**Too Much "Breeze."**  
 A "Breeze" wafted into town on Monday evening. This particular "breeze" was A. Breese Gibson, of Polk county. He comes from Newport, where he left some days ago. He says that the vacationists over there complained of too much "breeze," not A. Breese, but "C" breeze, during the week he spent there, and that he received a letter this morning from Newport, which was sent from there two days after he had left, which letter states that they are again enjoying good weather at the coast; that everything is calm and serene. Salem is again, it appears, on the eve of a little windy weather, but A. Breese assures us that the other breezes soon got to know him and settle down to accustomed life without blowing after he has been here a short time.

Mr. Gibson brings back with him from the coast, in addition to two very sore eyes from the "C breeze," two very valuable moss agates, one of which has petrified sea growth, which is very clearly outlined in the clear stone. This one is worth \$20. The second stone is smaller, but is extremely pretty and interesting. Being composed of several colors and strata of agate. Breese says he had a fine time at the coast, staying at the Abbey House; also that one week at a time is all his eyes would stand from overwork watching the bathers. He expects to go back in a week.

**BEAN LETS LIQUOR VIOLATOR OUT ON BAIL**  
 J. C. Wilcox, of Coquille, Oregon, after a long struggle, has finally been permitted to leave jail. Through an order of Chief Justice Bean of the supreme court, an order was made yesterday admitting him to bail in \$2000. Wilcox was leader of the liquor interests in Coos county, and kept the courts there busy. After the circuit court became weary of collecting fines from he was sentenced to a year's imprisonment for selling liquor to minors. He has now served over three months of the sentence, and, through his attorney, R. Citron, of Portland, succeeded in getting released from custody, pending the decision of the supreme court.

**BREATHING IS A BUSINESS FOR FAT FOLKS IN HOT WEATHER**  
 Watch a fat man or woman breathe this sultry season and you will see some earnest work. The air goes in with difficulty and it comes out with still more difficulty. Hot days are "busy days" for fat folks.

If you know one of these victims—help him or her. Tell him that exercise (which he wouldn't attempt) and starvation (which few have resolution enough to try) are not incumbent nowadays on those who wish to reduce. Tell him that a teaspoonful after meals and at bedtime of this: 1/2 ounce Marmola, 1/2 ounce Fluid Extract Cascara Aromatic and 3 1/2 ounces Sirup Simplex, has taken their place.

This pleasant home mixture, tell him, gets results on the fat itself without injury to the taker. It doesn't interfere with his habits, affect his meals, disturb his stomach, or even bother his pocketbook worth mentioning. If it be a lady, you can assure her that, furthermore, although it can remove a pound or more of fat a day, it does not cause wrinkles.

**AMERICANS REGAIN CONTROL OF BREWERIES**  
 New York, Aug. 12.—It was announced here today that the syndicate of English capitalists that acquired control of a number of important breweries in New Jersey 19 years ago, on a mortgage of several million dollars, has allowed the properties to revert to their original owners.

The original owners formed the United States Brewing Company and issued bonds in favor of the English syndicate. The properties were mortgaged to the Englishmen to secure the bond issue.

**SPECTACLES**  
 THE EYE HELPS IF RIGHT. EYE HURTERS AND HEAD-ACHE MAKERS, IF WRONG.  
 Who can prevent your having them wrong if you don't get them at the right place? Not the average spectacle seller. His business seems to be to get your nose harassed with a pair that strikes your fancy and opens your purse.

It is by knowing the optical business thoroughly and attending to it properly that we hope to build and keep a reputation.

**KETCHELL AND BURNS WILL PROBABLY NOT MEET**  
 San Francisco, Aug. 12.—Joe O'Connor, manager for Stanley Ketchell, middleweight champion of the world, today stated that he could not consent to accepting the terms laid down by Tommy Burns, as conditional to a match between the two fighters. Burns' manager, Jim Wren, wired from Melbourne last night to Jimmy Coffroth, the fight promoter, as follows:

"Melbourne, Australia.—Ketchell must first beat O'Brien. Burns will under your management."  
 (Signed) "JOHN WREN."

Coffroth is anxious to pull off the big fight, but O'Connor and Ketchell frown on the idea of a fight with "confessor" Jack O'Brien.

"Ketchell is not afraid to fight O'Brien," said O'Connor today, "but we look on Jack O'Brien as an old faker, and don't care to have anything to do with him."

**MARRIED ON BOARD WARSHIP**

Vallejo, Cal., Aug. 12.—Pretty little Mrs. Henry P. Bowen today declared that she was willing to stay at home and let her husband sail the seas, if she were allowed to visit the cruiser South Dakota when it is in port, and were treated as nicely as she was yesterday afternoon, when she became a bride on the cruiser's deck.

Mrs. Bowen bears the distinction of having been the first girl to have been married on the deck of the South Dakota, the fastest ship in the American navy. She was Miss Christina Rose Ralston, of San Francisco. Her husband is a seaman on the cruiser, and was especially honored by being allowed to have his marriage ceremony performed on the deck of the cruiser.

Chaplain A. A. McAllister, of the Mare Island navy yard, officiated at the ceremony, which was witnessed by a large number of officers of the ship and navy yard and their wives.

At the conclusion of the ceremony a wedding supper was served in the ship's cabin, which was decorated for the occasion by the ladies of the navy yard.

**BARON IS RESCUED BY GIRL**

San Rafael, Cal., Aug. 12.—Nobility, marooned ignobly upon an island of mud, was gallantly rescued by a society debutante of San Rafael, and today the incident is the chief topic of interest among the summer resorts.

Baron J. H. Von Schroeder, proprietor of the Hotel Rafael, with his friend, William O'Connor, was watching the progress of some dredging operations across a point of land near the hotel. So engrossed did they become in the work that they failed to observe that a narrow channel had been formed between them and the main land.

When this astounding discovery was made they were at a loss to know what to do until succor arrived in the person of Miss Lucille Wilkins, society belle and daughter of J. H. Wilkins, former director and prominent in state politics. Miss Wilkins was driving a spanking pony and a trim cart. Without a moment's hesitation she drove her equipage into the muddy water and bore the marooned gentlemen across in safety.

**PROTEST AGAINST CHARGES**  
 San Francisco, Cal., Aug. 12.—A group of San Francisco shippers today made formal protest before the State Railroad Commission, in session here, against the new plan established by the Southern Pacific and Santa Fe railroads for switching charges for placing carloads of freight on private spurs.

The commission yesterday endorsed the new method by which the transportation companies charge a rate of 25 cents a ton on all freight deposited on private sidings. The former rule was to charge \$5 a car for this service, but recently this was amended the present plan.

The commissioners yesterday stated that the new rule is more equitable than the old.

In this opinion some shippers do not concur, and they laid their objection before the commission today. Their chief objection is that the tonnage capacity of freight cars is continually being increased, and that the rate of 25 cents a ton amounts to more than \$5 a car, previously charged.

The matter was taken under advisement by the commission.

**FIFTY-EIGHT AUTOS BURNED IN FIRE**

Chicago, Aug. 12.—Fire destroyed the Coey automobile shop today, 58 cars being totally lost. The company estimates its loss at \$500,000. The cause of the fire is unknown, but once the flames had gained headway they found their way to the gasoline tanks, and then it was practically impossible to save the property.
