who appears in public attired in one of these gowns.

HAMMOND IS OUT TO WIN

(United Press Leased Wire.)
Chicago, June 12.—"John Hays Hammond is out to win the vice presidential nomination at the hands of the Republican convention," said John C. Montgomery, manager for the mining engineer, today. Montgomery opened headquarters for Hammond today.

Tries to Murder Czar.

(United Press Leased Wire.)
Reval, June 12.—It became known here today that a woman school teacher thwarted a plot to kill Czar Nicholas just after the ceremonies in the Gulf of Finland on the occasion of the king's visit. The woman had been picked by the Nihilists to throw the bomb that would have killed the czar and his entire family, but she committed suicide rather than carry out the mandates of the secret order.
