SALEM, OREGON, THURSDAY, JUNE 25, 1908

NO. 138

SHAH ORDERS REVOLUTIONISTS KILLED SIX KILLED AND TWENTY INJURED IN FACTORY EXPLOSION

REBELS PUT TO DEATH

BY SHAH'S ORDER

WHOLESALE ARRESTS OF REVOLUTION LEADERS — KILLED WITHOUT TRIALS—SHAH CONTROLS TEHERAN.

(United Press Lensed Wire.)
Teheran, June 25.—The shah today ordered the execution of the prisoners captured in the uprising of yesterday and the day before and whole sale arrests are being made following an order for the death of all participants in the riots.

Early today the shah's troops be-

YALE AND HARVARD ARE EVEN

ANNUAL BOAT RACE

THE WEARERS OF BLUE WIN FOUR-OARED EVENT AND THOSE OF THE CRIMSON THE EIGHT-OARED.

(United Press Lensed Wire.)
New London, Conn., June 25.—Harvard and Yale divided honors in the preliminary races, the blue winning the varsity four-oared race and the crimson carrying away the honor in the freshmen eights. This division gave all the more interest to the big eight-oared contest of the afternoon.

CLEVELAND FUNERAL TO BE SIMPLE

WITHOUT CEREMONY

ARRANGEMENTS WAIT ON ROOSEVELT—BURIED AS A MERE CITIZEN—WILL NOT LIE IN STATE.

(United Press Lensed Wire.)
Princeton, N. J., June 25.—The details of the funeral of Former President Grover Cleveland will not be completed until President Roosevelt arrives here at noon tomorrow.

Mrs. Cleveland today announced her positive determination not to permit the body to lie in state. She is bitterly opposed to any display of any kind at the funeral and does not wish a great crowd to be present.

The coffin has been made in the simplest design, without any decoration. The plates are plain and bear only the following inscription:

"Stephen Grover Cleveland. Born March 18, 1837. Died June 24, 1908." There will be nothing to indicate that he was more than a citizen of the United States.

The obsequies in every way will be designed to carry out the simplicity and unassuming and unpretentious character of the great Democrat.

The friends of Mrs. Cleveland says that she believed he would not have desired any display or show of grandeur; that he would have wished to be buried as a plain citizen of the country he loved and served in the highest capacity as long as any man has been permitted to hold the greatest office in the gift of the people.

Mrs. Cleveland is bearing up well under the strain and those who have been with her say that her thoughts are with her children and that her great love for them will make it easier for her to bear the bereavement.

The city is filled with visitors, many of them are friends of the family, but the main body is made up of persons who hastened here to be present at the funeral. Every effort is being made to prevent sightseers from congregating about the Cleveland home and the city police have orders to force every one to move on.

Precautions will be taken, too, against any possible work by fanatics who might come here in anticipation of a gathering of high officials of the government.

Mrs. Cleveland has received more telegraph messages than usually are handled by the offices here in weeks. They have come from all parts of the world and from every corner of the country.

The Funeral.

Princeton, N. J., June 25.—The funeral services of Former President Grover Cleveland will be held at 5 o'clock tomorrow afternoon and will be simple, every wish of Mrs. Cleveland in this particular being carefully carried out.

The line of the course will be roped on both sides and guarded by special police to prevent the crowd in the streets from breaking through and interrupting the procession.

It has been arranged for the cortege to pass down Bayard street to Nassau street and then through Main street past the buildings of Princeton university. Detailed plans as to the services will probably be announced this evening.

Edward Wilson, the sculptor, today is making the death mask of the former president. It shows that he

TWELVE DIE ON LAUNCH

WHEN IT BLOWS UP

DERELICT BOAT FLOATS ASHORE—FIFTEEN WENT OUT IN CRAFT—NO SURVIVORS HEARD FROM.

(United Press Lensed Wire.)
St. Louis, Mo., June 25.—At least a dozen persons are believed to have been killed by the explosion of the gasoline launch, Midget, near East Cronelet, where the wrecked launch was found on the shore today.

The little craft had washed ashore and there was no trace of the whereabouts of the owner, John Krauss. In the bottom of the boat were a number of articles which showed that it had been engaged by a fishing party.

Krauss' friends have reported that he took a large party, variously estimated from 12 to 15 persons out in the Midget yesterday for a fishing trip.

The gasoline engine exploded and it is thought probable that the launch then was far from the shore. It is feared that all the occupants of the boat were blown out and drowned.

failed greatly since the latest pictures of him were taken. It is feared that the mask will not present a very great likeness to Cleveland as he was known by his friends. The mask will form a part of the collection presented to Princeton university by the late Lawrence Hutton, author.

Messages of sympathy continued to arrive all day.

The following list of pall bearers was announced today: Paul Morton, former secretary of the navy; Commodore E. C. Benedict, of New York; Dr. Henry Van Dyke, of Princeton; John Hibben, professor of logic Princeton; Prof. Andrew West, dean of the graduate college at Princeton; President John Finley, of the college of the City of New York.

The choice of the minister lies between the Rev. L. C. Baker, the Rev. Sylvester Beach and Dr. Van Dyke.

A message of condolence was received this morning from Baron Takahira of Japan.

Washington, June 25.—Orders were telegraphed today by the army and navy departments and the post-office department to all army posts, navy yards, commanders of fleets and detached ships and postal stations throughout the world for the proper recognition of the death of Ex-President Grover Cleveland.

All flags will remain at half-mast for 30 days. Tomorrow during the funeral of the former president, each army post will fire 21 guns at intervals of one minute and the same salute to be departed president will be paid by the guns of the flagships of the navy and the navy yards. Independent vessels will fire guns every half hour from sunrise to sunset on the day of the funeral.

The officers of the army and the marine corps will wear a badge of mourning on the left arm of their uniforms and on the hilts of their swords for 30 days.

Oyster Bay, L. I., June 25.—President and Mrs. Roosevelt will leave here for Princeton tomorrow after-

SIX ARE KILLED IN EXPLOSION

TWENTY INJURED

MAN, WOMAN AND FOUR CHILDREN BURNED TO DEATH—CHEMICALS BLOW UP IN PABST FACTORY AT CHICAGO.

(United Press Lensed Wire.)
Chicago, June 25.—Mrs. William Nolan, her four children and an unknown man are dead and 20 are injured as the result of a fire following an explosion in the factory of the Pabst Chemical company here today.

The explosion occurred in the basement of a four-story building, the upper two stories of which were used as a rooming house and the wildest panic ensued. Six of the injured are not expected to live and firemen are searching the ruins for more bodies.

The basement of the building was occupied by the chemical company and it was in the mixing room of the factory on this floor that the explosion occurred. Bursting packages of chemicals were thrown in every direction by the first explosion which was followed immediately by several others in rapid succession. Simultaneously with the explosions a fire broken out fed by inflammable chemicals and all the employees in the basement had a hard time reaching the ground alive.

The fire and explosion cut off the escape of everyone on the second story which was occupied by the P. L. Novelty company. Seventy-five employees of this concern were compelled to jump from the windows at once for their lives and many were hurt when they reached the ground.

In the lodging house on the upper floors there was great confusion. Cut off from escape by stairs or elevators by the fierce fire below which combined with the explosion, had wrecked the entire lower portion of the building, the families in the upper floors were panic stricken.

Mrs. Nolan and her children were crushed to death in the mad rush for the windows. Despairing of escape through the windows, they crowded to the roof from where they were rescued by firemen with ladders. Many of the women in the upper floor were burned by the flames before they could reach the roof and others were hurt in the crush to get to the floors above.

Fireman John Doody was badly burned while he was running up a ladder to the windows of the third floor to rescue some children.

noon at 1:40 o'clock. They will go a special train to Long Island City. A boat will convey them from there to Jersey City, from which place they will continue the journey on another special.

Trenton, N. J., June 25.—Governor Fortt today issued an order for four companies of infantry and a troop of cavalry to go to Princeton tomorrow to do police duty at the funeral of Ex-President Cleveland. The soldiers will assist in keeping the route of the cortege clear.

The advisability of a postal savings bank is illustrated by a Pendleman, who is afraid of commercial banks, and as the result pays Uncle Sam \$75 for keeping \$25,000 for him in money orders.

BOOM IS ON FOR CHANLER

FOR VICE-PRESIDENT

FIRST SPOKEN OF AS POSSIBLE DEMOCRAT PRESIDENTIAL CANDIDATE — LIQUENTANT GOVERNOR OF NEW YORK.

(United Press Lensed Wire.)
Denver, Colo., June 25.—A vice-presidential boom for Lewis Stuyvesant Chanler was launched here today by Norman E. Mack, of Buffalo, N. Y., member of the national committee who arrived here today.

Chanler, who had a presidential boom last winter, is the lieutenant governor of New York. He is a member of the Astor family, a multimillionaire and a member of the four hundred. He is popular with all branches of the party and Mack says he is a strong contender for the place.

It is said that New York in spite of the big front being put up by Tammany, regarding a fight on Bryan, probably will concede the nomination to Bryan if they can be assured that the second place will go to that state. Mack said he had a talk with Bryan at Lincoln and that Chanler is acceptable to him. The New Yorker says that Chanler would strengthen the ticket in the east and asserts he believes that his nomination would more than balance the naming of a New Yorker for vice president by the Republicans. Chanler ran on the ticket with Hearst in the last state election in New York and defeated his Republican opponent though Hughes, the Republican, was elected governor. His wealth and wide interests, it is said, make him acceptable to Wall street, Independent and Democratic methods have won favor for him with the working classes. About 10 years ago he went to Ireland and assisted John Redmond in his home rule fight. Much of his time in New York previous to entering politics was spent in defending poor prisoners in the criminal courts.

Will Appeal Bid Judgment.

(United Press Lensed Wire.)
San Jose, Cal., June 25.—Steps were taken today by the attorneys for the United Gas and Electric company, to appeal from the verdict for \$10,000 given Mrs. Minerva Pierce for the death of her two young sons who were electrocuted by coming in contact with a live wire on the street here in February, 1907. Mrs. Pierce had sent the boys, who were 11 and 12 years old, on an errand and while crossing the Alameda they came into contact with a wire carrying 2300 volts and were instantly killed.

Haas and Kirk Sued.

Benjamin Schwartz & Co. have brought suit in the circuit court against Matilda Haas and Joseph Kirk for the recovery of \$200 on a promissory note. The Benjamin Schwartz Hop company loaned Mrs. Haas, guardian for Joseph Kirk, minor, \$1721.20, to harvest the hop crop on the Kirk ranch. When the hops were harvested all the money except \$200 was repaid, for which Mrs. Haas gave her note, and which, the plaintiff alleges, has not been paid.

CHICAGO STORE

PEOPLES BARGAIN HOUSE

GREAT CLEARING

Sale of All Our Summer Goods
