## Proof Hemp Binder Twine

Is warranted to work on any Wheat or Corn Binder using twine. It runs 50 feet longer to the pound than sisal or standard. Therefore a bale of 50 pounds will bind fully one thousand more bundles than a bale of 50 pounds of the best standard any farmer ever used.

"AMERICAN PROOF-HEMP" is insect proof; water or moisture will not rot it; it is absolutely free from larger or small spores, and is therefore very much STRONGER than sisal or standard.

Farmers who have never used "AMERICAN PROOF-HEMP" should make the following test. Before starting your Binder at the beginning of harvest, put in a ball of standard or sisal FIRST, use it up, then COUNT the number of bundles that are bound and rebound. Then put in the first ball of "AMERICAN PROOF-HEMP," use it up and count the number of bundles as before. The result will surprise you. Any farmer making this test after FIRST using a ball of standard or sisal, will afterwards use only "AMERICAN PROOF-HEMP."

## INDIANS ARE ON WARPATH

(United Press Leased Wire)  
Guthrie, Okla., July 9.—A company of state militia was ordered this afternoon from Chandler to Merietta to protect residents there from the Snake Indians who are holding a celebrating dance at Hickory Camp grounds. The Indians are reported to have risen and the situation is believed to be serious. Adjutant General Canton is at Henriette and the soldiers will be at his request. Acting Governor Bellamy will accompany the militia to learn conditions for himself.
