BOOSTING WESTERN OREGON

COOS BAY HARBOR MOB LEADERS ARE CONGRESS

A big western Oregon boosting campaign is to be started next Wednesday in which good roads, waterways, deep-sea harbors and breaking up large land holdings are to have equal share of attention. Among the purposes of the campaign is to secure interest in the Coos Bay Development congress advertised as to be held to come off the 24th and 25th of August. A delegation of ten will leave Salem, and among them are men of ability. Meetings are to be held at Albany, Corvallis, Eugene, Medford and Astoria.

RIOTERS MUST PAY PENALTY

MOB LEADERS ARE ARRESTED

(United Press Leased Wire.)
Springfield, Ill., Aug. 17.—The rioters who have held this city in a reign of terror since Friday night in a bloody race war and were only checked by the presence of more than 3000 soldiers, are thoroughly awed today at the prospect of swift and rigid punishment for the leaders. The realization that someone must pay for the lawlessness and crime, struck home with a sudden jolt, and some of the most vicious in their attacks upon the blacks today.

HAINS AND BROTHER IN COURT

FOR THE MURDER OF W. E. ANNIS

(United Press Leased Wire.)
New York, Aug. 17.—Ashen pale, with white lips, but without the slightest other outward sign of nervousness or excitement, Captain Peter C. Hains, Jr., United States army, and his brother, T. Jenkins Hains were arraigned in the Long Island city police court today on the charge of murdering William E. Annis, advertising manager of Recreation and Captain Hains shot to death Saturday Burr McIntosh's Monthly, whom on the float of the Bayside Yacht club.

BENSON IS ON VERGE OF DEATH

OPERATION IS ONLY RESORT

Portland, Or., Aug. 17.—Secretary of State Frank Benson, now in San Francisco, is to have an operation performed for cancer of the stomach as a last resort to save his life. His condition is so serious that grave fears are entertained as to his recovery, despite the proposed surgical operation. A close personal friend of Benson was in Portland Saturday and announced that a telegram was received from the bay city Friday containing the announcement that preparations were being made for an operation and that the chances for recovery were doubtful.

SIXTEEN-MONTHS-OLD TOT FALLS INTO MILL RAGE

Little Ruth Homan, daughter of President Homan of the Willamette University, was drowned this morning at 10 o'clock in the mill race just opposite the athletic field of the university.

Just how the sad accident occurred is not known, but it is presumed that while the little girl was playing "hide-an'-seek" with several other small children in the enclosed field back of the college of music, she went up in the grandstand to hide, leaving the other children on the athletic field, and in some way fell into the swift running water directly under the grandstand and drowned.

The last seen of her she was in the building, and when her playmates found that she had disappeared, they began a search and not being successful in locating her, went to the college of music and notified the matron, who at once telephoned to Dr. G. V. Ellis, who in turn notified the police, but no trace of her whereabouts could be found until a phone call came in that she had been taken out of the race on High street near the Oregon Electric Railway bridge.

George Lewis, an operator at the Southern Pacific depot, was the first to get sight of the body. While passing down Church street Lewis saw the two tiny feet of the girl floating under the Church street bridge, but not before it was too late to grasp them, and he ran to High street where he was just in time to catch the body as it was passing under the railroad bridge at that point. The Southern Pacific switch crew was by this time on hand to help take the little body from the water. Dr. Robertson was called as soon as possible and worked over the child for some time, but to no avail.

Dr. Homan is at Payette, Idaho, attending the Idaho state conference. Friends of the family have been endeavoring to notify him of the accident, but up until noon they had not been able to reach him either by telephone or telegraph. It was Dr. Homan's intention to visit several other points in eastern Washington and Oregon, and it is possible that he has already left Payette. Mrs. Homan, who is the mother of a child born a week ago, is confined to her bed.

The Store That Saves You Money

The brothers, who belong to one of the most prominent families in the army, were brought into the courtroom manacled together. The handcuffs were removed after they were in the courtroom. Hundreds of persons had gathered to witness the arraignment and the crowd was so great the officers had trouble making way for the prisoners to enter.

The hearing came to a sudden termination after a whispered conference between Ira G. Darrin, district attorney for Queen county, and W. E. Percy, who appeared as counsel for the defendants.

The magistrate ordered an adjournment until next Monday. The brothers then were handcuffed again and led back to jail.

All the principals declined to talk. The proceedings were brief. The Hains brothers seemed grimly determined to face the consequences of the shooting which they consider was necessary to uphold the honor of the family.

District Attorney Darrin today declared that he had sought murder indictments against both the brothers and that in his opinion both should be tried on the charge of murder in the first degree.

Captain Hains believed Annis had been the cause of the trouble between him and Mrs. Hains and alleged that Annis had betrayed her. T. Jenkins Hains, with drawn revolver, held the crowd back, while Captain Hains killed Annis. The district attorney holds that under the law they are equally guilty.

On account of the prominence of all participants, the case has aroused the greatest interest and there is no doubt that the trial will be dramatic, as well as sensational.

The Hains brothers evidently considered well before they decided upon killing Annis. They have accepted their incarceration as they fully expected it. They finched today at the idea of being handcuffed but only momentarily and they walked with their heads high in the air and their jaws set.

Seldom has any court seen two such prisoners. They apparently are entirely convinced of the justness of their cause and are willing to submit to whatever decision may result, though they are facing the charge for which the penalty is death and they have in effect already based their case upon the unwritten law they are calm and cool.

It is understood that Mrs. Peter C. Hains, wife of the captain, is in New York with her mother, Mrs. Charles H. Libbey of Winthrop, Mass., but all efforts to find her have failed. It is

believed that she is in hiding and will try to avoid notoriety in connection with the case. Captain Hains recently filed suit for divorce from her, naming Annis as co-respondent.

STEAMER BLOWS UP

Grand Rapids, Mich., Aug. 17.—It is reported here that the boiler of the small lake steamer Leslanaw exploded on Carp lake today killing one person, fatally injured two others and throwing others into the lake.

The report received says that Mrs. Isabel Labenta of Traverse City was killed instantly and that two others were fatally hurt. At least two are missing out of over 50 passengers aboard the steamer.

ASK LANGDON TO PROSECUTE BARRIERS

San Francisco, Aug. 17.—District Attorney Langdon today was presented with a copy of a resolution adopted by the depositors of the Market street bank at a meeting yesterday, calling upon him to immediately begin the prosecution of officials and directors of the suspended institution.

Langdon was scored by several persons at the meeting for his alleged inactivity of the decision of the bank's affairs. The resolution demanding immediate action by the district attorney was adopted unanimously.

NEGRO SHOT IN LOS ANGELES

Los Angeles, Aug. 17.—Efforts are being made today to save the life of Charles Scott, a negro, who was shot five times last night by Sidney Johnson, a white man. Johnson admits shooting the negro, who had long been his enemy, but says Scott attempted to draw a revolver. After shooting his man Johnson went to the Sista club, near H. Libbey of Winthrop, Mass., but all efforts to find her have failed. It is

SHERMAN NOTIFIED TOMORROW

(United Press Leased Wire.)
Utica, N. Y., Aug. 17.—This city is elaborately decorated in preparation for the notification tomorrow of James S. Sherman of his nomination as the Republican candidate for the vice presidency. Congressman Sherman, who was taken ill soon after the Chicago convention, is in good health now and there is every indication that the ceremonies tomorrow will be entirely successful.

Nineteen guns will be fired as a salute at 7 o'clock in the morning and from that time the celebration will be on. The small boy of Utica will have as much fun as he did on the Fourth of July, as fireworks will form a big feature of the program. Republican marching clubs from various cities, with several bands, will march to Sherman's home at 11 o'clock.

Senator Burrows of Michigan will make the notification speech and Sherman will reply, announcing his determination to support the policies of Taft. Crowds are already arriving and it is expected the city will be thronged tomorrow.

GIRL TRIES TO DROWN HERSELF

Redondo, Cal., Aug. 17.—Kitty Geary, a Los Angeles girl, is in a precarious condition after two attempts to kill herself while in a frenzy which the police say was caused by drugs administered while she was in the company of Fred G. Viruly, who is in jail here accused of forgery.

Viruly and the girl were returning to Redondo last night, after having spent the evening together, when the man was arrested on a forgery charge. The girl accompanied Viruly to the station but shortly after her arrival there apparently became maddened. Calling an officer aside she dashed upon a wharf and jumped into the ocean. Two officers followed her and plunged into the water and rescued her from drowning.

Upon regaining the wharf she fought the men viciously in an attempt to again seek death in the water. She was taken to the home of friends, where she sunk into a comatose condition from which she has not yet been fully aroused.

HARRIMAN PAY SOCIAL VISIT

Klamath Falls, Or., Aug. 17.—Mrs. D. M. Griffiths, proprietor of the Pelican Bay hotel, has not yet re-

covered today from a neighborly visit paid here yesterday by E. H. Harriman, railroad wizard, who surprised her by rowing over to her hotel with his wife, yesterday and making a social call. Harriman is throwing down all barriers that money and power have built around him on Wall street and is meeting the people here on an equal footing.

Yesterday the magnate of transportation and his wife got into a small rowboat at Pelican Bay Lodge, Harriman summer home, and rowed across the lake four miles to Mrs. Griffiths' hotel.

Mrs. Griffiths went down to the wharf when she saw the boat approaching and asked if the party desired accommodations at the hotel. "Our name is Harriman," replied the railroad king, "and we are neighbors of yours. We have come to pay a friendly call and to see your place."

Mrs. Griffiths recovered her equanimity as best she could and showed the Harrimans over the place. They stayed an hour and chatted with their hostess.

The Harriman boys are out in the woods after big game with one of the best guides in the country.

SPECIAL COURT TO TRY JAP POACHERS

Seattle, Aug. 17.—Cable advices from Valdez today state that 75 of the alleged Japanese seal poachers captured from the Kinsai Maru and the Saki Maru off St. Paul island, July 22, have been taken to Unga by the revenue cutter Bear. The Bear has sailed for another batch of the Japanese as all could not be brought at once.

United States Commissioner Driffield has ordered 25 of the men held over to the federal grand jury for trial. Assistant United States District Attorney Bay has left Valdez for Unga under orders from the state department. A special court will be convened at Valdez to try the alleged poachers.

Two gunboats and five revenue cutters are patrolling the seal island district this year.

The Linn County Horticultural Society is planning to get the co-operation of shippers and have a uniform fruit packing plan, for which expert packers will be hired. Albany is planning an apple fair. The date is not yet settled.
