SALEM, OREGON, TUESDAY, AUGUST 18, 1908

NO. 204

JAMES S. SHERMAN FORMALLY NOTIFIED JOSEPH MEYERS ARRESTED ON SON'S WARRANT IS RELEASED

STANDS WITH TAFT ON ISSUES; KEY-NOTE OF ACCEPTANCE

(United Press Leased Wire.)
Utica, N. Y., Aug. 18.—James Schoolcraft Sherman was formally notified by Senator Burrows of Michigan at 12:30 o'clock today of his nomination as the Republican candidate for the vice presidency and in a rousing speech of acceptance, declared his support of every statement by William H. Taft, the presidential candidate, at Cincinnati.

It was a great day for Utica. At 7 o'clock this morning the celebration began with the firing of 19 guns in a salute. The city was crowded with thousands of visitors who arrived all day yesterday and last night. The local committee had raised \$15,000 by popular subscription to be used in the celebration. The decorations were the most elaborate ever seen here. With evergreens and bunting, the thorough-

fares leading through the city to Sherman's residence on Genesee street were made avenues of beauty.

The weather was ideal. At 9:30 o'clock the parade of the police and fire departments, gaily decorated, began. At 11 o'clock the notification committee in autos, escorted by 400 members of political clubs, started from Boggs square for the residence. The parade was led by a massed band of 125 pieces. Secretary of State Elihu Root and President Striker of Hamilton college, were prominent figures among the notable in the automobiles. The great crowds swarmed along the streets, cheering and setting off fireworks.

When the residence of Sherman was reached, his appearance was the signal for prolonged applause and

FURTHER SCANDALS IMMINENT

TO BE EXPOSED AT HAINS TRIAL

(United Press Leased Wire.)
New York, Aug. 18.—Every hour brings new sensations in the case of Captain Peter C. Hains, who killed William E. Annis Saturday night, and today the military post at Fort Hamilton is shivering with fear at impending exposures.

Other Tragedies Expected.
"The killing of Annis by Hains was expected by every army officer at Fort Hamilton," said an officer stationed there today. "The worst of it is that at any time two other tragedies of the same sort may occur as the result of orgies which have disgusted every decent officer here, and of which one feature was the explosion of Mrs. Hains and Annis from the fort after the captain's return from the Philippines. Every officer in the fort Area's the inquest tomorrow night and fears the exposures that are practically certain to be made. The decent officers and their wives naturally dread the revelations which certainly will result in wholesale transfers from this post."

M. J. Rowan today told how he and Lieut. M. P. Andrews prevented Captain Hains from killing his wife with a revolver, which he had pressed against her head. He said they heard a woman's screams and rushing into the Hains' house found the captain clutching his wife's throat. Rowan said Andrews snatched the weapon from Hains' hands and that Mrs. Hains screamed: "My God, Pete, don't shoot! I can't die now! Let me go!" Rowan said Hains told Lieut. Andrews what Annis had done and swore he would kill him, saying: "That man Annis, who I thought my friend, has wrecked my home. She has confessed. Wait till I get that cur, Annis!"

The Rev. Dr. Houghton today said:

"Annis knew that he was paying with his life for a wrong he had committed. He told me things which I have yet told to one one. I will tell them to the coroner's jury. I say nothing against Annis. I only say that he knew Hains had a grievance against him."

EUREKA VISITED BY QUAKE

NEARLY AS BAD AS 1906 SHOCK

(United Press Leased Wire.)
Eureka, Cal., Aug. 18.—An earthquake shock almost as severe as the one of April 18, 1906, but not of such large dimensions, shook this city at 2:58 o'clock this morning. It seemed to come from the west and was what is known as a "twister." No one was injured, but considerable damage was done. A second and lighter shock was felt at 5:30 o'clock. Chimneys were thrown down and people rushed from their homes in fright when the first quake shook the city. The courthouse was damaged most by the shake. The right arm of the statue of Minerva, carry a spear, was twisted off the statue on the dome. The spear crashed through the roof of the building and into Judge Hunter's courtroom.

The statues on the north side of the building were shaken off and bricks and plaster were loosened and fell to the ground. Plate glass in the business houses was cracked.

ROASTS AMERICAN CATHOLICS

POPE FEARS THEIR TENDENCY

(United Press Leased Wire.)
Geneva, Switzerland, Aug. 18.—A sensation was caused in church circles here today by the story that displeasure at the pope's refusal to view favorably the immediate elevation to the cardinalate of Archbishop Farley of New York is the real reason for his departure from Rome of Cardinal Gibbons and Monsignor O'Connell. Gibbons is reported to have urged on his holiness the desire of Americans Catholics that Farley be elevated and to have pointed out with some fervor the present disproportion in favor of Europe against America in the granting of favors by the vatican.

The pope is said to have been unyielding and to have replied to Cardinal Gibbons' remark with heat declaring that he feared the modernistic trend of American catholicism. The pope is said to have answered that the American demands might be granted later.

All efforts to get official confirmation of the tilt between the American cardinal and the pope have failed. Inquiries addressed to the vatican by church authorities here today elicited the reply, "the Americans merely finished their visit."

Cardinal Gibbons and party are inaccessible. They have left Lucerne enroute for Brunnen and cannot be communicated with.

MERCHANT FREED ON OWN WORD

TO HAVE SANITY TESTED

(United Press Leased Wire.)
Portland, Aug. 18.—Joseph Meyers, 70 years of age, and a wealthy merchant of Salem, Or., whose plans to make Mrs. Zenaide Du Rette, of Portland, his wife yesterday were rudely upset by his two sons, who caused their father's arrest on the charge that he was insane, was released on his own recognizance today by court action.

The aged merchant promised to reappear in court this afternoon to be examined by the judge, and an expert alienist. He said he would have been married after his release today if it had not been for the fact that he is just now more interested in the proceedings to determine the state of his mind, than in matrimony. But Meyers declares that he will marry Mrs. Du Rette in spite of the efforts of his two sons, Henry and Milton, to prevent him from doing so.

Meyers was standing at the desk of the marriage license clerk waiting for the important piece of paper when the sheriff touched him on the arm and imparted the surprising news that he was under arrest on a charge of insanity preferred by his two sons. For a moment Meyers was perplexed. Arrangements for what was to have been the wedding supper had been made at the Portland hotel and Mrs. Du Rette would be there. He thought hard and finally contrived a scheme whereby a deputy sheriff might accompany him to the feast. The sheriff agreed to the plan, and a third plate was laid for Deputy Sheriff Harry Bulger.

All efforts to see members of the family in this city have proved futile, as most of them are away, and the others profess to know nothing of the trouble.

The Store That Saves You Money

RACE RIOT NARROWLY ARRESTED

Chicago, Aug. 18.—The police by quick action here today prevented a riot by quelling a battle between white teamsters and negroes. The trouble started when the teamsters jered at the negroes about the Springfield riots. The blacks began throwing bricks at the white men and a fierce fight was under way when the police arrived. Reserves were called out and order restored. The only person seriously injured was a detective who was struck on the head with a heavy bottle. No arrests were made.

Condemn Mob's Work.
Springfield, Ill., Aug. 18.—At a joint meeting today of the chamber of commerce, represented by 800 members, and the business men's association, strong resolutions were adopted denouncing the rioting and assuring the officials of sympathy and support in the prosecution of the offenders.

Governor Deneen was commended in highest terms for his manner of handling the situation and the quick and decisive action. The business men went on record as strongly approving the demand of the governor that the leaders of the mob be prosecuted. Deneen says that there is evidence sufficient to send at least 100 men to the penitentiary.

At the meeting there was no indication of sympathy or inclination to condone the acts of the rioters, looking toward the deportation of the negroes. From unanimity of sentiment among the business men, it is apparent that the mobs were made up of the more irresponsible class.

The city today is as peaceful as if nothing had happened. The 5000 soldiers are in complete control of the situation. Last night there were a few minor outbreaks and several mobs were fired at by soldiers but no one was hurt and no arrests were

BENSON DENIES ILLNESS

(United Press Leased Wire.)
San Francisco, Aug. 18.—Secretary of State Frank W. Benson of Oregon, who is in this city spending his vacation, today denied reports that he is critically ill. He explained that he is undergoing treatment for an old affliction but his condition is in no way serious.

A female detective of the Hurst agency (a private concern) in Los Angeles has confessed to swearing to a warrant charging Fred Yockey, vice president of the Western Federation of the miners' union at Randburg, Cal., with plotting to blow up a mine, for the purpose of breaking

YOUTHFUL WRECKERS IN PRISON

Santa Rosa, Aug. 18.—For attempting to wreck a train on the Northwestern Pacific railroad, two small boys, Henry Fehler, aged 11, and Austin Davis, aged 10, were brought before a magistrate here today. The youths were also charged with hurling rocks through the windows of the passing train.

Just before the Camp vacation special from San Francisco was due to arrive here, the boys placed an iron rail across the track on a curve outside the city limits. Fortunately the engineer saw the obstruction in time to bring his train to a stop, thereby preventing a wreck that undoubtedly would result in fearful loss of life, as the train was crowded with many passengers.

Blackening their faces the lads waited for the train. As it slowed down at the curve they hurled stones at the windows of the cars from a place of concealment. Several windows were broken and passengers were cut by flying glass.

A large rock struck Mrs. T. J. Roche of San Francisco in the face, causing painful injuries. H. A. George was cut by flying glass.

The young desperadoes were caught by J. A. Rosenheimer and placed in jail. When questioned in court this morning they declared they had no idea of the peril of their act and did it only in fun. The elder boy will probably be sent to the

BAY CITY SUFFERS FROM FIRE

San Francisco, Aug. 18.—Fire last night in the shopping district of Van Ness avenue between Post and Geary streets destroyed property valued at \$200,000 and almost cost the lives of two women who were marooned on the upper floor of one of the burning buildings.

The fire was started by the explosion of a can of gasoline in a theatrical costume store and spread rapidly to the whole row of temporary buildings that line Van Ness avenue on the east side of the street between Post and Geary streets.

Mrs. Nellie Jahn, sister-in-law of Mrs. A. Jahn, proprietor of a costume house, and Miss Tillie Meyer, a seamstress, were marooned on the upper floor of the Jahn establishment and would have perished had not firemen rushed out of the danger just before the building collapsed.

The fire threatened the Emporium street and for several hours the fire department store just across the street and for several hours the firemen had hard work to keep the flames from jumping across the wide avenue, so high was the wind
