We Just Keep Growing and Can't Help It

Our growth, especially during the past two years has been wonderful. Nothwithstanding this favorable condition we are not disposed to let the growth stop, and beg leave to call your attention to our last statement, and to respectfully solicit your business on the just ground of superior strength and facilities.

Many people do not know what a bank's capital is for, or the difference between a bank of little or no capital and one with large capital.

A BANK'S CAPITAL

Is the fund that protects the depositors from loss; therefore the larger it is, the greater protection the depositor has. This bank has a

Capital of	$100,000
Surplus and Undivided Profits	8,000
Additional Stockholders Liability	100,000
A total of	$208,000

This means that we must lose $208,000 before our depositors could lose a cent. This protection is for YOU. When you think "Bank" think "United States National."

United States National Bank of Salem, Ore.

When You Are Dry WHY NOT BUY

A pure and wholesome beverage that is sold in all the cities of Western Oregon and Northern California.

Made of the Choicest Malt and Hops Grown in Marion County

After Once Tasting

Vinol

no one wants an old-fashioned cod liver oil preparation or emulsion, because Vinol is a much better body-builder and strength creator for old people, weak children, and for coughs, colds, bronchitis, etc. If it does no good we will return your money.

G. W. PUTNAM CO.

DOINGS AT UNIVERSITY OF OREGON

University of Oregon, Eugene, July 29.—The annual meeting of the board of regents was held on Saturday in the president's office, in Villard Hall, with all members present but one. Additional land was purchased for the campus and committees appointed to investigate and arrange for the purchase of other tracts. Ten thousand dollars was appropriated for library books, to be purchased as soon as possible. L. R. Alderman, a graduate of the University of Oregon, and at present city superintendent of the schools of Eugene, was elected assistant professor of education; Dr. Hugo Koehler was elected instructor in German; James Currie, instructor in chemistry; Mrs. Ellen M. Pennel, instructor in English and assistant dean of women; Miss Mozelle Hair, assistant instructor in English literature and Miss Mabel Cooper and Miss Miriam Van Waters, assistants in the correspondence school.

President Campbell was authorized to make a trip East at once in order, through personal investigation, to secure the best possible men for the following positions: A head for the department of geology, a librarian, a professor of political science, an associate professor of civil engineering, and an assistant professor of psychology.

The president of the board was authorized to construct at once a new building to be completed by the opening of the fall semester. The plans have already been drawn for one that will contain about 15 rooms, and work will begin on it at once. It will greatly relieve the overcrowded condition of the other buildings. Several other new buildings will be constructed as soon as possible, but probably no work can be done until spring.

The addition of the new instructors to the teaching force will mean much for the work of the university. The rapid growth in the number of students has greatly crowded many departments and some, like the department of geology, have been without a head for some time. The correspondence schools will be much stronger than last year and the new man in the department of political science will greatly strengthen the course preparatory to law. The work of the library will be greatly expanded.

"It will be the policy of the university to secure the best possible men for these and all other positions," President Campbell said today, "for the real success of any school is measured by the worth of its teaching force. No college on the coast has a better instructional force than the University of Oregon and every effort will be made to keep the standard at the highest and I have a large number of application for each position to be filled and during my trip East shall select the men who are best qualified for the work."

Gets Cup.

The silver cup, offered by J. C. Watts, of Eugene, to the freshman track athlete who made the best record both in scholarship and on the track, has been awarded to Chester A. Downs of Portland. Downs made nearly a straight "A" record in scholarship, and was one of the best half and mile men Oregon has ever produced. The award is a popular one.

BEECHAM'S PILLS

Sold Everywhere. In boxes 10c, and 25c.

TO PREVENT POISONING OF SHEEP

A number of sheep were recently poisoned by eating choke cherry leaves while passing over a driveway across part of the Manti National forest in Utah, and, though sheep driveways are not strictly part of the National forest range, the government has taken steps to prevent further losses to the sheepmen from this cause. Members of the force on the forests will co-operate with stockmen in cutting out the thickets of choke cherry bushes where they grow most densely, thus allowing the sheep to be hurried through them, and in some cases the driveway will be changed so as to avoid the thickets altogether.

When the sheep enter this driveway they are hungry after a long trip over public highways, which form almost one continuous lane between cultivated fields. They eat the choke cherry leaves ravenously, though under ordinary conditions they would hardly touch them. The leaves contain prussic acid, and when an examination was made of the stomachs of several of the dead sheep, and they were found filled with the leaves, the cause of death was clearly established.

Stockmen throughout the West are coming more fully to recognize the benefits of government co-operation and range control. The whole grazing policy is to make the range better and to insure its equitable use. Restriction is practised not for its own sake, but for the good of the range and of the stockmen who depend upon it.

The range has deteriorated under unrestricted use, and so the government is making investigations under the direction of Mr. F. V. Coville, botanist, Bureau of Plant Industry, Department of Agriculture, with a view to reseeding with better grass. Again, poisonous plants are often destructive to livestock, and in this case Dr. C. D. Marsh, of the Bureau of Plant Industry, is conducting a study to detect poisonous plants and suggest means of eradicating them. There are also heavy losses from predatory animals, but government hunters and trappers are busy reducing the number of mountain lions and timber wolves, which do most of the damage. Finally, there is the insignificant prairie dog, which selects the choicest grassy bottoms for its operations, strips them to the soil, and plows up the ground for its burrows. They have gone after the prairie dog now, however, and by the use of effective poison will soon put an end to this pest.

WHY SO WEAK?

Kidney Troubles May Be Sapping Your Life Away—Salem People Have Learned This Fact.

When a Healthy Man or Woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Salem testimony to prove it:

E. E. Gillian, proprietor of livery and feed stable at 62 Ferry street, and living at 332 Water St., Salem Oregon, says: "Years of almost constant driving and a fall which I got several years ago which wrenched my back handily had tended to hurt my kidneys. I suffered from backache and lameness so that at times I could hardly straighten up. Sharp pains caught me when I arose after sitting. None of the remedies I tried did me any good until a short time ago I was induced to get Doan's Kidney Pills at Dr. Stone's Drug store. In a short time I obtained more relief from the backache and disordered condition of the kidneys than I had for years. I know of neighbors who have used your remedy, and they all speak of it as the best medicine there is, and I believe this to be so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
