LOCAL BALL BY JOCK

Woodburn ran away with two out of the three games played here on Saturday and Sunday with the local Tri-City team. Saturday's double header took place on Willamette field, and the two aggregations broke even, the Cherry Pickers winning the first game by a score of 7 to 2, nine innings, and Woodburn defeated the local lads in the second round 6 to 1 in five innings. In the first game Bowen, who was holding the club for Woodburn, was found good and hard, while Archie Jerman for Salem pitched nearly a shut-out game.

The second five-inning game was won by the visitors due to hard hitting and the good work of Poland in the box. Meyer, the Cherry Picker's young twirler, got off on the wrong foot, allowing the Woodburn huskies to hit the ball around the lot in every direction.

Yesterday's contest between the same teams, was about the most interesting one pulled off on the local grounds, so far this season. Woodburn squeezing out six runs to the Cherry Pickers' four. It was a good exhibition of a pitchers' battle with the men behind the respective throwers playing the game with all kinds of ginger from the first inning to the ninth one. Poland again pitched for the visiting team and performed great, making two star plays by running out on the third foul line and pulling down foul flies that had been popped up. Robinson gave the visitors a good hard rub and held them down nicely until the three blue suits managed to perch on bases in the first part of the ninth, and Michaels, Woodburn's heaviest hitter came to bat and punched a clean hit through pitcher and second base bringing in two men which gave them the six score, the two teams having four-all up to that time from the fifth inning.

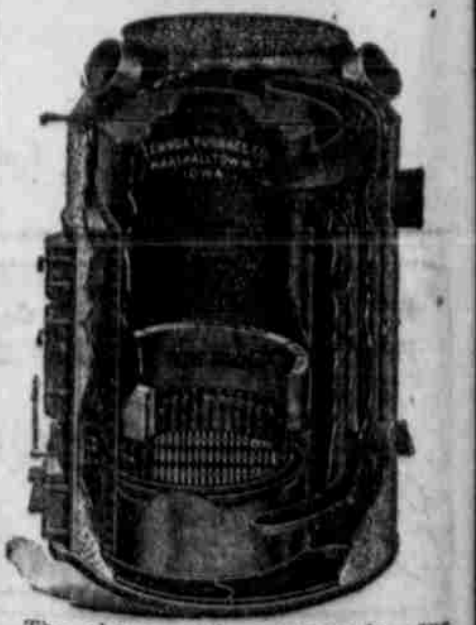

An ideal ball crowd enjoyed the game, and the excitement at times was full of noise due to the fact that Woodburn fans were in the game rooting for their favorites.

The South Salem Fairmount lads received theirs for the first time so far at the hands of the Chemawa team in Junction City Saturday afternoon, the score being 8 to 6.

Over Thirty-five Years.
In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Dr. Stone's drug store.

SALEM WATER COMPANY
OFFICE CITY HALL.
For water service apply at office. Bills payable monthly in advance.

PRESERVING FRUITS

FO REHIBITION

As the fruiting season advances, much of it is worthy of being preserved for exhibition purposes. Strawberries and raspberries have been found to change color after a short time, but other small fruits come through fairly well. The exhibition jars should be of clear white glass, and the fruit, after careful sorting, should be placed in them and the jars filled with cold water. Pour off the water after a short time and fill with the preserving fluid. The fruit should be placed in a cool dark place and examined occasionally. If the fluid is discolored from the fruit, the liquid should be poured off and replaced by fresh fluid.

The following formulas have been successfully used at the Colorado Agricultural college, especially with plums, grapes, cherries, currants and gooseberries: Formalin, 5 parts, saturated solution of common table salt, 10 parts; water (boiled and cooled) enough to make 100 parts.

This may be made up by measures as follows: Formalin, 1 pint; salt solution, 2 pints; water, 17 pints.

When made up, the solution will keep indefinitely. Another solution maker in formalin has also been used here satisfactorily. The proportions are: Formalin, 3 parts; salt solution, 10 parts; water enough to make 100 parts.

For raspberries, the following mixture is recommended: Formalin, 1 part; glycerine, 10 parts; water, 89 parts.

Strawberries may be preserved fairly well in a saturated solution of common salt, and better still in a field compound of formalin, 1 ounce, alum 1 drachm; glycerine, 5 ounces; water, 3 pints.

Red currants keep best in a solution of corrosive sublimate. 1 part; glycerine, 10 parts; water, 90 parts.

The corrosive sublimate must be dissolved in hot water and the solution and fruit preserved in it should be marked poison, as it is very deadly if swallowed.

The glass stoppers of bottles and jars may be made perfectly tight by smearing the ground surface with a small amount of light colored vaseline. This will also prevent, in a great measure, the sticking of the stoppers when it is desired to remove them.

Kodol will without doubt help any one who has stomach disorders or stomach troubles. Take Kodol today and continue it for the short time that is necessary to give you complete relief. Kodol is sold by all druggists.

Our follies often pass for demonstrations of our worth.

Terribly Scalded.
Is something we hear or read about every day of our lives. Burns and scalds either slight or serious are bound to happen in your family, be prepared by having a bottle of Ballard's Snow Lintment handy. It relieves the pain instantly and quickly heals the burn. Sold by all dealers.

By all means make it an annual event.

Help for Those Who Have Stomach Trouble.

After doctoring for about 12 years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctor's fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Polson, Iowa. This medicine is for sale by Dr. Stone's drug store. Samples free.

One good fit is worth a dozen bad ones.

Poison Oak Poisoning.
Ballard's Snow Lintment cures it. Mr. O. H. P. Cornelius, Turner, Ore., writes—My wife has discovered that Snow Lintment cures "Poison Oak Poisoning," a very painful trouble. She not only cured a case of it on herself, but on two of her friends who were poisoned by the same ivy. Price 25c, 50c and \$1.00. Sold by all dealers.

DeWitt's Witch Hazel Salve is especially good for piles. Recommended and sold by all druggists.

BUSINESS MEN

PERFECT CLUB

(Pendleton Tribune.)
The temporary organization of the exclusive business men's social club was perfected yesterday and the deal was practically completed for the leasing of the Matlock residence for a term of years. It is understood that possession will be given about the 1st of July. The club takes over a considerable part of the furnishings and furniture and will proceed to remodel the interior to suit the requirements.

At the temporary organization of club yesterday it was decided to limit the number of members and establish an initiation fee that would be in keeping with the pretensions of the organization. While the list of charter members has not been as yet made public, nor the initiation fee announced yet, it is understood that the number of members will be limited to about 50 and the fee will not be less than \$100.

With the installation of this club in its home Pendleton will be able to boast of a club equal to any in Portland or the other coast cities in every respect. The club rooms will be magnificent, the location ideal, and the membership of the best. It will be a place where visitors can be taken without any fear that they will go away and talk derogatory of Pendleton's ability to entertain in a fitting manner.

Best the World Affords.
"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c. at J. C. Perry's drug store."

It's the same old thing. But much better.

Kemp's Balsam will stop any cough that can be stopped by any medicine and cure coughs that cannot be cured by any other medicine. It is always the best cough cure.

Keep the Money at Home.

(Medford Tribune.)
A business man of Medford, who has made quite a fortune from the people of Medford and who today draw a large income, both from his mercantile house and property investments, recently went to Portland with his sons and while there completely outfitted himself and boys from head to foot. He did not get his wearing apparel any cheaper but paid the same prices as paid here, and when he returned it was noticed that the boys wore suits of the same make as those sold by a Medford firm. But now that he is prosperous, he felt it a little higher toned, perhaps, to buy things away from home.

Where would the man's present prosperity be if his customers purchased their goods from mail order houses or went to the metropolis for them? How could he live if treated by others as he is treating them? He couldn't.

If everyone in a community sent his money out of town for goods instead of buying at home, there would soon be no town. The first essential in any community is patriotism, loyalty to the town and its best interests, and those who fail to patronize home industry, but purchase abroad, are deliberately building up other towns at the expense of their own.

No matter what you need, buy it at home. If it isn't carried in stock your demand will cause it to be.

When you need a cough cure you need one that will cure your cough. Kemp's Balsam, the best cough cure, will do it. All druggists sell it for 25 cents.

CASTORIA

For Infants and Children.
The Kind You Have Always Bought
Beware the Signature of J. C. Perry.

A "Big Stick" Club.

(Medford Tribune.)
Grants Pass citizens who have the welfare of the city at heart have organized a "Big Stick" club, whose aims and objects are most commendable.

The club is secret in its membership, which is limited to 23, the "skidoo" number, all members of the Commercial club. It is the purpose of the club to work directly and indirectly, upon unprogressive citizens and force them into line for progress.

The mossback does not know what is going on, but the strongest kind of pressure is brought to bear on him, and he is virtually forced to get in line or "skidoo."

Those big property owners who refuse to assist in boosting a town, although they profit more than anyone else by the efforts of those trying to force the place ahead, through the increased valuations of property, are the principal objects worked upon by the club.

Grants Pass is to have paved streets, thanks to the efforts of this secret club. Protests from influential men and property owners threatened to block improvements, as they have blocked them at Ashland, but the club got busy, the protests were withdrawn, some of them under pressure, and the paving is to follow.

Because Grants Pass merchants refuse to pay farmers cash for produce they are barred from membership, and the club is now trying to force the merchants to do business on a modern basis.

Lane's Family Medicine is a tonic-laxative. It does not depress or weaken, but imparts a feeling of buoyancy and strength that is delightful. At all druggists 25c.

A Paradise of fools—the latter day society.

Women with good complexions are never homely. Good blood makes good complexions. Lane's Family Medicine makes good blood. All druggists sell it for 25 cents.
