REVOLUTIONISTS PLAN TO CAPTURE DIAZ CONVENTION ENDS WITH ELECTION OF OFFICERS FOR YEAR

BANKERS SECOND DAY HERE

CONCLUDE TONIGHT

BANKERS CONVENTION SHOWS A LARGE ENROLLMENT—FIRST COMPLETE REPORT OF STATE BANK EXAMINER STEEL.

The showers let up, the barometer rose, the bankers had a good first day and evening, all who ran short of funds were helped out, and the entertainment committee covered themselves with glory in the way of detail of the convention was finished. The program today includes election of officers, and more papers on important subjects and sight-seeing at the various state in-

THAW TO DEMAND A JURY

TO PASS ON SANITY

GETS HABEAS CORPUS—THAW CAN STAY WITH SHERIFF WHILE IN JAIL—FEARS MATTEWAN ASYLUM.

(United Press Leased Wire.) Poughkeepsie, N. Y., June 27.—Harry K. Thaw's counsel today made another effort in their desperate fight to save the young millionaire from confinement in the Matteawan asylum for the criminal insane by obtaining a new writ of habeas corpus for the purpose of demanding an investigation of his mental condition by a jury. The order was signed by Justice Morchauer who recently decided, after hearing evidence, that Thaw

REBELS DO NOT GIVE UP

CONTINUE THE FIGHT

GOVERNMENT ADMITS REBEL-LION—LOYAL TROOPS HAVE HARD FIGHT—AMERICAN IS WOUNDED.

(United Press Leased Wire.) Austin, Tex., June 27.—According to a message sent to Tomas Labrada, the Mexican revolutionary leader here, today, the revolutionary party has undermined the Mexican army and expects to capture President Diaz within the next ten days. The report says that hundreds of soldiers have joined the ranks of the revolutionists and that Colonel Cervantes with 800 cavalry men has renounced his allegiance to Diaz. The greatest excitement prevails among the Mexican population of the city and many revolutionists who have been here for some months are preparing to leave for Mexico to join the forces of the rebels.

City of Mexico, June 27.—The government officials admit that the war there is in the nature of a revolution and not attacks by bandits as was at first claimed. Dispatches from the scene of the war state that fierce fighting is in progress. The band of revolutionists that attacked the town of Visca Thursday night has been overtaken at Matemoras de La Guna by troops commanded by Governor Miguel Cardenas and fighting is in progress. One trooper has been killed and several wounded and one revolutionist captured by the government troops. The remainder of the band has escaped and many are fleeing from Las Vacas towards Texas.

The fight at Las Vacas was renewed this morning by the revolutionists who were apparently repulsed by the troops last night, and late advice say that the revolutionists have made another stand near the line. In the fight at Las Vacas, Nester Lopez Del Rio was killed, Captain Herrez, commanding the garrison at the battle, was wounded and Ramteriz, an American, was wounded. So far as can be learned at this time, the government troops are in pursuit of the revolutionists who are making sallies all along the line of retreat. The American authorities have been asked to apprehend the revolutionists as fast as they appear in Texas, but have refused to take any hand in the fight under orders. It is understood, from the attorney-general's office at Washington.

Rebels Well Armed. San Antonio, Tex., June 27.—Today's dispatches from the scene of the uprising in Mexico state that the revolution is far from being checked. As far as can be learned here, the forces of the revolutionists are much larger than has hitherto been stated and are well armed. It seems today that the rebels have been quietly mobilizing their forces and have apparently begun the fight after carefully nurtured plans that have given them an immense handicap over the government forces. So far the government troops have been able to gain but temporary ad-

vantage over the revolutionists who are fighting in guerrilla fashion and making terrific inroads on the government troops, because of their superior knowledge of the state of Coahuila. Advice from Del Rio, Texas, today state that fighting at Las Vacas continued all night and that the revolutionists have again succeeded in cutting off communication so as to make it impossible for the government forces to send for reinforcements. The total death roll was today estimated at over one hundred with the losses divided. Oregon Valley Land Co.—Col. W. W. Hubbard and A. MacPherson of Portland, sale agents of the Oregon Valley Land Co., are in the city and are placing on sale some of the rich valley land in Southern Oregon, known as the Oregon Central Military road grant which was made in 1864 by the U. S. government to company of that name for construction of military highway. These lands are now placed on the market. The above mentioned gentlemen will be at the Willamette hotel for a few days and will be pleased to give any information to those who are interested. Local Option Decision.—The contest over the local option election in Polk county has been decided in favor of the dry interests. It is probable that the case will be appealed to the supreme court.

NEW LAW WILL BE TESTED

ARREST STANTON

FAILS TO PROVIDE FOR WIFE—FIRST CASE OF KIND IN THIS COUNTY—PENALTY ONE YEAR.

The first case ever tried in this county under the law making it a crime for a husband not to support his wife and children was filed in the county court today. The charge was brought by the state of Oregon against William M. Stanton, lather and bricklayer, his wife, Milvesta Stanton, appearing as private prosecutor. A warrant is now out for the arrest of Stanton.

The complain alleges that the husband has remained continually away from the wife, and that he does now wrongfully and unlawfully and without cause fail to support her and her child. The complaint further states that there is one small child living, as a result of the marriage.

The law provides that any person convicted under this statute shall be imprisoned in the county jail for not less than 30 days and not more than one year, and that during that time the prisoner may be compelled to work on the public roads or other public work of the county. During the time he works the county may

PLAN THE BIGGEST ARMADA

EVER ASSEMBLED

BRITISH MEET OF WARSHIPS IN NORTH SEA—THREE HUNDRED SEA FIGHTERS—BIG DREADNAUGHTS.

(United Press Leased Wire.) London, June 27.—It was announced today at the office of the chief lord of the admiralty that England plans to make the coming maneuvers in the North Sea from July 1 to July 22, inclusive, the most imposing of war vessels ever assembled under any flag at one time in the history of the world.

Twenty-eight first-class battleships will participate in the maneuver several of these being vessels of the Dreadnaught type. Besides the battleships, there will be 19 armored cruisers, 50 protected cruisers, 120 torpedo boats and a large number of auxiliary vessels.

The announcement has created considerable speculation in diplomatic circles here and it is generally believed that this move of England is intended to offset the impression created in Europe by the cruise of the American fleet.

The eyes of the entire world have been on the American fleet since it left Hampton Roads for the trip around the world and it is thought that England wishes to make a display of her prowess on sea and to

BELL FOR DEMOCRATIC CHAIRMAN

IS BRYAN'S CHOICE

CALIFORNIA MAN MAY BE TEMPORARY OR PERMANENT CHOICE—CLAYTON SAID TO STAND GOOD CHANCE.

(United Press Leased Wire.) Denver, Colo., June 27.—Mayor James C. Dahlman of Omaha, who arrived here this afternoon as the representative of William J. Bryan, confirmed the report that the Nebraska prefers Theodore A. Bell, of California, and Henry D. Clayton, of Alabama, for the two chairmanships of the convention.

Dahlman declared that Bryan has no choice in regard to the vice presidential candidate and intimated that no hint would come from Lincoln regarding the nomination.

He said that the last platform of the Nebraska state convention probably would be adopted as far as it applies to national issues, and added:

"I suppose it will contain an anti-injunction plank that really means something. There probably will be strong planks favoring an actual revision of the tariff and control of corporations."

Mayor Dahlman will represent Bryan at the meeting of the subcommittee which will make the preliminary arrangements for the convention.

It was not announced whether Bell was favored for permanent or temporary chairman, but there is no further doubt that he will occupy one place or the other. Good authority says Clayton will be permanent chairman.

Corps delegate, who was taken severely ill last night with acute indigestion, is better this morning, but is not able to be out. The business sessions were held yesterday afternoon. Last night various organizations met together at the Casino, where they were formally welcomed by Newport. County Judge Swode delivered the address of welcome on behalf of Newport and Lincoln counties. He spoke feelingly of the inestimable services of the soldiers and wartime women. Department Commander Blythe responded briefly in behalf of the Grand Army.

The comrades started "Marching Through Georgia" and the veterans sang enthusiastically in their cracked old voices. Department President Cora M. Day responded in behalf of the Relief Corps to the address of welcome, and Department Chaplain Mrs. Jennie M. Brown spoke on behalf of the Ladies of the Grand Army of the Republic. Emma Grady's recitation was awarded the prize medal. The Relief Corps presented the Grand Army with \$107.50 free will offering. Mrs. Banford, war nurse, related hospital incidents. In spite of light, drizzly rain the Casino was filled with veterans and women.

G. A. R. SURF DRILL (Portland Journal.) Newport, Or., June 26.—Delegates to the encampment were treated to a surf drill Thursday morning by Captain Wellander and members of life-saving crew. The beach and bluffs were lined with hundreds of visiting members of the Grand Army, Relief Corps, and the Ladies of the Grand Army of the Republic. The day was clear and sunny and the water smooth. The old soldiers marched to the beach behind a drum corps composed of veterans of the Civil war. Most of the townspeople were out also.

The life savers ran out the lifeboat and gave an exhibition of fancy rowing, going through many evolutions. Then they overturned the boat, disappearing beneath it, rolling the boat over and over and always coming up on top. The boat was run in and a crew got out the gun and fired the line over a distant pole, attached to breeches buoys, and "rescued" a man in record time.

The exhibition was greatly appreciated by the visitors, many of whom had never seen the ocean before.

The regular business of the session of the various organizations began at 10:30 this morning. This afternoon the Grand Army will elect officers and select the place for the 1909 encampment. The visitors are all having a fine time.

Mrs. Gilman of Heppner, Relief

PHONE LINES UNITE A meeting of the representatives of the various rural telephone lines met in the city hall yesterday afternoon, and completed the work of consolidation. Twenty-seven lines were represented at the meeting. The new company is known as the "Farmers Consolidated Telephone Company of Salem." The constitution and bylaws were adopted, and the executive committee, consisting of William Goodrich, George W. Weeks and C. M. Beaver was elected. C. C. Craig, general manager of the Northeast Long Distance Telephone company was present at the meeting and submitted a proposition for the establishment of an independent telephone company in Salem. No action was taken on the proposition.

CHICAGO STORE

PEOPLES BARGAIN HOUSE

GREAT CLEARING
