

INAUGURAL CEREMONIES AT COURT HOUSE TODAY

Today is inaugural day at the court house, and all the county officers are either succeeding themselves or are being succeeded by others. County Judge Scott was succeeded today by W. M. Bushey. In the county commissioners court there is one change, I. C. Needham's place is taken by T. T. Beckwith. Sheriff Culver, who retired today is succeeded by H. P. Minto. William Esch is chief deputy. The second deputy sheriff has not yet been named. County Recorder D. G. Drager succeeds himself, as does also County School Superintendent W. M. Smith. County Assessor F. J. Rice, County Surveyor B. B. Herrick and County

Clerk R. D. Allen. J. J. Moore succeeds W. Y. Richardson as county treasurer. All of the out-going officials expressed their appreciation of the people's support in their election, and of their cooperation in the execution of county's affairs. Judge Scott said that he wished to thank the people for the work they have done in helping to improve the public highways, great advances in this direction having been made during the last four years. At the end of the summer vacation Judge Scott said that he intended to open a law office either in Salem or in Portland. The "new circle" of county office holders will have a picture taken this afternoon.

FLEET IS PREPARING FOR FAR EAST TRIP

San Francisco, July 6.—With both their mechanical and human equipment worked up to a state of almost perfect efficiency, the 16 great fighting machines constituting the battleship fleet today are marking time awaiting the signal for their departure to the far east tomorrow afternoon. Every pound of stores and ammunition is stored away in the massive steel hulls and, as thoroughly equipped as though their great prows were to be turned out toward the east to meet an enemy, the fleet but awaits the signal to hoist anchors, which will flutter in the Connetquot at 2 p. m. tomorrow. The rumors of a probable acute

diplomatic situation in the east this fall which have become more persistent as the hour for the fleet's departure draws nearer have resulted in the fleet officers being besieged by hundreds of men seeking enlistment. The arrival of the Buffalo with several hundred recruits from the east to take the place of all short term men has brought the complement of every ship up to the maximum and the applicants for enlistment had to be refused hammocks on the battleship fleet. The crews of all the ships have shown splendid esprit de corps and for the first time in the history of the navy, a fleet of American warships is manning practically by American seamen.

ABE RUEF WILL BE GIVEN LIBERTY TODAY

San Francisco, July 6.—It is conceded that Abe Ruef, ex-boss of ex-boss of San Francisco and indicted bribe giver, will be a free man tonight. Court adjourned too early July 5 to allow Abe his liberty on the national holiday but Judge Murski today accepted enough securities to make his release tonight certain. Up to noon today Ruef's securities had qualified in amounts that totalled

\$80,000. When the court adjourns tonight, Ruef will have furnished bonds for a total of \$1,500,000, in this case besides \$6000 that he has up in the case pending against him in the police court. Judge Lawlor today appointed July 15 as the day upon which Ruef's trial on the charge of having bribed Ex-Supervisor Porey, in connection with the passing of the overhead trolley franchise.

MEAD EMULATE HUGHES OPPOSE GAMBLING

URGES LEGISLATURE TO PUT STOP TO RACE TRACK BETTING —PLEDGES CO-OPERATION TO MINISTER.

Seattle, Wash., July 6.—In his efforts to stop betting on horse racing Governor Mead, of Washington, will emulate Governor Hughes by urging the legislature to enact a law making it a felony to make books or sell pools on races or similar contests. Governor Mead announced his intention of taking this course in a letter to the Rev. Dr. Matthews, who asked the chief executive to stop the racing now in progress here. "Betting on horse races," wrote the governor, "is the most insidious and harmful species of gambling followed today and I pledge you my earnest co-operation either in public life or as a private citizen in abolishing race track gambling from this state."

ALCOHOL IN SICKNESS

At one of the London public hospitals a special point is made of giving alcohol to the patients as rarely and sparingly as possible; and each time that one of the physicians does so he submits a special entry of the reasons that actuated him. In the thirty-two years of the existence of the hospital alcohol has only been given seventy-one times. The cases received are exactly like those received by all the other hospitals. For 1904 they numbered 137 in-patients only. The death-rate among these was 7.3 per cent. For the same year the average death-rate among the other London public hospitals was 9.1 per cent. Therefore the use of alcohol in sickness is not to be regarded as a necessity. Although most physicians prescribe alcohol in solution with drugs for their patients—there was one physician of national reputation who did not believe in using alcohol. Many years ago when Dr. R. V. Pierce decided to put up his valuable "Prescription" for the diseases of women in a "ready to use" form—he used as a solvent and preservative chemically pure glycerine of proper strength, which is a better solvent and preservative of the active medicinal principles residing in most of our indigenous or native plants than is alcohol. Dr. Pierce found that the glycerine, besides being entirely harmless, possesses intrinsic medicinal properties, of great value.

No woman who is suffering from inflammation, from the pains and drains incident to womanhood can afford to be without Dr. Pierce's Favorite Prescription. An honest medicine which has the largest number of cures to its credit and a deserved popularity for two score years all over the United States. Dr. Pierce tells you just what is contained in his "Favorite Prescription."

ITS INGREDIENTS ARE:
Golden Seal root (Hydrastis Canadensis), Lady's Slipper root (Cypripedium Pubescens), Black Cohosh root (Cimicifuga Racemosa), Unicorn root (Helonia Dioica), Blue Cohosh root (Caulophyllum Thalictrifolios), Chemically Pure Glycerine.

Among the prominent medical men of the country who recommend the above ingredients as superior remedies for nervous conditions depending upon disorders of the womanly system and for the cure of those catarrhal conditions in the affected parts are: Edwin M. Hale, M. D., Professor of Materia Medica, at Hahnemann Medical College, Chicago; Prof. John King, M. D., Author of the American Dispensatory, Woman and her Diseases; Professor John M. Souder, Doctors Hale, Ives, Wood, Bartholow and others. Address a postal card to Dr. Pierce for a complete treatise on the subject—sent to you without cost.

DR. PIERCE'S PLEASANT PELLETS cure biliousness, sick and bilious headache, dizziness, constiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons who are subject to any of these troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

HEALTH AND HAPPINESS.
How to live in health and happiness is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

GOVERNOR CHAMBERLAIN A Democratic Vice Presidential Possibility Much Talked of Before the Convention in Denver This Week.

DO YOU WANT TO Make or Lose Money THIS SUMMER ?

HERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but it's not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, THROUGH ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration worthy of an energetic merchant—worthy of a man who has the habit of accomplishing his purpose.

"E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1897 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Rodding, Ga., Aug. 27, 1906." Sold by all druggists.

Salem's greatest advertisement—the advertisements of Salem's leading merchants in this paper—brings more people to the city than any other one thing and saves the people more money.
