We can put speech and song into its mouth too—the newest, latest and best records are here in great variety.

OREGON DEVELOPMENT —RECORD OF WEEK

Anticipation fell short of the actual attendance and success of the Oregon Good Roads Conference held at the Portland Commercial club on the 12th. From every corner of the state came men having the vital interests of Oregon at heart. It was decided to immediately undertake the raising of \$10,000 for an intensely active campaign. Judge Llenel R. Webster of Multnomah county, and Judge John H. Scott of Marion county will lead in this work, devoting their entire time to it.

Rain was never more grateful to Oregonians than the showers of last Wednesday and Thursday, and messages from practically the whole state join in the thanksgiving. The danger from forest fires in the wooded sections has been greatly reduced as a result.

Four hundred thousand feet of lumber were bought by Swift & Co. this past week for use on their townsite near the plant now being built. Twenty-five dwellings will be started immediately, some quite pretentious for the officers of the company. Hundreds of smaller homes will go up as rapidly as practicable.

Hon. C. J. Blanchard, of the U. S. Reclamation Service, is in Oregon and will spend 30 days inspecting the various government irrigation projects. He reports such a mass of inquiry at his home office that the clerks are scarcely able to answer intending colonists.

Poultry is to have its due recognition at the state fair in September. Over \$500 in prizes is offered and the interest may be judged from the fact that already over one thousand entries are booked. Poultry means almost \$5,000,000 to Oregon annually.

Eagle Valley, in Baker county, is planning a "Harvest Home Picnic" for the 3rd and 4th of September. The whole county will join in the holiday—the very name of the event guarantees enjoyment.

Secretary W. L. Crissey, of the Oregon State Dairy association has been advised that Hon. Ed. H. Webster, chief of dairy division, U. S. Department of Agriculture, is contemplating a trip to the Pacific coast to participate in the convention of the Oregon association December 10 and 11.

OREGON WEATHER FOR THE PAST WEEK

The mean temperatures for the week were slightly above normal in the western portion of the state, while in the eastern counties they were considerably above the normal. The afternoon temperatures were unusually high over the entire state, as were also the night temperatures in the eastern portion, but in the western counties the nights were rather cool. The high averages of temperature were due to uniformly warm weather, there being no extremely high temperatures reported except in Umatilla county, where the afternoon temperatures ranged from 100 degrees to 104 degrees on the 4th, 6th and 8th. In the western counties, except near the coast, the maximum temperatures on those days ranged between 84 and 92 degrees. The week closed with cooler weather in the western counties. There was very little wind during the week, and its prevailing direction was from the west and northwest. No rain fell during the week over the entire state, except very light sprinkles in Baker county on the 5th, and the period without rain has now lasted 25 days in most counties and in some localities much longer. The continued dry weather has caused the forest fires to increase, and more or less smoky conditions are reported from nearly all sections of the state, the smokiness being quite pronounced in Hood River and Wasco counties.

Newport, Lincoln county, Jno. E. Matthews.—The weather during the past week was warm and dry, with winds from the northwest.
Port Orford, Curry county, E. W. Jensen.—Northwest winds, with much clear sky and no rain, characterized the weather for the week.

A Faithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use.
