DYSPEPSIA RIGHTLY CURED STAYS CURED

Not by Treating the Symptoms but by Toning Up the Stomach to Do the Work Nature Expects of It.

Dyspepsia should not be neglected for by depriving the body of its proper nourishment it grows steadily worse. Neither stimulating medicines, which ruin the already weak stomach by making it work beyond its strength, should be used, nor pre-digested foods, which do not excite a flow of the digestive fluids and by disuse cause the stomach to become weaker. Nowhere is the tonic treatment with Dr. Williams' Pink Pills more clearly useful. Its principle is to enable the stomach to do its own work by building up the blood and giving tone to the nerves. When these are once more restored to their normal health dyspepsia disappears and the cure is permanent.

The experience of Mr. Orlando Pence, of 633 Park avenue, Piqua, Ohio, should be read by every one who is suffering with dyspepsia. For ten years Mr. Pence experimented with doctors and many kinds of medicine without being cured. He was finally urged by a friend to try Dr. Williams' Pink Pills and after taking a few boxes was restored to health. He says:

"Thirteen years ago I begaŭ to have stomach trouble which came on me gradually. My stomach was sore and felt as though there was a ball of fire in it. My appetite was irregular and sour fluids would come up in my throat for food did not digest. I was troubled with dizziness and would see black specks before my eyes. I suffered from constipation and was a slave to cathartics.

"The doctor's medicine and all other medicines that I tried did not give me permanent relief and I gave up hope of getting well. My stomach was almost worn out taking medicines. After ten years of suffering I took Dr. Williams' Pink Pills upon the advice of a friend and the use of a few boxes completely cured me. I am now enjoying good health and am glad to tell others of my cure."

If you have decided to give Dr. Williams' Pink Pills a trial or if you are still in doubt as to their value in all cases of stomach trouble send today for a copy of our diet book which is free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

SHIPBUILDING CENTERS ON THE GREAT LAKES

Washington, July 17.—The fiscal year ended June 30 has been the record year of American shipbuilding, according to reports to the Bureau of Navigation, and the center of the industry is on the Great Lakes.

During the year, 1506 vessels of 588,627 gross tons were built and numbered in the United States, of which 75 were steel steamers of 304,379 gross tons were built on the Great Lakes. The largest annual output heretofore was in the year 1855 when 2024 vessels of 583,450 tons were built. In that year the Great Lakes built only 263 vessels of 45,423 tons.

This year steel vessels built numbered 142 of 417,167 gross tons compared with 360,655 tons built last year. These two are the years of the largest steel construction in the United States.

The tonnage built is entirely for domestic transportation, no vessels exclusively for foreign trade having been built in the United States.

Of the 142 steel vessels, 85 exceeded 1000 gross tons each, 55 on the Great Lakes, the largest being the William M. Mills of 7,982 tons and 30 on the seaboard, the largest being the Columbian of 8,579 tons, built at San Francisco for trade to Hawaii.

Four wooden sailing vessels exceeding 1000 tons each were built during the year, the largest being the Edward J. Lawrence of 3,350 gross tons.

Best the World Affords.

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c. at J. C. Perry's drug store.

LOCAL BALL
BY JOCK

Results of yesterday's scores in the Pacific Coast league:
Portland, 2; Los Angeles, 0.
San Francisco, 3; Oakland, 1.

Northwest League—
Spokane, 4; Tacoma, 3.
Seattle, 1; Vancouver, 3.

Manager Heyser of the local Tri-City ball club, has been scouring the country for players for the past few days who will strengthen the present aggregation, and the result is, he has three good men in sight, and who, in all probability, will sign up. J. Kotterman, a box artist recognized by managers in both the middle states and on the Coast as a hard man to beat, will arrive here on Sunday next to negotiate with Manager Heyser. Kotterman has just left the Inland Empire league on account of the season closing, and during his season in that league he has won more games than any other twirler on the circuit. Mr. Kotterman is at present situated in Portland, and he was recommended to the local management by several well known ball magnates.

C. G. Springer of Lafayette is another winner who has come under Heyser's eye. Springer is known as the "Iron Horse," owing to the fact that it is almost impossible to wear out the big six-footer. He is a genuine south-paw, and has a collection of things that are hard to figure out according to the managers of the St. John's team. Last season Springer threw for St. Johns and succeeded in striking out 16 men in a game with Astoria, both teams being members of the Tri-City league. Through some misunderstanding Springer has flatly refused to sign up with any of the Tri-City team this season, but owing to the local team traveling under regular players as managers, he has consented to join here. He will be with Salem team after next Sunday when his contract will be finished with the Lafayette aggregation. If Manager Heyser obtains the services of these two twirlers, which he is more than liable to do, the Cherry Pickers will get into the winning harness again. So far the local talents engaged by the new officials have made good beyond expectations, and a few more of the home lads are going to have an opportunity of trying out for positions. Ray West, formerly catcher for the South Salem Fairmount club, is to have a chance on the local Tri-City team. Although West's place is back stop, he is fully capable of holding up his end in the out-garden, and his batting eye is just as bright as the more experienced, he being a heavy hitter and a lucky one, and his base running is, without question just as good and more heady than some seen on the local diamonds.

Yesterday's contest between the Chemawa Indian diamond men and the Also club of Albany was surely an amateur exhibition of ball. Both aggregations were slow of action on several occasions where a little ginger would have caught the eye of the fan. It was apparent that the players could not get next to the early rising part, as the game was called at 10 yesterday morning.

"Pop" Anson, the veteran of many lightning battles, is now having a go with the receivers for bankruptcy, but it appears that it wasn't his baseball money which has suffered a slide, as a billiard parlor and a bowling alley are the main features in the case.

* * *

The Pacific Coast league will be composed of at least two more clubs next season. Ed Kripps, of Sacramento received one franchise, and Henry Berry, of the Southern California Athletic club is to have the other. During the present season a baseball war has ben carried on in California between the Oakland and San Francisco Pacific Coast league club and several outlaw state leagues, and the admitting of the two additional teams to the Pacific Coast aggregations will no doubt freshen up things around that vicinity among respective factions.

The Cherry Pickers will strip for the next game Sunday against the West Portland team on the local grounds.

Poison Oak Poisoning.

Ballard's Snow Liniment cures it. Mr. O. H. P. Cornelius, Turner, Ore., writes—My wife has discovered that Snow Liniment cures "Poison Oak Poisoning," a very painful trouble. A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

The Want Advertisements are "Humanizing"
When more people come to use and answer classified advertisements, more people will know each other—
More People with Mutual Interests Will Meet—
more people will find channels and opportunities for reciprocal service.
Truly, the want ads. are "humanizing" people — shaming away the scorn of small things, the scorn of "bargaining," of exchanging useful but not used things for useful and usable ones.
