## ROOSEVELT'S NAME CAUSES AN OUTBURST PRESIDENT DISPATCHES MARINES TO PROTECT PANAMA CANAL

### TAFT IN ABSOLUTE CONTROL

#### OF CONVENTION IN SAN BERNARDINO

**CREDENTIALS COMMITTEE UP-HOLDS EVERY CONTEST DECISION OF NATIONAL COMMITTEE—WILL GET BIG VOTE.**

(By Kenneth C. Beaton.)  
Chicago, June 17.—Secretary Taft's steadily clinched absolute control of the national Republican convention today, when after a session lasting 15 hours the credentials committee by an overwhelming majority, nullified the action of the national committee in every contest over seats at the convention.  
There was no real fight in the committee. The proposal to endorse (Continued on page five.)

### SKELETONS OF TEN ARE UNEARTHED

#### IN SAN BERNARDINO

**POSSIBLY ANOTHER "MURDER FARM" LIKE THAT OF MRS. GUNNESS—FOUND BY BOY WHO PARADES WITH SKULL.**

(United Press Leased Wire.)  
San Bernardino, Cal., June 17.—Great excitement prevails here today as a result of the discovery of several human skeletons in an excavation in the heart of the city. So far the bones of five persons, two women, two men and a child, have been unearthed and the digging is still in progress.  
Hundreds of persons had gathered about the scene of the gruesome find (Continued on Page 4.)

### WARSHIPS SENT TO ISTHMUS

#### SITUATION GRAVER

**INCREASING ALARM CAUSES PRESIDENT TO ORDER BATTLESHIPS AND 1500 MARINES TO PANAMA.**

(United Press Leased Wire.)  
Washington, June 17.—Reports received here today as to conditions on the Isthmus of Panama state that the situation there is growing graver each hour and President Roosevelt today direct the navy department to order the battleships New Hampshire and Idaho at once to Colon with 900 marines.  
The cruisers Tacoma and Prairie are already en route to Panama with 300 marines. There will be approximately 1500 marines on the isthmus when the elections are held and it is thought that no attempt will be made to stir up trouble in the face of this stand taken by the United States government.

#### Novel Fellowship Order.

(United Press Leased Wire.)  
Navy Yard, Puget Sound, June 17.—A fellowship order, which promises to be world wide in its membership has just been organized by officers of the Atlantic fleet and world travelers of note who have visited the fleet since its arrival in Pacific water, under the suggestive title of the "Order of the Wanderlust."  
Only those who, through spirit of adventure, scientific research or voluntary military service, have visited three continents are eligible to membership. Any army or naval officer who has attempted to escape foreign service is barred from membership.  
On June 15, of each year these members pledge themselves to report to the pathfinder of the order their travels during the year. The adventures of all those engaged in hazardous enterprises are to be published in a book. The objects of the order are to promote fellowship among those fond of travel and adventure and to assist explorers in their undertakings.  
Col. W. J. Cotton, of New York, a famous globe trotter and until recently secretary to John D. Rockefeller, was elected pathfinder; Surgeon Percy Crandall, U. S. N., member of the Lambs' club and one of the most widely known officers of the navy, was elected guide; Paymaster Richard Hatton, U. S. N., a well known authority on Asia, crumpler, and H. Lee Clotworthy, of Los Angeles, recorder of the trails.  
The badge of the order is an enameled world backed by gold teeth. The first badge made is to be presented to Commander Robert Peary before his departure for the Arctic regions.

#### Battleships After Record.

(United Press Leased Wire.)  
Navy Yard, Puget Sound, June 17.—The battleship Georgia will sail for San Francisco early Thursday morning and incidentally will attempt to break all battleship speed records enroute. The Georgia is the acknowledged speed queen of the Atlantic fleet, but her officers are desirous of establishing a record.  
The badge of the order is an enameled world backed by gold teeth. The first badge made is to be presented to Commander Robert Peary before his departure for the Arctic regions.

#### THOUSANDS IN SEARCH FOR BOY'S BODY

San Francisco, June 17.—After a search for over four days participated in by fully 200 people, the body of 16-year-old Cyril Robertson was discovered this afternoon in one of the lakes of Golden Gate park off Twenty-fourth street. The body of the lost child was recovered with grappling hooks by experts sent to aid in the search by the state harbor commission.

#### STUCK IN MUD AND IS DROWNED

Aberdeen, Wash., June 17.—While unloading wood at a mill dock on the south side of the Chehalis river, Victor Whalen, aged 39, fell into the river and stuck in the mud in such a manner that he could neither move nor call for help and was drowned.

### FOUR MORE YEARS CRY DELEGATES

#### FOR HALF AN HOUR

**TEDDY BEARS TOSSED IN AIR—BOURNE AND FAIRBANKS LEAD DEMONSTRATION—ORDER FINALLY RESTORED.**

(United Press Leased Wire.)  
Coliseum, Chicago, June 17.—When Permanent Chairman Lodge mentioned the name of Roosevelt this afternoon there was a great cheer and when he called him the "much abused but most popular President" there was a wild ovation.  
The delegates from Nevada and others leaped to their feet and yelled at the top of their voices. It was noted, however, that the Ohio delegates did not take part in the demonstration.  
Senator Bourne, of Oregon, the "second elective term" boomer, was among the leaders in the ovation.  
Mrs. Alice Roosevelt-Longworth covered her face with her hands during the great demonstration in honor of her father. She seemed to be unable to control her feelings.  
N. H. Fairbanks, of Springfield, O., brother of the vice president, stood on a chair in a special balcony and led the cheering in his vicinity.  
When Charles P. Taft, brother of the secretary of war, was asked what was the significance of the demonstration, he replied:  
"There is nothing in it; nothing at all. Just working off a little steam."  
The wild cheering and yelling and waving of hands and hats continued for half an hour. Senator Lodge ordered the band to play "Garry Owen." The crowd, knowing that it was the President's favorite tune, went into still wilder demonstrations and the noise increased.  
The crowd then began yelling, "Four years more! Four, four, four years more!"  
Lodge smiled. Then someone pointed out the President's daughter. The crowd turned toward her.  
Alice took the greatest care not to do anything that would lend support to the demonstration. She smiled, then hid her face again in her hands. It was evident she was in a difficult position.  
A huge Teddy bear was raised high in the air from the newspaper section and this still further increased the volume of the noise, which seemed before to have reached the limit of human vocal possibilities.  
Senator Lodge pounded on his desk with the gavel but the sound could not be heard 20 feet in front of him. He waved his hands in an effort to restore order and pounded more. The crowd seemed to have lost control and the cheering continued.  
The big Teddy bear was tossed from the newspaper section to the Oklahoma delegation, where it was placed in the seat of a delegate and made to wave its paws in honor of the cheering.  
Two Oklahoma delegates engaged in a personal fight over the possession of the bear and in the excitement exchanged several blows before they were parted.  
The ovation continued for 45 minutes, when it died a natural death, the participants evidently being physically worn out.  
Manager F. H. Hitchcock, of the Taft forces, was not perturbed by the demonstration. He was smiling as he walked across the hall and went up to the Ohio section, where he shook hands with Charles P. Taft, brother of the secretary. This he did with an air of perfect ease, but there were some who thought it was a sign of fear that he should consider it necessary to make such a noticeable public display of confidence.  
The time of the ovation was carefully kept and it lasted exactly 49 minutes according to several "timekeepers," appointed in the press section.  
When quiet was restored, Senator

### TRIES TO KILL SELF AND WIFE

#### WHILE HALF CRAZED

**DRUG FIEND ATTEMPTS SUICIDE AND MURDER—SPOUSE HAD REFUSED TO REMAIN WITH HIM—BOTH MAY LIVE.**

(United Press Leased Wire.)  
Los Angeles, Cal., June 17.—Half crazed from the effects of drugs and desperate because his wife, who had left him, refused to again live with him, Harry Hadley, of 120 Oak street, today shot Mrs. Hadley three times and then turned the weapon upon himself. The woman is hovering between life and death, while Hadley, who was taken to the police hospital will recover it is said.  
There were no witnesses to the attempted murder and suicide. Mrs. Hadley, who was shot in the breast and abdomen, walked across the rear yard of her home to the Marlborough school before she collapsed.  
Lodge proceeded with his speech and concluded at 2:50 o'clock.  
During the ovation flags were waved, canes were pounded on the floor, old men and young men leaped up and down in the aisles.  
An Oklahoma delegate took off his coat and waved it wildly in the air, yelling frantically.  
Congressman Longworth sat with flushed face, biting his finger nails.  
The band played "A Hot Time in the Old Time" in an effort to stop the demonstration but even that failed.  
Senator Chauncey M. Depew, of New York, lost his usual composure and waved his handkerchief.  
A faker caused much commotion by taking advantage of the disorder to rush down the main aisle offering pictures of Roosevelt for sale. When it seemed that the ovation was dying down the Texas delegation prolonged it several minutes by all yelling in unison "Roosevelt! Roosevelt! Roosevelt!" The New York delegation also had much to do with the cheering and most of the delegates in that division were on their feet during the entire time.  
The resolution of Representative Bourke of Pennsylvania, which would restrict the representation of the south in Republican conventions, was lost when it was carried before the convention this afternoon, after it had been beaten in committee.

### BIG SUIT AGAINST MAGNATES

#### GOULD AND GATES

**LOS ANGELES WOMAN ASKS FOR JUDGMENT OF \$2,500,000—COLORADO IRON COMPANY DISPUTE.**

(United Press Leased Wire.)  
Los Angeles, Cal., June 17.—Mrs. Flora M. Cassidy of this city has brought suit in the courts of New York for \$2,500,000 and George Gould and John W. Gates are numbered among the defendants.  
Mrs. Cassidy claims to own one-twelfth interest in the Colorado Fuel & Iron company's properties in Colorado, which are controlled by Gould and Gates.

#### MRS. AUPERLE DROPS DEAD IN JEFFERSON

Mrs. J. A. Auperle, of Jefferson, dropped dead at her home at 10 o'clock last evening. The cause was heart failure, and death came suddenly and without warning.  
Mrs. Auperle was the wife of J. A. Auperle, manager of the Jefferson mills, and is well known in Salem, where she resided about one year prior to the time the family removed to Jefferson. Mrs. Auperle has been subject to heart trouble for some years and while the death is very sudden, the announcement is not a great surprise.  
Aside from the husband and two sons, three sisters and a brother at Jefferson, Mrs. Auperle leaves many relatives and warm friends to mourn her untimely departure. About two months ago her sister, Mrs. W. H. Steinhilber of this city passed away, and since that time her mother, Mrs. J. S. Denby, has also been called to the great beyond.

#### Cummins Boon Brightens.

The vice presidential boom of Governor A. B. Cummins, of Iowa, was formally launched today, under an agreement with factions of the party in Iowa and with the official White House stamp of approval.  
Senator Dolliver is said to have been eliminated from the race at a meeting of the Iowa delegation at which all the delegates from that state pledged themselves to vote for Cummins.  
One Iowa delegate announced that he had received positive assurance that Roosevelt was "willing for Cummins to be nominated." This, following the assertion that Roosevelt and Taft notified the manager at Chicago that either Dolliver or Cummins would find favor at the White House, is taken by many to think that the administration has settled on Cummins.  
John C. Montgomery, manager for John Hays Hammond, in his vice presidential campaign, today said:  
"Hammond certainly will be placed in nomination. He will be voted for solidly by several western states and will be supported strongly throughout the east and west."  
"It is probable that the nomination speech will be made by a Colorado orator, as Hammond resided in that state for many years."
