

SOCIETY'S DOINGS THE PAST WEEK

Birthdays Party.

The first birthday of Alvin Ackerman Hurton and Eleanor Rovena Eyre was celebrated Thursday afternoon at 3 o'clock at the residence of Mrs. Roy Barton. There were 20 babies present, of 25 invited, all Salem products, except Beatrice Lockhart, a young lady of the mature age of two years who is a visitor from Seattle. The Mesdames Lewis, White, Goss, Meyers, Forbes, Babcock, Lewis, Williams, Smith, Baker, Holmes, Post, McIntyre, Albert, Carter, Bamber, Graber, Minto, Lockhart, Freeland, Kelley, Dalrymple, Drager, Price and Edwards, chaperoned the party, as it was not considered advisable to allow such fast young people to go unattended. The collection of go-carts was the largest ever assembled on one lawn at a coming-out party of sweet but debutantes. Prizes for the prettiest were not attempted for fear of disagreement among any possible committee of judges. The boys had whistles and the girls were entertained with aquawalkers. Only three encounters took place and they were soon separated and penalized properly. The entertainment consisted of Mrs. Burton singing Eugene Field's "The Sugar Plum Tree," for which she was given the biggest kind of applause by crowing and hand-clapping. Refreshments consisted of Noah's ark cookies and for beverages most resorted to Dame Nature's fountains.

All behaved pretty well, except that some were asleep upon arrival and some took naps after refreshment. The invited guests not already named were: Margaret Lewis, Ivan Bestis White, Earl Goss, Deryl Franklyn Meyers, Edward Lewis, Alberta Forbes, Edith Babcock, Winston Williams, (age two weeks, and not able to attend), Robert Smith, Howard Everett, Wm. Alfred Carter, Virginia Albert, Cordonia McIntyre.

This list of 25 babies (all first-born but six) and their proud mothers were gathered up in one neighborhood.

Social Life at Newport.

The last of this week saw some rainy weather at the Newport beach but the signs now are that it is over and the pleasant September weather is ready to set in. Many enjoyed the pleasure of surf-bathing in the rain Wednesday, and all declared it the finest of the season.

Mr. and Mrs. J. M. Nolan, with their daughters Mary and Gertrude of Corvallis are at the Damon, Newport claims them as regular summer visitors.

Mr. and Mrs. Harry Albert, Mr. and Mrs. Chas. McNary, and Mayor and Mrs. Geo. Rodgers, all of Salem, are spending a short outing at the beach.

Gall Damon of North Yakima, Washington, is the guest of his parents at the Damon.

Mrs. L. T. Clarke of Portland has been a several days' guest at the Nelson cottage.

Mr. and Mrs. J. D. McCulley of Hood River are spending their vacation with Mr. A. M. Crane in the Croasman cottage at Olesonville.

Mr. and Mrs. Shaw of Albany have one of the coziest tents at the beach overlooking the bay and the Yaquina bar. Mr. Shaw has a position with Huxton and Smith for the summer. Ivan Shoemaker arrived Tuesday for an outing.

Professor and Mrs. C. A. Burdon of Eugene passed through Newport last week. They are walking from Newport to the Siuslaw river and from there will take the stage to Eugene.

President Kerr of O. A. C., and family, are spending some time at the beach.

Mr. and Mrs. C. B. Moores and son Chester arrived Thursday to spend several weeks in their Nye Creek cottage. They were visited a few days by Dudley Clarke of Portland.

Miss Grace Langdon of Albany assisted by Mrs. Langdon entertained a number of her friends Sunday evening at her new summer cottage. The guests were treated to a very enjoyable chafing dish supper while gathered around the large open fire place, which is a feature of the Langdon cottage.

A launching party spent a very pleasant day last Monday on the Yaquina river. The launch "Lady Marie" of Tacoma was chartered for the day and made the run of 22 miles, from Newport to Elk City, in two hours. A chicken dinner had been ordered beforehand at the Elk hotel after which a few hours were spent in sightseeing and then the re-

turn to Newport, where they arrived about 5:30. The party was composed of the Misses Frances Nelyson, Grace Langdon, Willetta Wright, Mrs. E. D. Cusick and small son George, Mrs. Langdon and Mrs. H. A. Nelson of Albany, Mrs. E. Hofer of Salem and Mrs. L. Z. Clarke of Portland, and the Messrs. Chester Moores, Dudley Clarke, Doctor Leonard, Mr. H. A. Nelson, Joe Patterson and Lawrence Hofer.

Miss Willetta Wright entertained a number of her friends at the Wright cottage after they had all been to the skating rink last Tuesday evening and all enjoyed the delicious chafing dish supper which she prepared.

When you need a cough cure you need one that will cure your cough. Kemp's Balsam, the best cough cure, will do it. All druggists sell it for 25 cents.

O. R. & N. COMPANY AGREES TO MAKE REFUND

In answer to the complaint of F. M. Walte of Lebanon, who recently made a shipment of stock from Plainville to Portland, and who was charged full fare on his return trip, Attorney W. W. Colton, of the O. R. & N. company, in a letter to the Railroad Commission yesterday morning, stated that the fare collected from Walte should be refunded, since he had paid the charge on two single deck carloads of stock.

Cotton stated that there had been considerable trouble over the ordering and delivering of stock cars. The railroad company at present has no double decked cars such as are generally used for stock shipments, and when a double decked car is ordered it has been the custom of the company to furnish instead two single decked cars at the same price as one double decked. If, however, single decked cars are ordered the regular price is charged, the price of two single decks being considerably higher than one double deck. The rental of one car entitles the shipper to full fare from the shipping point to the destination, and the rental of two or more cars entitles him to full fare to destination and return.

Muscain a Favorite.

(United Press Leased Wire.) San Francisco, Aug. 15.—Terry Mustain is today a favorite over Joe Willis for their fight tonight at Billy Roche's Colma pavilion. Odds this morning were 10 to 6 against the Vallejo man.

The winner of tonight's bout, which is scheduled at 20 rounds, will probably have a chance at the winner of the Flynn-Kaufman fight, and the fight fans are looking for some hard slugging.

Mustain handled himself well when he beat Jack (Twin) Sullivan at Gold field, and is in good shape.

Building Contractors, Attention.

Bids are invited for the construction of Eaton Hall, at Willamette University, Salem, Oregon.

Building is about 65x150 feet in size and three stories high, built of brick with stone trimmings. Furnace blast heating and ventilation, sanitary plumbing.

Bids will be filed with Ameda M. Smith, in the office of Western Clay Manufacturing Co., Fenton building, Portland, Oregon, up and until 10 o'clock a. m., Tuesday, August 25, 1908.

Plans and specifications can be procured at office of Western Clay Mfg. Co., Fenton building, Portland, Oregon; office of A. A. Lee, Salem, Oregon; A. E. Eaton, Esq., Union, Oregon, and the architects of building, J. E. Tourtellotte & Co., Boise, Idaho.

Heating will not be let in general contract, but bids for heating filed and opened at time bids for general contract are opened.

A certified check in the sum of \$1000, made payable to Ameda M. Smith, trustee of Willamette University, filed with each bid submitted on general contract, said amount forfeited if bidder refuses or is unable to enter into a contract and furnish a good and sufficient bond in the sum of \$25,000 within two weeks after being notified he has been awarded the contract.

Building committee reserves the right to accept any or reject all bids. S-13-1f

No medicine has ever done more towards warding off grip and pneumonia and relieving distressing grip cough than Kemp's Balsam, the best cough cure.

CIRCUS DAY SOON HERE.

Indications Point to Crowded Tents Day and Night.

Everybody is talking about the circus. Scarcely if ever, has the coming of a circus to Salem created the genuine pleasure that is centered in the engagement of the Barnum and Bailey Greatest Show on Earth. It is the first opportunity the public has had for many years to witness a parade such as this circus used to present, and the prospect of once again looking upon a Barnum and Bailey street pageant is one to be thankful for.

The parade has been re-established on a scale of excellence not attempted in the past. It will leave the show grounds in the forenoon at 10 o'clock and follow the usual route. The feature that is creating them most talk is the death-inviting act, "Autos that Pass in the Air." It is a performance so thrilling and so dangerous that few can look upon it.

Other prominent acts are those of the four Fassios, equilibrists; the Yllorom sisters, rolling-globe acrobats; the Florenz troupe, gymnasts; Sylo, an aerial contortionist; Mary and Petrof, with a company of trained animals; Robert Dohn, who lifts an automobile and occupant by his teeth; Le Clown Moustier and his animal comedians; the three Menstines, with clown dogs and monkeys; the Fredianis, horseback acrobats; Prof. Wormwood and his trained ant-eater; the Pachecos, Dollars and Les Jardys, acrobats, and the wonderful Viennese troupe of aerialists.

Not one of these artists has been seen in America before. There are other European acts new to this country, and the American contingent is the pick of the profession. The show is in new dress and the extensive equipment has all been rebuilt in European workshops.

Notice.

Notice is hereby given that on order of the county court of Marion county, Oregon, the following warrants outstanding against Marion county issued seven years prior to July, 1908, will be cancelled and

Menagerie Babies Very Attractive.

A colony of animal babies is one of this year's features in the menagerie of the Barnum and Bailey Greatest Show on Earth. In its various jungle and forest mothers with their interesting families about them are displayed in dens and cages. The menagerie is the largest that ever traveled.

DALLE'S MELON CROP POOR— OTHER FRUITS PLENTIFUL

Because of the late and backward spring, the melon crop of The Dalles and vicinity this year will not be up to the standard as to quantity, though the quality is excellent. Watermelons, a sample of which was brought in by C. L. Hazen of Dry Hollow, Monday, are said to yield not to exceed a half crop. Cantaloupes are yielding better, though they are not so prolific as last year. Both products are from two to three weeks later than common. Ordinarily water melons begin to appear in the local markets about August 1, this year August 10 marked the first showing of the local product. Cantaloupes, which generally ripen from one to three weeks before watermelons, are also late, and did not appear until about August 1 this year.

F. W. Schloth, fruit and vegetable buyer for the E. C. Pease company gives the following summary of the fruit and vegetable outlook from the dealer's point of view:

"Though the fruit outlook generally, is bright, judging from the product already marketed and from reports made by the farmers, I cannot say this of the melon crop. Of course, there will be plenty of them for home consumption and already several big shipments of cantaloupes have been sent to the Portland markets, but, comparing the yield one year with another, that of this season is considerably below par. We

received our first consignment of local water melons Monday from C. L. Hazen of Mill Creek, and while the quality is fair to good, the yield is short because of the backward spring. The recent warm weather has done much to overcome these adverse conditions, and this alone is responsible for so large a crop as will be marketed. Mr. Hazen says he will have not more than half a crop. Others who bring in similar reports are A. Sechler, J. D. Riggs, R. E. Williams and Roy Hill.

R. D. ALLEN,
County Clerk.

payment thereof refused unless presented for payment within 60 days after July 1st, in accordance with provisions of Sections No. 2632, 2633 and 2634, Bellinger and Cotton's Codes and Statutes of Oregon.

New Liver's
exchanged for
Old Ones

Sounds funny doesn't it—but it's true. You can get a brand new liver—just as active and healthy as a liver can be—by the simple process of taking an occasional NR tablet according to directions. And when you have the new liver it means that all the ailments that came from the old one—such as constipation, biliousness, sick headache, indigestion, dyspepsia, stomach trouble, rheumatism, malaria, chills and fever, pimples and bad complexion will disappear.

Take an NR tablet to-night and you'll feel better in the morning.
