**LASSIES WILL TOSS THE BALL**

The Salem lovers of ball will have one grand opportunity of witnessing the national game played by nine fair tossers who are just about the most classy bunch of feminine sure-enough ball artists that ever graced a diamond. The Salem Cherry Pickers, although being a bunch of bashful young men, will be the opponents of the lady team, and if they can dig up the nerve, they declare the fair ones will hardly take the game away if they should pack off a few hearts, lungs and heads.

The Chicago lady ball team is under the management of Birdie Carleton, who is also captain and first-base woman. Molly Brewster, who holds forth at second base, has the hitting record of the aggregation. She frequently hits out two-sackers, and in their recent game with the Wabash team, she walloped out a splendid three-bagger. Blanche Orrie, in center field, has the good rep also, and gets under the high flies just as easy as a man artist. The battery for the Chicago ladies consist of Whaling and Bellster, both men. The battery for the Cherry Pickers will be Daus and Heyser. Daus is the young twirler formerly with the Fairmounts in South Salem, and if he throws his usual game, the ladies will have to look lively to get a hit.

The game will be called at 6 o'clock Thursday evening, this unusual time being scheduled in order that all those wishing to see the game may get away from their work

**OREGON SIENNA PAINT**

Mr. D. H. Wyant of the Oregon Sienna Mineral Paint Company of Salem states that in spite of the enlargement of the plant several months ago the company has again outgrown its equipment and cannot keep up with its orders.

The company just sold 150 gallons of green shingle stain to the state for the Feeble Minded building. It is also furnishing the state paint for the grand stand at the fair grounds.

The Oregon-Alaska building at the Alaska-Yukon-Pacific Exposition will be finished in the inside with the company's products. It will also furnish all the material for finishing the different kinds of woods for the State of Oregon at the exposition.

Mr. Wyant was given the following letter by the Oregon-Alaska-Yukon-Pacific Exposition Commission: To Whom It May Concern:

This will introduce to you Mr. D. H. Wyant who has been appointed superintendent of the forestry department for Oregon at the Alaska-Yukon-Pacific Exposition.

Any courtesies you may be able to extend to him will be greatly appreciated by the commission.

Very truly yours,  
W. H. WEHRUNG.  
President Oregon-Alaska-Yukon-Pacific Exposition Commission.

**EUGINE OWNS WATER WORKS**

Eugene, Or., July 22.—Eugene owns its own water works and the citizens are happy for they have been striving for a municipality owned water system for years.

The price paid for the works was \$140,000. The city now proposes to issue \$500,000 bonds for the improvements to the system and action on this matter will be taken at the next council meeting.

The people are satisfied they struck a good bargain in acquiring the water system, as valuable property, including Skinner's butte, which will make a beautiful park some day goes with it.

**L. J. LUPER HAS BEEN PARDONED**

L. J. Luper, who was sentenced during the April term of the supreme court to five years in the penitentiary for perjury, was today pardoned by Governor Chamberlain. This action has been expected owing to it being the general opinion that Luper in committing perjury, which he did during the divorce suit brought against his wife, did so through a misunderstanding and being misled. The pardon will go into effect immediately.

**Paving May Stop**— It is currently reported that Commercial street paving work is to be stopped. Hauling in cinders at the streetcar crossing at State and Commercial street gives that Impresario, Manager Page of the streetcar line says there will be no stopping work on paving, but the laborers say the street will not be paved this year.
