

More proof that Lydia E. Pinkham's Vegetable Compound restores women to normal health.

Mrs. Mattie Copenhaver, of 315 So. 21st St., Parsons, Kans., writes:

"For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness, and made me a well woman. Every sick woman should benefit by my experience."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat your letter in confidence and advise you freely. No woman ever regretted writing her, and because of her vast experience she has helped thousands. Address, Lynn, Mass.

Baseball Bookies Lose.

Chicago, Aug. 13.—Over \$100,000 has been recently lost in Chicago by the race track bookmakers who attempted to "make books" on baseball. For once in the history of gambling the "bookies" were beaten at their own game—the baseball lovers knew the game too well for them. It took just four weeks for them to learn that baseball would not lend itself to "the tiger"; they lost from \$1000 to \$15,000 each. Bookmakers, with racing stopped, were growing fat and seedy until the baseball field allured nine of them, veterans of many hazards. A unique system of giving odds to the betting "fans" was compiled and the boards showed a range of selection such as "8 to 5 against two clubs winning," or "4 to 1 against three clubs winning," or "8 to 1 against four clubs winning." Practically no bets were taken on single games but the selections, set forth with odds, were offered. The scheme seemed to present to the fans an opportunity to bet on eight teams and two leagues with a combination of 81 plays for the bookmaker. However, the fans, who knew all the teams and players' averages by heart, picked the winning teams. Saloons which took bets from the fans and telephoned them to the clearing house received a commission of 50 per cent. Gamblers who have made many a book on the great American derbies, have found that baseball is a "straight" game that cannot be "doped."

A reunion of pioneer fiddlers Every town has them, and if it occurs as anticipated there will be a sawing old time down in Portland. DO YOU GET UP WITH A LAME BACK? Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is apt to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospitals, work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CANADA HAS NEW POLICIES

Ottawa, Aug. 13.—Next month will see radical changes in the land policy of the Canadian government. The Oliver Land Act, which goes into effect September 1, will throw open to the public 28,000,000 acres of rich, arable land, in the odd-numbered sections of western Canada that are liberally intersected by a net-work of railroads, are adjacent to commercial markets and swarming with live, hustling townships, with well established police protection, municipal government, schools, churches and institutions essential for agricultural prosperity. While the "renter" and the man with limited loose cash is being given the opportunity of owning his own farm, unlike the procedure hitherto followed in granting free homesteads he is not asked to forego the advantages in settled districts and to go into the wilderness to fight the hard fights of the pioneer. Instead of this, the new instrument of the Canadian legislature gives the enterprising man free land situated near flourishing towns, offering all the advantages and conveniences of modern life.

In order to encourage railroad building in the Dominion, the government has given to the railroad companies 32,000,000 acres of land during the last few years and as a further inducement they have been left absolutely unfettered in the choice of locality and the time of selection, but recently were made to select their lands. The companies have taken full advantage of this generous provision and made a constant practice of leaving their grants in abeyance unless after closely watching the trend of immigration and settlement they could make up their minds as to what tracts of land would best serve their interests. The Laurier administration, ever since the year 1896 when it came into power, has followed a different line of action. It has chosen to help railroad construction by cash grants or guarantees and it increasingly pressed on the railroad companies to forthwith choose their land grants. Under the impetus of this policy at the end of 1907 the work of selecting land grants by the railways had been completed, thus leaving the Dominion government absolutely unhindered in throwing open vast tracts of valuable land for free homesteading purposes.

COFFEE

Insist on the roaster's name; never mind the country it grew or is said to have grown in.

Your grocer returns your money if you don't like Schilling's Best; we pay him.

Chicago Subway.

Chicago, Aug. 13.—Real work upon subway plans for Chicago has begun, preparatory work, however, for the subway task is a huge one, involving now the charting of every water and gas pipe, every telephone, telegraph, light and signal wire conduit in the down town district. Of these the city has no record whatever, and as the network of these pipes and conduits makes almost a solid mesh at the street intersections, so that one can walk across upon them when the paving is torn up, this phase of the preparatory work is intricate and daunting. Meanwhile the subways of eastern and European cities are being investigated by three experts who will seek to point out the mistakes made elsewhere as well as the admirable features. By this research work Chicago expects to excel New York in subway building and avoid the blunders which already are troubling Manhattan. It is expected that all the pipes and wires now in the streets will be ultimately placed in the subway the immediate need for which is for the relief of traffic congestion. The streets down-town have become badly overcrowded and at the present rate of population growth the conditions in ten years will be intolerable without an underground system of rapid transit.

Same old howl in Illinois: forty thousand Democrats voted the Republican ticket in order to nominate weak men.

Women with good complexions are never homely. Good blood makes good complexions. Lane's Family Medicine makes good blood. All druggists sell it for 25 cents.

A Summer Household Necessity

Dysentery, Diarrhea, Cholera Morbus, Cholera Infantum, Cramps, Colic and all Summer bowel complaints are rarely dangerous if there is a safe, quick-acting, reliable remedy immediately at hand.

DR. D. JAYNE'S CARMINATIVE BALSAM

Has for four generations been successful in curing these complaints. Its name has become a household word everywhere. It is the quickest and surest remedy known. Stops pain immediately, and almost invariably brings about speedy recovery. Never be without it in hot weather. Sold by all druggists—per bottle, 25c.

Jayne's Tonic Vermifuge—is a splendid tonic, after the weakening effects of dysentery, diarrhea, etc.

CHICAGO HAS TWO SENSATIONS

Chicago, Aug. 13.—The cream of Chicago's society—many rich and prominent women—have received a severe rebuke from Municipal Judge Gemmill who has appealed to their sense of duty to humanity by telling them to leave cats and dogs alone and help the poor and needy children instead. These society women have been spending money and time in ministering to stray cats and dogs and the walls and howls of the patios so distracted the neighborhood around the "hospital" that the residents resolved to air this fad of Chicago's "four hundred" in the courts, in a effort to secure peace and quiet throughout the hot days and long nights. Then the law took its course and 14 dogs and 10 cats were given the death penalty, though later given a stay of execution of one week. Mrs. Margaret Carter, manager of the refuge for crippled cats and homeless dogs, conducted the defence and received the scolding of the court on behalf of the aristocratic backers of the organization. "Care for the hungry, sick and maimed children of Chicago's poor first, and there will be little time left to waste on cats and dogs," said Judge Gemmill.

The settlement of the \$25,000,000 trust left by Otto Young of this city, one of the largest which has yet in the United States been tied up in trust, has been complicated by the arrival of a \$2,000,000 grandchild, Samuel K. Martin, Jr., who immediately became one of the richest babies in his own right in the world. His arrival, however, not only cost the six other heirs of the Young fortune his portion, a seventh, of the estate, but postponed the final settlement of the trusteeship for 21 years. He makes the seventh heir. By the peculiar provisions of the Young will the present fortune, with its accumulations, is to go in equal parts to the grandchildren, which puts, therefore, a big premium upon baby cousins of Samuel, Jr. Until the baby came the Martins had no claim upon the estate. The prospective share of Mrs. Celia Young Heyworth was decreased by Samuel's appearance from 25 to 22 per cent of the whole, that of Mrs. Catherine O. Young Hobart by the sum of \$350,000. Under the terms of the trusteeship the division cannot be made until the youngest grandchild has attained 21 years, and Samuel is the youngest Young. The results in this case will be interesting commentaries upon the growing disposition of wealthy men to trustee their estates, in much the same manner as Marshall Field did and many men in the east have done. What effect the certainty of great wealth will have upon the morals and health of the heirs and also what effect upon financial affairs the trusteeship of such big sums will have, probably will be well known by the time this \$2,000,000 baby receives his share of the Young fortune, if he does live to receive it.

Oregon Sienna Mineral Paint Co. W. Y. RICHARDSON, Manager

We are manufacturing forty-two Standard Tints and colors of Oregon Mineral Paint Ground in Oil and Guaranteed Strictly Pure, Durable and Satisfactory in every particular.

Salem, Oregon, June 19th, 1908. Oregon Sienna Mineral Paint Co., Mr. D. H. Weyant, president, Salem, Oregon. Dear Sir: It is the pleasure of the State Board of Agriculture officials to inform your company that after a thorough test of the paints furnished the board for the buildings on the State Fair Grounds that THEY HAVE PROVEN HIGHLY SATISFACTORY, and that we can recommend them to all parties requiring an A No. 1 article of Oregon production, which this board fosters. Respectfully yours, F. A. WELCH, Secretary. W. F. MATLOCK, President. M. D. WISDOM, Vice-President.

McMinnville, Oregon, April 2, 1908. Oregon Sienna Mineral Paint Co. Salem, Oregon. Gentlemen: In reply to your of recent date, will say that the Sienna paint that the state bought from you in the year 1908 (18 barrels) and about the same amount in 1907, to paint the Oregon State Insane Asylum buildings, has given entire satisfaction. Before we put this paint on, our brick walls sweat so badly we thought we would try cement on them to keep the moisture out, but our architect from Portland thought best to try some of your Sienna Mineral Paint. Since we put your paint on, it shut out all of the moisture and we have perfectly dry walls now. It is my opinion that there is nothing better than your paint for brick walls, and I take pleasure in recommending it to the public. Yours very truly, J. F. CALBREATH.

THESE PAINTS are used by the State on Public Institutions on their Merit and have stood the severest tests that can be applied.

APPLY BY MAIL OR PHONE, OR CALL AT FACTORY ON TRADE STREET BETWEEN CHURCH AND HIGH

This Paint is taken from the Mines in Lane county, and manufactured at Salem, Ore.

Population and Industrial Activity. 121,525; in 1751 the total number suggest the possibility that may be termed the drawing power of natural and industrial resources on population has culminated. They are justified at least in asking what influences upon increase of population, if any, are being exerted by the marvelous economic changes now in progress.—W. S. Rossiter in the Atlantic. Take Kodol whenever you feel that you need it. That is the only time you need to take Kodol. When you need it; then you will not be troubled with sour stomach, belching, gas on the stomach, etc. Sold by all druggists.

ALL OREGON WILL BE AT THE STATE FAIR

SEPTEMBER 14 TO 19, INCLUSIVE

They will find the grounds in better condition and more attractive than ever before. They will find many new buildings. All in all, they will see that Oregon has the best facilities of any state west of the Rocky mountains for holding a great fair. The increased cash premiums and specials will bring the greatest livestock show ever seen on the Pacific coast, and it will compare favorably with the best fairs of the east and middle west. Some of the best horses in the United States will be here to participate in the speed program. Some of the most attractive purses ever hung up for a western race meet will make each individual event worth coming a long distance to see. The counties will put up their best in trying to secure the prizes for the exhibits of their products. There will be special rates on all lines of transportation for passengers and special freight inducements for all exhibits. If you wish any particular information it will be cheerfully given by

W. F. MATLOCK, President Pendleton, Oregon F. A. WELCH, Secretary Salem, Oregon
