NO. 156

BLOODY REVOLUTION REIGNS IN PERSIA

REPUBLICAN VICE-PRESIDENTIAL CANDIDATE IS SERIOUSLY ILL

SHERMAN TAKEN TO HOSPITAL

FAMILY SUMMONED

REPUBLICAN NOMINEE BREAKS DOWN SUDDENLY—CAUSED BY CONVENTION OVERWORK AND EXTREME HEAT.

(United Press Leased Wire.)
Cleveland, O., June 23.—James S. Sherman, Republican nominee for the vice presidency, who has been ill here since Saturday night, was removed to a hospital this morning and his condition is critical. His family has been summoned from Utica, N. Y.

Sherman's illness began with a bilious attack while he was on his way here from Cincinnati Saturday evening. Upon arrival he went immediately to the home of ex-Governor Myron T. Herrick, whose guest he was to have been for Sunday.

Sherman was not able to leave his room Sunday and could see no one yesterday though he had made several appointments and was to have held conference with some of the leading Republicans on matters of great importance. It was not thought, however, until this morning that his condition was serious.

When he took a turn for the worse in the early hours of the morning, his attendants realized that the case was more serious than they had thought.

A telegram is known to have been sent to Baltimore summoning a surgeon.

Family on Way.

Utica, N. Y., June 23.—Upon receiving telegraphic advices from Cleveland this morning saying that James S. Sherman, the Republican vice presidential nominee, was in a critical condition and had been removed to a hospital, his family left on the first train and is rushing to Cleveland by the swiftest routes.

J. M. Lawrence, the prominent Commercial street grocer of this city, was a fellow townsman of James Schoolcraft Sherman, the vice presidential candidate on the Republican ticket. Mr. Lawrence remembers the new-candidate very well, though at the time Lawrence left there Sherman was but a school boy, though he had already begun to be known to the public through his brilliant work in school, and, in addition was very popular.

James S. Sherman, the vice presidential candidate, is suffering from gall stones, according to a statement issued at Lakeside hospital where he is being treated. At 9 o'clock this morning his temperature was 102 and his condition shows no improvement.

It was learned that he complained of pains before the Chicago convention and suffered during the session at which he was nominated for the second highest office in the nation.

Dr. T. E. Carter, who is in charge of the case, held a conference by long distance telephone with Dr. Finney, of Baltimore, who treated Sherman when he suffered a previous attack. Finney is understood to have been summoned.

The telegram sent by ex-Governor Myron T. Herrick to the Sherman family in Utica was the first intimation they received of his serious illness. The great strain of the convention and the trip to Cincinnati has greatly aggravated the trouble.

FOREST FIRES IN COLORADO

(United Press Leased Wire.)
Buffalo Park, Colo., June 23.—Started by careless campers, forest fires are sweeping through the timber in the western part of Jefferson county and in the northern part of Park county today and already great tracts, valued at \$125,000, have been ruined. All efforts to extinguish the flames have failed and people living in their path are preparing to flee.

NEGROES WARNED TO LEAVE

HOUSTON, TEXAS

BLACKS AND WHITES GO ABOUT ARMED WITH REVOLVERS AND GUNS—WHITE CAPS ARE ORGANIZING.

(United Press Leased Wire.)
Houston, Tex., June 23.—Notices were posted today ordering all negroes to leave Sabine county immediately or "stand the consequences."

Following the lynching of nine blacks, after two white men had been slain by negroes, there is no doubt in the minds of the negroes what is meant by "the consequences."

The notices are reported to be scrawled in ink on scrap paper. One of them adds to the warning:

"This is going to be a white man's country."

The negroes are armed and every white man in the county is carrying a rifle or shotgun today and most of them have revolvers in their belts. The excitement is highest about the town of Hemphill, near which the lynching took place.

It was impossible to learn who posted the notices or whether any organized movement is under way. It is reported that the whites met last night and formed an association similar to the Ku Klux or the "white caps" with the purpose of ridding the community of negroes.

The situation is intense through the fear of the white that the infuriated negroes will seek vengeance through the commission of fiendish crimes. All women and children are being guarded by men and no white woman ventures out of sight of her home unless she is guarded.

The authorities are inclined not to pay much attention to the notices. They say they were put up by two or three fanatics and that the situation, though extremely aggravated, will quiet down. They think the negroes are so frightened by the work of the mobs that they will attempt no further violence.

MRS. TAFT OPPOSES DIVORCE

(United Press Leased Wire.)
New York, June 23.—That divorce is the greatest evil of the American nation today is the statement made here by Mrs. William Howard Taft, wife of the Republican presidential nominee, and all society is agog over some very pointed remarks made by the wife of the man just now uppermost in the public mind.

"Yes, if it were in my power, divorce would be stopped altogether," said Mrs. Taft. "Of course, there are cases where separation might be legally granted, but there should be no re-marriage allowed. The laxity of our divorce laws is a menace to the very moral fibre of our nation."

"To begin with, if divorces are to be granted at all, there should be a uniform divorce law for all states—the law of the nation—and then there would be no opportunity to evade it as is being done at the present time, as is being done at the present time."

"We might build up the greatest navy in the world or we might have the good will of every ruler of the earth; we might have a credit and commerce unparalleled in the history of nations; but when within the homes of our country there is a morose and laxity and family ties can be broken up in a twinkling through a process of law that is looked upon as a matter of course—just as one would file a will or a deed—then there is a greater danger to the country than could come from a war with foreign nations."

Mrs. Taft declared that she does not believe in a business life for a woman.

"A happy marriage is the most useful life for any woman," she said.

MASSACRE PERSIAN REBELS

MAY KILL THE SHAH

RULER'S SOLDIERS IN BLOODY WARFARE — COSSACKS DEMAND RELEASE OF POLITICAL PRISONERS.

(United Press Leased Wire.)
Berlin, June 23.—Authoritative advices received here say that the massacre at Teheran, the capital of Persia, was the bloodiest and most horrible in the history of the country.

Tonight the city is literally covered with blood and the reign of terror is sweeping over the province.

The carnage was the direct result of the order of the shah, commanding the troops to fire and the imperial artillery let loose its batteries on the crowds surrounding the palace.

Hundreds were mowed down by the volleys, which swept the ground. This horrible slaughter was followed by free-for-all butchering. Women and children were not spared, but were murdered by the frenzied soldiers and their bodies were outraged and mutilated.

Eighteen of the reform leaders, supposed to have been active in the revolution, were dragged before the shah who ordered them to be shot at once.

The mob attacked the soldiers and seized the prisoners and the leaders were literally chopped to pieces by the heavy swords of the guardsmen before the 18 condemned men were recovered and executed according to the imperial edict.

The troops are headed by reactionary leaders who encouraged the slaughter.

Whole sections of the city are given over tonight to lust and loot and the most revolting state of affairs prevails.

Dispatches say the most demoralizing feature of the situation tonight is the lack of organization and the general nature of the carnage, which late in the afternoon became promiscuous and was hurried on by men, who apparently were impelled only by the lust for human blood, having lost their minds in the terrible massacre at the palace.

It is predicted that the murderous attack on the mob today can only result in the overthrow of the shah who is said to have been in constant fear for his life for days.

It is supposed that he was driven to such desperate action by the fear that had preyed upon his mind until he was temporarily mad.

AMERICAN MEMBER OF PARLIAMENT

(United Press Leased Wire.)
Bullin, June 23.—Robert J. Burke, formerly of San Francisco, Cal., is to soon enter parliament as a member of the Irish parliamentary party and it is stated on good authority today that he will assist John Redmond in his campaign for home rule. Burke lost considerable money in the disaster of 1906 but is still worth several million.

Burke is a liberal contributor to the funds of Redmond's party.

THREE RIVERS BURNED TO THE GROUND

(United Press Leased Wire.)
Three Rivers, Quebec, June 22.—What was early Monday the pretty little Canadian city of Three Rivers is today piles of smoldering ruins. A fire starting in a stable and fanned by a strong wind swept through the business section and continued to spread to other parts of town until 300 buildings of all descriptions had been destroyed. It was reported early today having burned for 12 hours. Among the more important structures were the city hall, post-office, the Hochelaga bank and all the biggest hotels. Three Rivers has a population of 11,000.

Veterinary Examiner Appointed

Governor Chamberlain this morning appointed Dr. W. S. Eddy of Oregon City a member of the state board of veterinary examiners.

HEAT IS TERRIBLE IN EAST

MANY SUFFERERS

TWO DEATHS AND TWENTY-SIX PROSTRATIONS IN ONE DAY IN NEW YORK—CHILDREN BATHE IN GUTTERS.

(United Press Leased Wire.)
New York, June 23.—Two deaths and 26 prostrations from the heat were reported today and the whole city is sweltering.

At 12 o'clock last night the temperature was 76 and had risen to 85 at 8 o'clock this morning, with the prospects of another deadly day.

Great suffering is reported on the east side, where the families crowded in the great tenements are most pitiable victims of the torrid wave.

The free ice distribution has not been equal to the demands and crowded sections, the fire hydrants have been opened and the street flooded. Hundreds of children lay flat down in the gutters in Easton street. In the Wall street section down town, where the towering office buildings are grouped, the heat was held through the night by the buildings and it is common to see men and women stagger into doorways dizzy and half blinded.

REVOLT IN EAST INDIES

(United Press Leased Wire.)
Hagaja, Hague, June 23.—As a protest against excessive taxation the natives of West Sumatra are in violent rebellion and the fighting extends throughout the provinces.

The East Indies have not seen such a furor uprising in a long time and the Dutch government is preparing to remove the women and children from the sections affected and from those into which it is feared the rebellion will spread.

Three battles are reported from Lake Singkarah and heavy losses are said to have been sustained by both the natives and the Dutch.

At Kajostanam the rebels were beaten and 20 are known to have been killed. The natives won a victory at Hadang Panjan, where the Dutch patrol was routed, after severe loss.

SULTAN IS REPORTED MURDERED

(United Press Leased Wire.)
Tangier, June 23.—It is reported here today that Sultan Abdul Aziz has been assassinated by political enemies.

The report so far has not been confirmed but the affairs of Morocco have been so disrupted lately that many think the report is true.

Friends of the sultan, however, deny it and say his enemies, who have started the report for political effect.

LATHROP IS IN SERIOUS TROUBLE

Judge Galloway yesterday afternoon issued a decree of divorce in the case of Savage vs. Savage, giving Albert T. Savage a divorce from his wife, Nellie M. Savage, as prayed for by the plaintiff.

The case was practically finished two weeks ago, and the decree was delayed until yesterday only to give the co-respondent in the case, P. L. Lathrop, an opportunity to corroborate the testimony which he gave in the trial.

In answer to the charge brought by the plaintiff, that Lathrop was with Mrs. Savage at certain times and places, Lathrop swore that it was his wife, and not Mrs. Savage whom he was with, and promised it given until yesterday, to bring his wife into court to prove his statements. Judge Galloway therefore continued the

ROYALTY ATTENDS WEDDING

KING AND QUEEN OF ENGLAND

AT WEDDING OF DAUGHTER OF AMERICAN AMBASSADOR AND EARL'S BEOTHER.

(United Press Leased Wire.)
London, June 23.—No wedding within a decade has approached in royal splendor the marriage today of Miss Jean Reid, daughter of Whitehall Reid, the American ambassador, and John Hubert Ward, brother of the Earl of Dudley and equerry in waiting to King Edward.

Graced by the presence of the king and queen and nearly all of the members of the royal family; with the elite of London nobility and the diplomatic corps of all nations in attendance, the wedding easily surpassed any past nuptials of an American girl.

At the request of the king, the ceremony was performed in the chapel royal of St. James palace, which has always been held sacred to the nuptials of royalty. The king has taken a personal interest in the details of the wedding as the young people are both great favorites with him and nothing was lacking in the brilliance of the ceremony that the royal favor could command.

Among the bridesmaids were Miss Beatrice Mills of New York and Miss Jennie Crocker of San Francisco. Immediately after the ceremony, King Edward extended his felicitations to the happy couple.

Gifts, lavish and magnificent have come from all over the continent and America. The bride's parents presented to her a diamond necklace, a tiara set with magnificent stones and a ton of house linen woven in order on Irish looms. All of the members of the royal family and many of the nobility added to the countless array of presents.

Mr. Ward is 38 years old. He received a legacy of \$500,000 when he became of age and has received other legacies since. It is thought that the bride will make his equerry in waiting a baron and that he may become private secretary to King Edward on the retirement of Lord Knolls.

GHETTO WOMEN PARADE

NEW YORK WOMEN ANGERED AT HIGH PRICES FORM WILD PROCESSION—RESERVES CALLED OUT TO PREVENT TROUBLE.

(United Press Leased Wire.)
New York, June 23.—One of the most remarkable demonstrations ever seen in this country took place in the Brooklyn ghetto today when hundreds of scantily attired women, formed a parade, crying "Down with the meat trust."

They were infuriated by the prices of meat which in their poverty-stricken condition, they are unable to pay.

The leaders of the women planned attacks on the butcher shops, where meat is retailed. They claim all the butchers are in a combination and that they are robbing the customers who are forced to buy from them.

The women were not only wild with anger but they had been driven almost insane by the intense heat and the spectacle they presented.

Their clothes torn and ragged and their hair tossed, was enough to make every butcher in the district flee for his life.

The screams of the women attracted a great crowd. The police reserves were called out and with great difficulty stopped the women and forced them to disperse before any attacks on shops were made.

case until June 22, in order to give Lathrop this opportunity.

At the trial yesterday Lathrop's wife failed to appear and Judge Galloway declared that this action in not producing his wife to substantiate his testimony, after promising to do so, constituted sufficient grounds for a charge of perjury.

After the trial was over Mr. Savage swore out a complaint against Lathrop, charging him with perjury in the testimony given at the trial. A warrant was at once issued for his arrest.

Lathrop is very well known in Salem, having been actively engaged in the fruit raising and other industries for several years past.

Blanchard Trial Begun.

The case of Charles Blanchard, charged with an assault with criminal intent upon Miss Willma Lee opposite Independence on June 19, was heard before Justice Webster yesterday. The preliminary hearing began at 11 o'clock and continued until 2 in the afternoon, during which time about ten witnesses were examined.

The young woman's testimony was almost identical with the story she first told the sheriff. She said she was walking along the river road when she was encountered by Blanchard, who assaulted her and threw her down upon the ground. Her screams finally frightened him away. The girl's shirt waist, badly torn on one of the arms, was exhibited, showing that a fierce struggle ensued.

Several boys who were across the river at Independence at the time of the alleged crime, were placed on the witness stand, and testified that they heard the girl scream, and that they afterwards saw Blanchard in Independence. They knew that he was across the river at the time, and when they questioned him he became angry at them.

Blanchard denied that he assaulted the girl. He said that he met her on the road and asked her to kiss him. She refused, and he said "Can't I hug you." At this, Blanchard says, the girl ran away. Blanchard followed her a short distance and then, according to his testimony, abandoned the chase and went across the river to his home.

After lengthy arguments by the attorneys on both sides Judge Webster bound the prisoner over to the grand jury, fixing the bond at \$500. P. H. D'Arcy represented the defendant, and Walter Winslow appeared for the state.
