Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—William H. Strolling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by Dr. Stone's drug store.

There will always be some knockers around. Some people are built that way.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mr. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. This renowned cough and cold remedy and throat and lung healer is sold at J. C. Perry's drug store 50c and \$1.00. Trial bottle free.

THE TRIUMPH OF THE TENEMENT

The crushing influence of the tenement-house! I saw its perfect product in one old woman that came to the door in answer to my knock. She was 65 or 70, with silver hair, and she looked respectable and decent in spite of her surroundings; but the last vestige of the human

spirit had long been crushed out of her. She looked about her with a vague, senseless terror, and she cringed and fawned so pitifully at every question it would have made you sorry and ashamed to see her. In her vision there was nothing left but disaster; the coming of some stranger, the asking of the simplest question, foreboded trouble.

She would not believe that anyone could come to her except with evil intent, and yet she had no idea of resenting anything, but only of trying in some blind way to propitiate her; she would make you feel so comfortable and warm and full of content. She was dressed in rags, she was gaunt and bent, and in her in drink, the utter dreariness of her surroundings had shriveled away the

soul of humanity in her until there was nothing left but the shape of perpetual fear. Grand triumph of our civilization! You should see her; she would make you feel so comfortable and warm and full of content. She was dressed in rags, she was gaunt and bent, and in her in drink, the utter dreariness of her surroundings had shriveled away the

that had brought her down to this.—Charles Edward Russell, in the July Everybody's.
