CITY COUNCIL PROCEEDINGS

After much discussion pro and con, the amended bicycle ordinance, which has been under the consideration of a special committee for three weeks, was voted down at the meeting of the city council last night.

Chairman Moores of the ordinance committe submitted the revised ordinance with the statement that the committee had spent much time and much gray matter in amending the bill, and that he hoped it would pass. The bill provided that it should be unlawful for any person to ride a bicycle on any of the following streets: On the north side of State street between the east line of front street and the west line of Commercial street; on the north side of Chemeketa street between the east line of Commercial and the west line of High street; on the north side of Court street between the east line of Front street and the west line of Twelfth street on the east side of Commercial street between Center and Trade; on the east side of Liberty between Chemeketa and Ferry; on the east side of High between Chemeketa and Mill; on the east side of Church street between Court and Mission streets; on the south side of all other streets running east and west except on streets where there are no sidewalks or footpaths on the north side of said streets, and except on the south of Court street between the east line of Church street and the west line of Twelfth street; on the west side of all other streets running north and south except where there are no sidewalks on the east side of said streets; on any sidewalks abutting on any paved street, or any street which may be hereafter paved; on any curb on private property without the consent of the owner, and in any public park.

The report of the committee was adopted but the bill was squelched when it came up for final passage.

A resolution was adopted authorizing the city recorder to issue notices to the effect that the money is now due for the improvement of State street between Commercial and Church streets, and on High street between State and Court streets, and that the city marshal shall serve the same upon the property owners.

A resolution to issue $24,000 worth of bonds for the improvement of Court street, $20,000 of which shall be of $500 denomination and the remainder in $50 denomination, was adopted. The bonds are to mature in 15 years, and they shall draw 5 per cent interest. The bill provides that the sale of the bonds be advertised and that bids be received at the next meeting of the council.

Stolz introduced a motion requiring the Oregon Electric Co. to place a curb and ornamental trees on the corner of High and Trade streets, where Mrs. Watts' shade tree was cut down. The motion was passed. Another motion by Stolz was also made instructing the street commissioner to allow no tiling to be laid in the gutters in any street to carry off the water. The motion was referred to the street committee.

The committe on sewage and the city engineer were instructed to place the necessary catch basins on State street and Commercial street, and to replace the intakes with catch basins.

The matter of the bids for printing the new charter was referred to the committee on ways and means, to report at the next meeting.

Applications for transfer of a liquor license from Alex Conoyer to D. A. Madden was granted.

Two bids for the sale of property to the city for a site for a street cleaning building were read, and the offer of Hiram Smith was accepted. His lot is situated on Thirteenth street near the Kay Woolen mill and is 80 by 160 feet. The price is $500. The city attorney was instructed to investigate the title to the property and report at the next meeting.

The committee on sewage was instructed to have a temporary mouth placed on the Marion street sewer in order to carry the water into the river.

The bid of H. H. Vandervort for 125 cords of wood for the city hall, at $3.47 per cord was accepted.

Councilman Low made a report on the dilapidated condition of the S. Commercial street bridge, stating that the structure was dangerous for any team to cross, and suggesting that some money be appropriated at once for its repair.

Street Commissioner Martin stated that the roadway on the brige was safe, and that the structure was not in so bad a condition as people thought. The piling, he said, was sound, and a traction engine was driven over it a few days ago. Several others spoke on the subject, and the matter was finally referred to the committee on bridges.

The report of the city treasurer showed that the amount of cash on hand at the time of the last report, April 1, was $28,648.09, and the receipts from all sources since that time have been $12,562.83. The disbursements were $19,257.62; leaving a balance on hand of $21,953.30.

Applications from Neubaum and the Standard Liquor Co. for liquor licenses were referred to the committee on license.

A petition from several residences of Bellevue street protesting against the grading of that street was received and placed on file.

Another petition from the residents of Broadway objecting to the lowering of the Oregon Electric railway company's tracks on that street was also placed on file.

A petition from the street railway company for an extension of ten days time in which to complete the work on State street was granted.

Councilman Greenbaum introduced a bill granting the new franchise to the Portland Railway, Light & Power company. The bill was passed to its second reading, and referred to the ordinance committee.

The following self-explanatory letter was read, and after various suggestions by the city fathers was referred to Congressman Hawley:

"United States Post Office, Washington, July 6, 1908.—The Custodian, Post Office, Salem, Oregon. Sir: This Department is in receipt of your communication of the 27th ultimo, inclosing notice of assessment for the improvement of State street on the south side of which the Federal building site in your custody abuts.

"You are requested to confer with the proper city authorities and inform them that the Department appreciates the desirability of the improvement referred to, and it therefore regrets that there is no appropriation under its control which can be made available to pay any part of such paving. For this reason the Department is obliged to make this reply to all demands for payment of assessments, etc., on account of street improvements.

"You will also say that as the state of Oregon has by statute ceded to the United States exclusive jurisdiction over the Federal building site, it is not subject to the operation of any state law or municipal ordinance or regulation respecting street improvements, and the cost of said paving cannot properly be assessed against the property of the United States. You will therefore request that this assessment be formally cancelled. Respectfully,

"BECKMAN WINTHORP,
"Assistant Secretary."

Over Thirty-five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's colic, Cholera and Diarrohea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United State and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Dr. Stone's drug store.

The prohibition party had a peculiar experience: Its cause took a notion to outgrow the party, and did it with neatness and dispatch.

It will cost more to run the government during Roosevelt's four years than it did to run it during the four years of the civil war.

$100 Reward, $100

The readers of this paper will be to be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Help for Those Who Have Stomach Trouble.

After doctoring for about 12 years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctor's fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by Dr. Stone's drug store. Samples free.

A farmer asks the best way to wash silk socks. The question confirms Secretary Wilson's opinion of farmer prosperity.

"E. C. DeWitt & Co., Chicago, Ill. —Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1898 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell. Roodine, Ga., Aug. 27, 1906." Sold by all druggists.

A Many Time Prize Winner.

National Expositions are a good index to the actual merit of the products exhibited. The judges are always experts of high standing, and their decision is made only after careful examination and exhaustive tests.

It will, therefore, be a revelation to many to learn that—while lard is the most commonly used cooking fat—a vegetable oil cooking fat called COTTOLENE, was awarded Grand Prize (highest award) at the Louisiana Purchase Exposition, and cakes and pastry prepared with COTTOLENE also won a Grand Prize. Gold Medals (representing highest awards in each case) were also granted COTTOLENE at the Charleston Exposition and Chicago World's Fair. In fact, wherever it has been exhibited in competition with other cooking fats, COTTOLENE has in every case received highest award.

Eminent chemists and cooking experts unite in declaring that, in purity, wholesomeness, economy and results, COTTOLENE is far superior to lard.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him $100.00.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by Dr. Stone's drug store.

Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—William H. Strolling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by Dr. Stone's drug store.

WITTICK IS FOUND NOT GUILTY BY JURY

Father Had Ordered Beer and Sale Was Therefore Not Made to Minor.

North Bend Special: A case of considerable interest was tried in Justice Shuster's court when Ernest Wittick, proprietor of the North Star saloon was acquitted by a jury on the charge of selling loquor to a minor.

Mr. Wittick was taken before Recorder Gardiner Monday morning by the city marshal who had captured the Bloomquist boy a few feet from the North Star back door with a pail of beer. On advice of J. H. Guerry who appeared for the defense, Mr. Wittick asked for a trial by jury for the following day.

The jury impanelled consisted of the following men: E. S. Barzee, W H. Sheppard, Gus. Tyberg, L. J. Simpson, L. F. Falkenstein, Herman Smoak.

The evidence introduced by the defense showed that Bloomquist had sent a note to Wittick by his ten-year-old boy asking for 15 cents worth of beer, and the law is explicit on the question of selling to an agent or one acting under orders of another by holding that the agent cannot be held responsible, nor the seller, in case of violation of the law.

The jury after being out a few minutes returned a verdict of not guilty.

The case was largely attended by interested parties.

ITCHING SKIN? DOCTOR THE SKIN

People Drinking Medicine for the Blood to Cure Eczema Waste Their Time and Money.

When your face is dirty and grimy, you don't drink water to cleanse it. You wash your face with water and you keep your face clean by washing it with water.

Eczema, psoriasis, salt rheum, barber's itch and like skin afflictions are similar to dirt and grime in that they are caused by parasitic germs upon the skin. These disease cannot be cured by drinking medicine any more than you can cleanse your face by drinking water. Cleanse the skin of these germs by applying the remedy right where the disease exists and the skin becomes white and smooth again.

The Capital Drug Co. sells simple oil of wintergreen, properly compounded with other soothing vegetable remedies in D. D. D. Prescription, as a positive specific for killing the bacilli and germs in the skin. This D. D. D. remedy is not a sticky concoction or a smeary paste. It is a liquid external wash, as easy and simple to use as water. It is applied right where the itch and sore is. Used with D. D. D. Soap, it is bound to cure. The first application brings instant relief—you will know this the minute you apply the remedy—and the skin once cured stays cured in nearly all cases. Get rid of that itch right now—today.
