Mrs. Kellher this afternoon swore to a warrant for the arrest of Elmer Martin, 16 years old boy, who ran over her with a bicycle.

YALE-HARVARD RACES MAY BE POSTPONED
New London, Conn., June 25.—A spanking breeze which is kicking up the course of the Thames river today threatens to force a postponement of the Yale-Harvard boat races until late in the afternoon.

The "varsity four-oar race and the freshman eights were scheduled for this morning, but when the wind began whipping the waves up the coaches feared the shells would not be able to stand the strain. Unless the wind dies down these two races will be run after the "varsity eights this evening.

The Yale eight is the favorite in the big event and a number of large bets were recorded today 10 to 9 and 5 to 4 on the sons of EH.

The Harvard men, however, are confident. The general opinion is that the crews are more evenly matched than usual and that Yale is giving odds on the strength of its past victories.

The yacht Mayflower, with President Roosevelt's family, made its way up the river, between the hundreds of boat that line the course, and took a position near the finish line.

President Roosevelt was absent from the Mayflower having given up the trip on account of the death of former President Grover Cleveland.

The United States cruisers Olympia and Chicago and the monitor Arkansas entered the harbor this morning. At the same time the Sylph, with Assistant Secretary of the Navy Newberry, came in. The trim little Sylph took up a position of vantage for viewing the race.

STATE FAIR WORK IS PROGRESSING

The premium list of the Oregon State Fair has been published, and is being distributed throughout the state. The list of premiums, together with the rules governing the awards, is put up in book form, the volume containing about 100 pages and is profusely illustrated. The sum of \$10,000 will be given in premiums on live stock, agricultural and manufactured products.

The work on the preparations for this fair this year is progressing rapidly. The new addition to the grand stand is well under way. This addition will accommodate several hundred more people. The track is in the best of condition, and will be faster this year than ever. The Salem track has the reputation among horsemen of being the fastest harness track on the coast, three world records having been broken on it.

More than 100 horses are now in training at the Fair Grounds, and the stables have never before been so full at this time of the year. It will require 300 stalls to house the horses that will take part in this year's racing events.

PERSONAL

T. Conner arrived from California last night and will fit up his camping rig for his annual drive to his ranch in Klamath county.

Henry Cornoyer was a Salem passenger to Woodburn yesterday.

TIE BIDS GIVES ALL A CONTRACT

(United Press Leased Wire.)
San Francisco, June 25.—The Hvery men today are rejoicing over a novel situation in the city. When the board of supervisors opened bids for the furnishing of rigs to the city there were found to have been 15 bidders with the same price. After considerable discussion in which charge of collusion were made, it was decided that the price was fair and an order was passed granting the contract to all 15 and stipulating that the business should be divided.

Do You Want a Free Ride to Portland?

If so come to our office and make arrangements for it. We are going next Saturday morning to show the Hyde Park addition to the city of Portland. This tract is adjoining the Belle Crest property we have sold so much of, and which has just been opened up by The Jacobs-Stine Company of Portland. When the price and terms are considered, with the unusual advantages enumerated below, this is a most remarkable opportunity for you to invest your savings.

The tract is well elevated and nearly level with gentle slope towards and view of the Columbia river, and superb view of the snow capped mountains; streets graded, parked, and with cement sidewalks and curbs, Bull Run water to every lot, building restrictions, no saloons, laundries, or livery stables, and no sales to others than Caucasians, cars every ten minutes within two blocks; terms \$10 down, and \$4 to \$6 per month with no interest or taxes; 25 lots have been reserved for us to be sold at 10 per cent discount from the opening price for a limited time.

Portland is a great city. Its growth and development will naturally be advantageous to Salem and all other cities of Oregon, and we feel that the citizens of Salem are certainly entitled to share in the prosperity of our own metropolis.

Call at our office and let's talk about in time to take advantage of the trip Saturday morning.

BANK TALK No. 17

By the UNITED STATES NATIONAL BANK, Salem, Or.

The Road to Fortune

What is business? It is the conduct of your affairs and the disposition of your money in accordance with the best business methods no matter how trifling or how great may be the amount of money that comes to you. If you have but a single dollar, and take a business view of the use and disposal of that dollar, you have a glimpse of the road to fortune. Men of fixed wages and salaries often think that they are not in business and that business principles are not applicable to their case. They are in business as much as any one else, and, as such as any one else, they need the business assistance that comes from a bank account. This bank account welcomes the accounts of wage earners and salaried men, because a bank account is the surest step for them toward larger business and larger prosperity.

HEALTH OFFICERS AND NATIONAL GUARD CLASH
San Francisco, June 25.—Some interesting developments are promised on July 1, when the employes and doctors of the health department report for duty garbed in an olive uniform which has been prescribed for all attaches of the department. Adjutant General J. B. Lauck of the national guard, has notified the board of health that the uniform bears too close a resemblance to that worn by the national guard and has threatened to bring action against the board if the uniform is used. The board has ignored Adjutant General Lauck's demand on the ground that it is an anaesthetic problem and permits of great differences of opinion as to how many stripes and brass buttons constitute a uniform.
