

Put This Stove in Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but one direction would be preferable on a hot day to a stove radiating heat in all directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.

NOW IS THE TIME TO THIN YOUR FRUIT TREES

Washington Inspector Says Unless Apples Are Thinned the Variety Will Be Poor.

(East Oregonian.)
Fruit Inspector C. L. Whitney announces that the time has arrived to give apple trees the third spraying for codlin moth, says the Walla Walla Union. Along with this announcement Mr. Whitney gives some good advice along the line of thinning. "Don't raise pairs on apple trees," said he. "Ofttimes when the young apples are crowded together in clusters two or more will grow together and the result is a deformed and worthless combination. Even where this does not occur the apples, if allowed to grow too thick on the tree will be small and of inferior quality. Even in weight, to say nothing of quality, a well-thinned tree will excel the neglected ones in its yield.

Now is the time to thin peaches, also. If the horticulturist wishes a big crop he must thin now. Thinning peaches the greatest care must be exercised in order to avoid injuring the stems. The surplus peaches should never be pulled off, but the stems should be severed with scissors.

REHEARSALS BY OUR HOME TALENT

Nightly rehearsals are now in progress for the big local production of "The Crisis" which will be presented at the Grand opera house on the evening of July 7 for the benefit of the Salem Library association. The board of directors of the high school have very kindly given Mr. A. W. Fordyce and the cast the use of the high school stage during the rehearsals. The scene of activities will be moved to the Grand opera house toward the latter part of the week, where the young thespians will be made familiar with the scenery and special accessories to be used in the production.

Never before in this city has an aggregation of amateurs been put through such strenuous training. From the start Mr. Fordyce has employed professional methods, requiring daily rehearsals, and directing them as if the cast were composed of Sophocles and Marlowes, and as if the play were to be staged for the first time on Broadway. At the close of the first rehearsal Mr. Fordyce stated that he had never seen a company, professional or amateur, begin training with better spirit or with a more intelligent reading of the lines. "The Crisis" will be a go," he said, and the development of the cast since the first rehearsal shows that he was not mistaken.

The printing of the specially designed programs has been completed and the cast which appears on them will be announced in a day or two.

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?

It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See.
Do the women of America continually use as much of it as we are told?

Come and See.
Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See.
Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.
Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.
Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.
This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the check of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers or for those broken down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments. Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

-SMILES-

The Booth land fraud case at Portland will take two weeks longer.

Judge Lowell of Pendleton takes a column of fine-print to show up the objections to Statement No. 1. His argument will meet with approval in the amen corner occupied by the machine politicians. But what has the machine done for Oregon? Have they given the state good government? Have we not the highest state tax levy in the north-west? Has the machine protected the public lands or enacted the laws the people wanted? The machine enacted the official free pass bill, and the people rejected that bill ten to one. The fact is the machine has no use for so clean a man as Lowell unless he prostrates himself at their feet and does their dirty work, and when he does that the people will have little use for him.

At the Falls City celebration a high diver will leap from the top of Luckiamute Falls into the boiling cauldron of foam 59 feet below.

The U. S. treasury deficit will reach \$60,000,000 for the past year.

Salem needs hundreds of good, cheap houses to rent from ten to twenty dollars per month.

A Minnesota cyclone killed seven and injured 27 seriously. The city of McGregor, Iowa, and Prairie du Chien, Wis., on opposite sides of the Mississippi river each suffered \$100,000 damage from a hail storm the other day that lasted 27 minutes.

Dr. Shaw has just returned from a visit to one of his patients at the Breitenbush hot springs—Hon. W. A. Taylor of Macleay. The hospital at the state prison has no inmates—the prison has been so beastly healthy that the doctor had nothing to do there. He found Robt. Craig, Jep. Hunt and Henry Downing at the springs taking care of Taylor, and the latter was nearly done up, they done so much for him. But Shaw got him started right again and he left him recovering nicely. Local option Democrats should be prohibited from taking snake-bite remedies into the hot springs.

Has Judge Lowell entered into the plot to carry the state for Bryan this fall? It would seem so. He says the Republicans of Oregon are not in favor of direct election of United States senators. The machine politicians who held the state convention and sent delegates to the national convention said so. The national convention said no to the proportional convention said no to the proportional vote of the people. The national convention said no direct election will stand have to decide whether it will stand for the will of the machine or for the will of the people of Oregon. The people are against the machine. The machine is opposed to progress and to reform ideas. Its practices are repugnant. The Oregonian has enlisted in the campaign to overthrow all the great reforms accomplished by the people of Oregon. On that issue, of going back into the rotten practices of the past, with senators elected by the machine plan, the people will carry Oregon for reform and against the machine.

Time to make hay.
