

The way of the transgressor is Lard

The wise housewife specifies *Cottolene* every time in place of lard. Anyone with a particle of respect for his stomach would prefer a pure vegetable product to one made from the fat of the hog.

Cottolene is always pure; lard isn't.

Cottolene will make more palatable food than lard, and food that any stomach can digest with ease. Lard is a friend of indigestion.

Cottolene is put up in odor-proof, sealed tin pails; most lard comes in bulk, and will absorb any old odor which is near it.

You can prove every word we say by buying and trying a pail of *Cottolene*. All good grocers sell it; all the great cooking authorities of America recommend it.

Nature's Gift from the Sunny South

MORE LUMBER CUT THAN EVER BEFORE

Washington, July 17.—Notwithstanding the cry of timber famine, the soaring price of lumber, and the disastrous effects of a money panic late in the last year, the total lumber cut of the year 1907, according to figures made public today by the Census Bureau, is 2,705 million feet board measure, more than that of 1906. The total cut was 40,256 million feet.

The production of lath throughout the country fell from 3,813 million in 1906 to 3,664 million in 1907—but the production of shingles ran from 11,858 million in 1906 to 11,950 million last year.

"The substantial increase in the total production of lumber in 1907," says the report, "as compared with 1906, in spite of the financial stringency is remarkable, and especially so in view of certain well-known causes. Aside from the car shortage, which necessitated a restriction of the cut in many localities, the fact that the industry of lumber manufacture was practically suspended on the Pacific coast early in the fall on account of the prospective raise in freight rates by the railroads, materially affected the amount of the output."

The South was far and above every other section of the country the biggest producer of timber, the yellow pine cut for 1907 aggregating the enormous total of 17,694,218 thousand feet by 11,895 mills, as against 15,096,110 thousand feet by 8,143 mills in 1906—an increase of 17 per cent.

The Lake states fell below their average, with 11 per cent decrease of white pine cut, the figures being 5,491,680 thousand feet for 1907. In Minnesota the cut of pine in 1907 formed 91 per cent of the total lumber out put of that state, and represented 60.9 per cent of the aggregate cut of this wood in all the Lake states.

TEA

If the tea is good you ask for a second cup; if not, you ask for the money.

Your grocer returns your money if you don't like Schilling's Best; we pay him.

Just Exactly Right.

"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisville, N. Y. New Life Pills relieve without the least discomfort, biliousness and malaria. 25c. at J. C. Perry's drug store.

Mr. Deer, will now please look out, also Miss Dear, at the Seaside.

The New Remedy That Does.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mr. E. R. Pierson, of Auburn Centre, Pa. It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health. This renowned cough and cold remedy and throat and lung healer is sold at J. C. Perry's drug store 50c and \$1.00. Trial bottle free.

LA GRANDE WILL CONTINUE USING ELECTRIC STREAMERS

The incandescents used in illuminating the streets the night of the Fourth will be burning tonight and from now on. More will be added as soon as Mr. Housh can arrange to have the work done, and the wiring now up will be re-arranged. What was done for the celebration was meant only to stay up the one night, and to turn the lights on and off necessitated a good deal of extra work.

Lots of people will be down town tonight in order to enjoy the festive appearance of the streets and to attend the electric shows, which are both equipped with electric fans and are nice places to spend an hour.

Both Mr. Sherwood and Mr. Wilson gave a good percentage of their receipts for the next week to the lighting fund and are deserving of extra patronage now.—La Grande Observer.

If La Grande can do this why not Salem?

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by Dr. Stone's drug store.
