WHO ARE THE DISHONEST REPUBLICANS?

Of course, it is inconceivable that a politician of any party should be dishonest.

It is conceivable that the rank and file of any party MAY BE MORE OR LESS HONEST.

The assertion of the Oregonian that the Statement No. 1 Republicans are utterly dishonest and unprincipled in their attitude on the senatorial election, AND UNWORTHY TO BE CALLED REPUBLICANS is important if true.

It is useless to point out that all the laws relating to the election of United States senators WERE ENACTED BY REPUBLICAN LEGISLATURES, AND SANCTIONED BY REPUBLICAN VOTERS IN A STRONGLY REPUBLICAN STATE.

This has been recited a thousand times. But the Oregonian is the only morning paper in the state of metropolitan circulation, and its word is law to many Republicans.

It is the only paper of Republican party pretensions that has general STATE CIRCULATION AMONG REPUBLICANS.

When it calls all Statement No. 1 Republicans DISHONEST AND UNWORTHY OF THE NAME REPUBLICAN, it makes many Republicans believe that it is true, because there are many persons in all parties who believe whatever party organs print.

But is it true? Was it dishonest for the Republican legislature to enact the Mays law, providing for a popular vote on senators?

Was it dishonest for the Republicans to submit and adopt a Direct Primary law containing Statement No. 1?

Was it dishonest for the people to elect a Statement No. 1 legislature and to nominate Cake for the senate?

Was it dishonest for the people to enact the law directing the legislature TO RESPECT THE WILL OF THE PEOPLE?

It is to be presumed that all that is done that is not approved of by the machine politicians is dishonest. BUT IT IS A PRESUMPTION OF EARTHQUAKE VIOLENCE.

After the Mays law gives the people a direct vote on United States senators;

After the primary law gives them a right to nominate United States senators;

After the people reaffirm Statement No. 1 by 45,000 majority, AND CARRY EVERY COUNTY IN THE STATE FOR IT;

Then they are to be defeated in their choice of a senator by the machine managers.

The people have no barrel, no federal offices, no jobs in the legislature, no clerkships in Washington. THE MACHINE HAS ALL THESE THINGS. The people have nothing but votes. To h— with the people.

-SMILES-

The man who votes for Prohibition never expecting to see it enforced, and the Republican who votes for a Democratic U. S. senator, not expecting him to be elected, are both advocates of bootlegging.

The people are enthusiastic about the bills the last congress did not pass.

The name of the great German General von Moltke has been made nearly as odious as Grant's once was.

A washerwoman's and scrubwoman's union has been formed in New York. They expect to make a clean up.

The United States bought \$52,000,000 hides and raw rubber of South America last year and sold those countries only three million dollars' worth of shoes.

Junction is building a large new school house. C. W. Washburn has let to H. V. Johnson a contract for a building 74 by 100 for a skating rink and bowling alley.

All Eugene merchants advertise to handle Eugene made brooms. A good way to boost home manufactures.

Cottage Grove is getting a two-story brick erected by F. B. Phillips, a public-spirited business man. The contractor is H. J. Clark, builder of several other brick blocks this season. That town is growing fast in spite of going dry.

The counties going dry have given a great boost for skating rinks, bowling alleys, merry-go-rounds, soda-water shops, lemonade stands and other dry concerns.

Anti-treating clubs are springing up the the wet counties.

Astoria claims to be worked by Portland to the tune of a million a year. Well, no one will blame Portland for working such a fruitful field.

Major Kinney would have been a picturesque figure in the legislature. Coos Bay would have been heard from with him in the house and R. D. Hume in the senate.

The Alaska gold clean-up this year on Seattle estimates is \$29,000,000. Seattle estimates are subject to the usual discount.

Public school enthusiasm pays big dividends.

C. J. Howard, in his paper, "West of Oregon," thinks the people rose to the occasion in defeating Cake.

You Never Can Tell, just exactly the cause of your rheumatism, but you know you have it. Do you know that Ballard's Snow Liniment will cure it?—relieves the swelling and limbers the joints and muscles so that you will be as active and well as you ever were. Price 25c, 50c and \$1.00. Sold by all dealers.

Lane County, Republican state and county ticket got majorities, all except Harry L. Brown, sheriff. E. U. Lee is clerk; B. F. Keeney was re-elected assessor by a big vote, as was G. R. Chrisman county judge. Walter B. Dillard is county superintendent of schools, and Hugh M. Price county commissioner. Lane county went dry with a bang and to make sure there should be serious enforcement of the law elected a Democratic sheriff. But Lane county and Eugene will prosper under any law.

Sore Nipples, Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by Dr. Stone's drug store.

It takes 30 or 40 men to attend to the business around the Albany depot. It's a busy place.

The Best Pills Ever Sold, "After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold." Whites B. F. Ayscove, of Ingleside, N. C. Sold under guarantee at J. C. Perry's drug store. 25c.

Hood River County.

The officials for the newly created Hood River county, to be appointed by Governor Chamberlain are to be divided between the two parties,—the Democrats having been allotted S. F. Blythe for county judge, G. D. Culbertson clerk, L. E. Morse sheriff, M. M. Hill commissioner, V. C. Brook treasurer. The rest of the offices go to the Republicans. It is a noteworthy fact that the governor leaves it to the locality interested to select its own officers and does not object to naming some Republicans.

The Rapidity of Dream Action.

Dr. T. S. Clouston, superintendent physician to the Royal asylum, Edinburgh, and a well-known authority on mental diseases, has given a London Daily Mail representative some interesting views on the subject of dreams.

"The modern opinion about dreaming," said Dr. Clouston, "is that a long series of events do not take place instantaneously, as used to be thought. Dreams may go on all night. It may be assumed that a dream sleep is not a sound sleep.

"A very curious thing is that many melancholy people, whose whole conscious life is one of misery, dream beautiful and happy dreams. They will tell you in the morning that that was their only pleasant time of the 24 hours, and they wish they could sleep always, for then they would be happy. Other melancholy people have fearful dreams and seem to be more miserable than during their waking moments.

"The doctors now, as a rule, think it is a good sign when melancholy people have cheerful dreams. The physiological view of dreaming now may be said to be the opening out of a partial consciousness of the things that have been heard and thought about and seen by the brain previously. No new thought was ever created in a dream, and it is very doubtful whether the solution of any new problem was ever effected in a dream.

"The mental doctors find close analogies between the delusions of the insane and the dreams of sane people. There are three brain conditions very nearly allied—dreaming, the hypnotic condition and somnambulism."

Professor Verwon's experience of a long dream occurring in a second of time is one that has befallen many persons, including a few who have put their experience on paper. It is well known that dream events can occur with startling rapidity. The difficulty is to fix the duration of time. The professor was able to do so by the fact that his "duel" was fought between the knock of a stick on his head and the almost simultaneous shout of "Come."

Lord Holland is stated to have fallen asleep while he was listening to the reading of a book and to have had a long dream between the beginning and end of a sentence.

Chambers' Encyclopedia says on the same subject: "The rapidity of the sequence of our ideas is one of the most remarkable of the phenomena of dreaming. This may be compared with the similar condition which sometimes occurs during the act of drowning, when the whole of one's past life may be mirrored on the mind in a moment. Dreams which seem to cover months or even years take place within a few seconds or minutes."

In Baring-Gould's "Curious Myths of the Middle Ages," reference is made to a dream in which during the striking of the hour on a clock the dreamer saw the whole of the grand army pass in review before Napoleon. Horse, foot and artillery passed slowly in an apparently interminable line, each unit saluting as it passed. Yet all passed in a moment of time.

The rapidity of dream action has suggested to some psychologists the theory that dreams are always experienced during the moment of passing from sleep to wakefulness.

Stomach Troubles, Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price 25 cents. Samples free at Dr. Stone's drug store.

WOOL PRICES ARE PICKING UP

(Pendleton Tribune.) At the second wool sale held today many growers are disposing of their clips and from indications at this time there will be but little wool left at the conclusion of the sale this evening.

During the forenoon today nine clips, aggregating about 300,000 pounds of wool, were sold and the prices ranged from 9% to 12 1/2 cents. The fact that these prices are lower than those offered at the first sale is due to the fact that much of the wool sold today is from the west end and is heavier than that sold on May 25.

Of the clips sold this morning that of William Slusher was by far the heaviest and aggregated 150,000 pounds. By holding his clip for this sale Mr. Slusher was able to get a cent more a pound than he could have realized had he sold it at the first sale.

Bucklen's Arnica Salve Wins.
