Severe Pains

When a prominent nerve is affected, the pain is severe. It is called neuralgia. It may be in either the head or body. Relief comes only when this nerve trouble is overcome. By its soothing and strengthening influence upon the nervous system Dr. Miles' Nerveine removes the cause.

"It was about two years ago that I was taken down with what the doctors claimed was neuralgia, and some called it lightning rheumatism. Sharp pains would go from one place to another, mostly in my head, and they would last two or three days before I could get relief. During these spells I would be so nervous that I hardly knew what I was doing. The pains were so severe and exhausting that my husband would have to steady me when walking across the room. I would have fever, and my heart would palpitate, and in a day or two I would feel better. Just as soon as I would expose myself the very least I was sure to have a spell of neuralgia. I have taken lots of doctor's medicine, but I might just as well take water. My aunt kept writing me to just try Dr. Miles' Nerveine, and I am thankful that I was persuaded to do so, for the Nerveine has cured me—has driven it out of my system."

Born in Iowa.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Ennis Bros. This remedy is for sale by Dr. Stone's drug store.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Thinks It Saved His Life.
Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at J. C. PIONEERS ANNUAL REUNION

HELD SATURDAY, JUNE 27, AT HUNT'S GROVE NEAR MACLEAY—WEATHER BEAUTIFUL.

The annual reunion of the Waldo Hills Pioneers took place on the grounds generously provided by Hon. J. A. Hunt on his farm east of Macleay, and Mr. Hunt acted as host and presided over the program of the day. There was a large attendance, the day being beautiful. The Victor Point cornet band furnished the music, and there were solos and songs by the Willard and Rocky Point quartets. Miss Judd was one of the sweet singers of the day and was recalled.

Speeches were made by Hon. Geo. Downing who read the minutes of previous meetings and gave memorial sketches of the pioneers who were called beyond since the last meeting. Col. J. K. Bluff, the pio-

neer school master of Silverton, gave a practical educational talk that was enjoyed by all present. There were more musical numbers, when the whole party adjourned to partake of one of those grand picnic dinners for which the Waldo Hills people are famous. There were seven-story layer cakes with pure cream in the layers; strawberry pie with whipped cream a foot deep; fried chicken, roast chicken, and chicken pie; home made bread (the loaves eight inches deep); home-made butter of the buttercup yellow; potato salad and lettuce salad dressed with cream; etc., etc., etc.

Some of the individual pioneers present narrated many reminiscences of their voyages across the plain, via Panama and Cape Horn. There were some relics at the reunion that would have rejoiced the heart of Rev. Himes of the State Historical society. There were two of the first bricks ever made near Salem by Pollard and Pitman, in 1846. They were off-bore by Tilmon Ford, then a young boy, and used in the foundation of the Jacob Kaplinger house. Kaplinger was represented at the reunion by his son John Kaplinger, who brought to the reunion the wooden tar bucket that was hung under his father's wagon in which they crossed the plains. Tar was used to grease the wooden spindles of the wagons. Also two brass stirrups made in 1838. Jacob Kaplinger came across in 1845, the second overland caravan, in which were many prominent pioneers.

M. Cooley of Silverton was the oldest pioneer present in time of arrival—1845. He came across with the Durbins, John Durbin, and his three sons, Sol, Dan and Ike. Those dates carry a man back to the beginning of things in Oregon. It is only a few years since the writer heard Rev. Parrish tell how when he came in 1836 he was for some time personally acquainted with every white man west of the Rockies. Louis Griffith was at the reunion in his carriage, age and infirmity preventing him getting out and mingling with the crowd, but all the old friends calling on him at his old home. He was comparatively a newcomer, arriving in 1851. Among the departed mentioned were E. L. Thompson, J. B. Waldo, John Phil-Thompson, J. Decker. One venerable pioneer woman was Grandma Darby of Stavton, who came in 1850 and brought five children across the plains with her. She is hale and hearty, a strong Democrat and a devout prohibitionist, and a friend of Governor Chamberlain, who once called on her on one of his campaigns.

One of the Eastern Oregon pioneers present was a Mrs. Clymer of Fossil, which recalled the fact that Mrs. Clymer, after whom that neighborhood was named was in the Whitman massacre. One of the speakers very much regretted that

Rev. P. S. Knight was not present as he was on the program, but was detained by a wedding at Salem, Hon. Wm. Kaiser was also detained by a lawsuit, or he would have been there as a speaker on this occasion. One speaker commented on the fact that the very grove in which the annual celebration is held has grown up since the arrival of these same pioneers and some of the trees are two feet in diameter. Following are some of the pioneers present, those marked with an asterisk being born in Oregon:
