

Danderine

Grows Hair
and we can
PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is always below my hips."
Another from Newark, N. J.
"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the
KIMWILTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

Coal Producing States.
Chicago, July 30.—Increased production of coal in the United States has caused a change in the order of the coal producing states, according to statistics which have just been compiled by the government geological survey. Illinois, which in 1906 was third in production, is now second and West Virginia has dropped to third place. Pennsylvania is still first on the

list. Illinois' production for 1907, as given in the report, was 51,317,146 short tons, having a spot value of \$54,687,382. Export coal from this country to Canada, Cuba and elsewhere have been steadily growing and this year promises to break all existing records. Latest government reports show total exports of coal for a period of 11 months as 11,565,242 tons, with a value of \$35,750,637. Corresponding

figures for 1907 showed a total of only 20,099,047 tons and 1906 was still less. The change in Illinois' position recalls the big coal strike of two years ago, as the increased production for 1907 was due to the renewed activity in mining after the recovery from the effects of the suspension on April 1, 1906. During this suspension practically all the important mines of Illinois were idle and 49,792 out of a total of 61,988 miners were unemployed for 58 days. Because of the conditions the production of West Virginia in 1906 exceeded that of Illinois by 1,810,246 short tons, as the suspension there affected only a small number of the mines for about 30 days.

KETCHEL WILL WIN IN FIFTEEN ROUNDS

San Francisco, July 30.—The betting public today is offering even money that Stanley Ketchel, the middleweight champion, will defeat Hugo Kelly, the Italian fighter from Chicago, in 15 rounds tomorrow night. It is expected Ketchel will enter the ring a 10 to 3 favorite. These prices are looked upon as being far out of proportion by the so-called experts, who point out that the San Francisco public is doing just what it did when it went wild over Gans and backed him so heavily against Nelson on the Fourth of July.

Both Ketchel and Kelly are in excellent condition. They did no work today. Kelly is practically at the required weight of 138 pounds and Ketchel is about a pound and a half over it. The champion will make the weight with ease by 6 o'clock tomorrow evening. Despite his being the short-ender in the betting, the Italian is confident, and his trainers are delighted in the prospect. At the Ketchel camp the usual confidence of the champion prevails.

Jim Jeffries has notified Promoter James Coffroth that he will not serve as referee at the Attell-Moran fight, and intimates that the fee of \$500 is no inducement whatever. He says that he intends to stand by his de-

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

elision to retire temporarily from the ring, according to the announcement he made after officiating at the Welsh-McFarland battle Los Angeles. Attell and Moran are expected to reach here Saturday or Sunday. There is some talk of Trev, Krelling being selected as the referee.

Poison Oak Poisoning.

Ballard's Snow Lintment cures it. Dr. O. H. P. Corneilus, Turner, Ore., writes—My wife has discovered that Snow Lintment cures "Poison Oak Poisoning," a very painful trouble. She not only cured a case of it on herself, but on two of her friends who were poisoned by this same Ivy. Price 25c, 50c and \$1.00. Sold by all dealers.

EDISON PHONOGRAPH

At home, in the evening, with an Edison Phonograph to make things lively—what better combination can be imagined? Stop and think of this, father of a family, on your way home, and then stop in and hear the Edison Phonograph and have one sent home. A very small preliminary payment will make it yours.
