Commodity Price Comparisons.

The Bureau of Labor of the Department of Commerce and Labor has just issued its annual report on whole sale prices in its bulletin No. 75. The present publication gives wholesale prices for 258 representative staple articles for the year 1907, completing a series of prices for the 18 years 1890 to 1907.

The report shows that wholesale prices, considering the 258 commodities as a whole, reached a higher level in 1907 than at any other time during the 18-year period covered. The average for the year 1907 was 5.7 per cent higher than for 1906; 44.4 per cent higher than for 1897, the year of lowest prices during the 18-year period, and 29.5 per cent higher than the average for the ten years from 1890 to 1899. Prices reached their highest point during the 18-year period in October, 1907, the average for that month being 1.3 per cent higher than the average for the year 1907 and 2.8 per cent higher than the average for December, 1906, the month of highest prices in 1907.

Of the 258 articles for which wholesale prices were obtained 172 showed an increase in the average price for 1907 as compared with 1906, 35 showed no change in the average price for the year and 51 showen a decrease in price.

When the commodities are considered by groups, all of the nine groups showed an increase in price in 1907 as compared with 1906. For farm products taken as a whole this increase was greatest, namely, 10.9 per cent; for food, 4.6 per cent; for cloths and clothing, 5.6 per cent; for fuel and lighting, 2.4 per cent; for metals and implements, 6.1 per cent; for lumber and building materials, 4.9 per cent; for drugs and chemicals, 8.3 per cent; for house-furnishing goods, 6.8 per cent, and for the miscellaneous group, 5 per cent.

While the general average of wholesale prices for the year 1907 was higher than the average for 1906, the tendency upward did not continue throughout the year, for after the high point was reached in October there was a heavy decline in November, and a still further decline in December, the average for that month being 3.5 per cent below the October average. This heavy decline in the later part of the year was quite general, the prices of 132 of the 258 articles in December being below the high point of the year and of 46 lower than in any other month of the year.

COFFEE

A middling steak and first-rate coffee are better than middling coffee and first-rate steak. Consider the cost.

Your grocer returns your money if you don't like Schilling's Best. we put him.

The Central Oregon R. R. company has nine surveyors in the field, and already the Bulletin of Bend says: "Look out for the cars." Better look out for the ties and rails first.

The readers of this paper will be to be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ABBIE BEN ADAMS.

(Carolyn Wells.)

Abbie Ben Adams, may her life be spared,
Awoke one night and felt a trifle scared,
For on her shirtwaist box, cross-legged sate
A Vission writing on a little slate.
Exceeding nervousness made Abbie quake,
And to the Vision timidly she spake:
"What writest thou" The Vision looked appalled
At her presumption and quite coldly drawled:
"The list of our best people who depart
For watering places sumptuous and smart."
"And am I in it?" asked Miss Abbie. "No."
The scornful Vision said, "You're poor, you know."
"I know," said Abbie, "I go where it's cheap;
I can't afford mountains or prices steep,
But ere you leave just jot this item down—
I never leave my cats to starve in town."
The Vision wrote and vanished. Next night late
He came again and brought his little slate,
And showed the names of people really best,
And lo, Miss Abbie's name led all the rest.

Straight Front Corsets—Fat—and Heat.

The first two stretch wretched minutes into hours of misery for the modish fat woman these days. Her daily program is slow strangulation from 3 p. m. to bedtime.

But this (to others) comical anguish of the well-dressed fat woman in hot weather may be avoided. Let her reduce ten or fifteen pounds and she can wear her stylish garb with comfort at 90 in the shade.

All she needs to do is ask her druggist for ½ ounce Marmola, ½ ounce Fluid Extract Cascara Aromatic, and 3½ ounces Sirup Simplex, take a teaspoonful after meals and at bedtime, and in a little while she should be losing from one-half to a pound of fat a day. At that rate she can soon get down into the comfort belt and do it without exertion, disturbance of her habits, or injury of any sort. For, understand, this is a harmless home mixture that doesn't cause wrinkles, cost much, or require any assistance from exercising or starvation methods to help it get results.

Help to build up that which is elevating.

Over Thirty-five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera in fantum. It was at this time that Chamberlain's colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained this record. From a small beginning its sale and use has extended to every part of the United State and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Dr. Stone's drug store.

The man who struts like a millionaire isn't one.

"E. C. DeWitt & Co., Chicago, Ill. —Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Roopville, Ga., Aug. 27, 1906." Sold by all druggists.

A big stick is always needed for the libertine.

It Can't Be Beat.

The best of teachers is experience. C. M. Harden, of Silver City, North Carolina, say: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at J. C. Perry's drug store. 50c.

The President went to church yesterday in an auto.

Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—William H. Stroling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by Dr. Stone's drug store.
