

ALL RUN DOWN. Miss Della Stroobe, who had Completely Lost Her Health, Found Relief from Peruna at Once. Read What She Says:

MISS DELLA STROOBE, 710 Richmond St., Appleton, Wis., writes: "For several years I was in a run-down condition, and I could find no relief from doctors and medicines. I could not enjoy my meals, and could not sleep at night. I had heavy, dark circles about the eyes.

"My friends were much alarmed. I was advised to give Peruna a trial, and to my joy I began to improve with the first bottle. After taking six bottles I felt completely cured. I cannot say too much for Peruna as a medicine for women in a run-down condition."

Pe-ru-na Did Wonders.

Mrs. Judge J. F. Boyer, 1221 Sherman Ave., Evanston, Ill., says that she became run down, could neither eat nor sleep well, and lost flesh and spirit. Peruna did wonders for her, and she thanks Peruna for new life and strength.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles. A Salem Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Salem people testify to permanent cures.

W. C. Johnson, gardener, of 1021 Mill St., Salem, Ore., says: "I had the grip a year ago this September and I believe it left me with kidney trouble. At any rate I suffered with pain in the small of my back and aching at night. In the morning when I arose, I felt lame and sore and tired very easily and often felt languid. Occasionally there were attacks of headache and dizzy spells and often there were specks before my eyes. The kidney secretions were irregular and unnatural in appearance. The relief I obtained from Doan's Kidney Pills was very great. I felt better after taking the first box and I now feel in better health than for a long time. Every kidney sufferer should use Doan's Kidney Pills."

MAD RACE IN TRAIN TO ESCAPE FOREST FIRES

Seattle, Wash., Aug. 5.—Scores of refugees, telling sad tales of the terrible disaster caused by the fire that attacked Fernie B. C., and surrounding towns Saturday afternoon, and rendered 5000 families homeless, besides killing several, are beginning to arrive at Seattle from the stricken territory.

Exhausted, scantily clad and with three tiny tots clinging to them, Mrs. W. A. Pratt and her two daughters, Olive Pratt and Mrs. Jacob Leufkens, arrived today over the Great Northern. The women bring with them a tale of horror paralleled only by stories of the San Francisco disaster.

Mrs. Pratt had been visiting her daughter, Mrs. Leufkens, who lived in Fernie.

"We were packing clothes in the home," said Mrs. Pratt, "when, looking out of the windows we espied a cloud of smoke hanging over the mountains, which surrounded Fernie. Two minutes later we again looked out, and this time the mountain side was a raging hell. In seven minutes the town of Fernie was practically wiped out.

"After a vain effort to get away in a wagon, we succeeded in getting on a freight train which was standing at the Fernie depot.

"Owing to the fact that a passenger train was due shortly, the engineer of the freight refused to pull out, but was finally forced to do so at the point of a revolver in the hands of the sheriff. Then followed a mad ride through the burning country, where sparks were flying everywhere, and the very air seemed ablaze.

"A place of refuge was at last reached, but the train was compelled to run backwards and forwards, as the blaze died out in one place and flared up in another.

"We reached Cranbrook after a night of horrors, in which men broke down and women and children ran wildly about screaming for water."

Mothers, who had lost their children ran frantically about, and, to add to their horror, their end of the train caught fire. Spokane was reached the next day, and then the Pratt party came to Seattle. One of the children was barefooted, and all were burned about their faces and hands.

IS FIRST DEATH ON BIG FLEET MISSING LAUNCH APPEARS

SINGLE SHIPS LEFT PASSENGERS HAD A GOOD TIME HONOLULU

(By H. Lee Clotworthy, United Press Staff Correspondent, via Wireless to Suva, thence by cable to Vancouver.)

S. S. Battleship Georgia, at Sea, Aug. 4.—Albert E. Heisel, an ordinary seaman on board the battle ship Wisconsin, was the first man to lose his life on the voyage of the Atlantic fleet, and he died of love and not of war. He flung himself into the sea.

Heisel received a letter at Honolulu from his sweetheart in the "states." His friends say that he immediately became morose and wrote a long reply, which he mailed the day the fleet steamed away from the Hawaiian city.

Each day of the voyage his melancholy increased, but he carried his secret locked up tightly in his heavy heart, and never told of his disappointment, or the secret of his sorrow, further than to say that the letter was from a girl, and that it was "all wrong."

His fellows tried to cheer him up but without avail, and this evening he slipped out on the quarter deck and plunged, unnoticed, into the ocean, carrying his love letter and the love secret locked up in his broken heart to the bottom.

The fleet is now 1000 miles from Auckland, proceeding without incident, further than the daily maneuvers.

HOLD-UP MAN IS KILLED

Sand Point, Ida., Aug. 5.—"Big" George Fitzsimmons is today being hailed as a brave man by his friends, for putting a bullet through a lone hold-up man, who attempted to hold up four customers of the Horseshoe Bar.

The robber had been hanging around the place all evening, playing cards, and as soon as the place had only four men in it, he pulled out two guns and commanded them to stick up their hands, or he would shoot their heads off.

Fitzsimmons, who was standing in front of the saloon, sneaked in, grabbed his gun, and, looking around the cigar case, shot at the desperado and killed him. The bullet penetrated the heart, and death was instantaneous.

The robber was a man of about 40 years, and rather tall. He is said to have had plenty of money.

to make every change possible now that he has started revolutionizing the government.

The Young Turks demand that the older ministers be replaced by young, non-Musselmen of the Liberal party. They also require that the grand vizier be given full power to choose all the ministers, including the heads of the departments of war and marine.

An imperial irade announces the retirement of the minister of marine, but it is officially denied. Changes have been ordered. It is generally believed, however, that the changes will effect almost every member of the ministry. One rumor even says that the retirement of Said Pasha, the grand vizier, himself, has been demanded.

Is Terror Stricken.

London, Aug. 5.—The attempt on the life of Sultan Abdul Hamid, of Turkey, was confirmed today in dispatches received here from Constantinople. He was attacked Monday night, and since that time has not appeared in public.

He is reported to be in abject terror, and even in his own apartments in the palace he now goes heavily armed. His coat of mail is all that saved his life. The assassin's knife broke over his heart. Extra precautions are being taken about the palace, the already tripled guard has been multiplied by three again.

Sultan Reorganizes Entire Ministry

Constantinople, Aug. 5.—The entire reorganization of the Turkish ministry is expected immediately, following the announcement today of the successful mission of the Salonika committee, which came here to present demands of the Young Turks acting as an intermediary between the organization and the Sultan. The Sultan, it is understood, is anxious

A great cement plant is to be built in Portland—the first instance in America in which Portland cement has been manufactured in a city of that name. Portland and Salt Lake capitalists have organized a company with capital of \$1,200,000, and the limestone will be brought from Roseburg, where they own a tract of one hundred acres of choice rock.

Programme of sports will be unusually interesting, with the addition this year of the Swedish-Norwegian Sangerfest. Hon. George S. Shoyber, of Portland, has been made Admiral of the regatta and will give very special rates, and \$1 will be the fare by boat from Portland.

A German guard will receive permission for his ability in refusing to allow the Emperor, who was not recognized, having altered his make-up, to pass into a fort.
